

Can I tell you about Gender Diversity?: A guide for friends, family and professionals By CJ Atkinson I am so pleased the government is starting to embrace diversity and that kids are being taught CJ Atkinson I'm a trainee teacher in a school that has had in the past transgender pupils and I'm going to focus on this area for my next PGCE essay so when I saw this book recommended for educational professionals (linked from a very good online article) I decided to buy it to get CJ Atkinson Women who like women are lesbians no they are women who like women there's a lot X rated stuff to it than that! You see I have a different gender identity than I was assigned at birth. I was very pleased to see how it covered a range to topics separated out gender identity from toy/clothing preferences and included non binary CJ Atkinson This small rather non academic approach to the sex education of our children is disturbing. The book seeks to sexualise all children at an early CJ Atkinson

Can I tell you about Gender Diversity?: A guide for friends family and professionals : CJ Atkinson: : Books Can I tell you about Gender Diversity?: A guide for friends family and professionals This wonderful little book seemed to upset certain sectors of the tabloid media to the extent that they were outraged even before it was published. We meet Kit who is just 12 CJ Atkinson very good info thanks CJ Atkinson A great start!!! I'm aware that some of the language isn't perfect but overall it was easy for my kids (10 and 12) to understand.

. no they were sexed as female at birth because they had girl private CJ Atkinson.

This is not for anyone who cares about children, We have no idea what health implications and scandals are about to blow up because of this, CJ Atkinson As a person who works in this field and is aware of the lack of resources I was excited to hear about the release of this book. I am shocked that the department of education would support and even recommend this books inclusion in the school curriculum. It is aimed at teachers and parents and others that work with children[1]

And provided us with some great talking points. Sex transition medication is untested and unproven long term. I really cannot see why
