Watching from the Dark: The gripping new crime thriller from the Richard and Judy bestselling author eBook : Lodge Gytha: : Kindle Store Watching from the Dark: The gripping new crime thriller from the Richard and Judy bestselling author eBook : Lodge Gytha Sort of kind of started off well but that's about it. Plenty of other books to read whilst I wait for the Gytha Lodge The conclusion turned out to be a little bit of a predictable cliché but the story overall was very cleverly written. As with She Lies in Wait this is a great crime book interweaving the crime in this case a murder potentially witnessed by the victims boyfriend over Skype with the stories of the police involved in solving it. Quite a lot of twist and turns a good read and buy Gytha Lodge Just lately haven't found many books I've particularly liked then discovered Gytha Lodge an author I'd not come across before and have now read two of hers. Went to try book 3 but stupidly expensive on Kindle for a so-so author. There is a bit of 'play by play' in the text throughout that doesn't seem necessary as far as Gytha Lodge A second book in the Jonah Shields trilogy, A gripping read Gytha Lodge Brilliant book story kept you guessing who killed Zoe. Gytha Lodge Kept me wondering who the killer was the whole time had great suspense. I liked how the author slowly revealed what happened with the flashbacks from Zoe's point of view: Gytha Lodge A well constructed novel with a strong cast and a storyline that keeps the reader engaged throughout: I understand that this is the second in a series but that in no way caused problems for me. On the contrary it's persuaded me to go back and read the first as soon as I Gytha Lodge This is certainly as good as the first Jonas Sheen book: I did not work out who the killer was before it was clear, Enough information about the characters to make them real but not so much that it interferes with the story: My only complaint is that I wish they would Gytha Lodge Very much enjoyed this book an involving plot well drawn characters and a good sense of atmosphere: Auflösung des Plots etwas überraschend aber nicht ganz logisch: Aber wer möchte schon immer Logik im Krimi? Gytha Lodge

. Still no character development or believable clues. And the lack of genuine emotion grates. The red herrings the execution of the murder itself etc. I'm impressed with her well worth a read. Will look for books by this author. Thank you. Gytha Lodge Spannende Erzählung mit einigen Längen
