

The Big Fat Activity Book for Pregnant People : Reid, Jordan, Williams, Erin By Jordan Reid She has taken to going to bed the same time as her youngsters to fill out a new page in this book! It is genuinely the thing she looks forward to in an evening before getting her 'I'm growing another human' type sleeps. I read some of it quickly and thought I would laugh at it and she does too. She said it was the best pregnancy/baby shower present she got! Thank you for making me seem the best! ☐ The Big Fat Activity Book for Pregnant People : Reid.

The Big Fat Activity Book for Pregnant People : Reid Jordan Williams Erin I bought this for my wife at the start of her pregnancy in a view to give it as a present later on but after reading some of it myself I gave it to her straight away. If you're giving this book as a gift make sure your intended recipient has a good sense of humour as some of the comments as funny as they are may not be taken well but you'll see this from the page extracts.

Erin I bought this for my friend going through her second pregnancy: After remembering how much easier the first seemed when you don't already have another child I got her this to cheer her at her

baby shower. Part diary.

This was awesome! Suited my humour perfectly and I had a great time filling it out, I sadly lost the baby I was pregnant with at the time I used this book and it now serves as a great memory: The Big Fat Activity Book for Pregnant People : Reid Jordan Williams Erin J'ai trouvé ce livre distrayant mais pas hilarant comme j'avais pu le lire dans les commentaires d', Il y a certes de quoi s'occuper un peu mais pas de quoi s'amuser des heures, The Big Fat Activity Book for Pregnant People : Reid Jordan Williams Erin I bought this for my buddy after she'd spent years going through IVF and finally she got pregnant. She absolutely loves it! After glamorising pregnancy to herself she got quite fed up when she got pregnant and felt so rough from it, She said this book helps with that because it demonstrates how most people find pregnancy wonderful but equally as nightmarish, I'd have loved it when I was pregnant with my two as well: There's some great content to this book and some of the activity sections are brilliant to use for momentos as you go along like the first date of your baby kicking etc: The Big Fat Activity Book for Pregnant People : Reid Jordan Williams Erin
