Funny and STEAMY! So darn good.pretty perfect. How people can relate to things said and believe them. How much words can hurt. How being judged for physical appearance is so ridiculous. All things brought to the forefront in this story.Our hero is the best. This was sweet talented and hot.Steam was 2.Which I do faster than he can say Just friends.That's just Tucker.Before I know it he's my best friend.And completely off limits.Because Tucker would be fine.But I'd end up in Trouble with the Guy Next Door. Made me love Kennedy and this book even .Tucker and Kennedy are the "it couple". This is book one in the Rock Bottom series. I love Tucker! I was hooked from the first page. This was a quick sweet sexy and funny read. When I woke up this morning I had to keep reading. I read while I ate breakfast too and that rarely happen.It was like being among my best friends. It felt real and Im lost for words
