

Ett oväntat fel har inträffat. By Jayne Wallace **Ett oväntat fel har inträffat. epub** :) Oh and as for the 'specially commissioned' card? It's a blue inky splodge that can't have taken longer than a few seconds to complete and is therefore only valuable for the name attached to it. **Ett oväntat fel har inträffat. pdf editor** References to some of the key characters in Nordic myths include a mischievous squirrel called Ratatoskr who would run up and down the Tree of Life stirring up trouble between the eagle on top and the serpent at the bottom. **Ett oväntat fel har inträffat. ebooks free** The deck also includes a book giving detailed information about each card along with key words an inspirational message and interesting Nordic legends (many believe the Northern Lights were the souls of lost soldiers). **Ett oväntat fel har inträffat. bookkeeping** A good deck to start with if you are new as it is a natural rendition of the Rider Decks if you follow the seasons like this gal does I am completely happy with my purchase and will wear out this deck for sure. **Ett oväntat fel har inträffat. booking** As an addendum to my original review ::I find that most of the ones griping about the pips just wanted artwork and did not really care that the cards actually work quite well and are simple to read:

So ☐☐ You can see a full flip through of this deck on my YT channel English Absolutely love the artwork. **Ett oväntat fel har inträffat. epub** Was looking for a happy winter deck since my birthday is in January. **Ett oväntat fel har inträffat. pdf** I wish the card stock was slightly thicker otherwise I do love the color palette. **Ett oväntat fel har inträffat. epub** It does not bother me how the pips are arranged although I was expecting this from the other decks by this author. **Ett oväntat fel har inträffat. bookkeeping** English I pre ordered this deck and had been greatly looking forward to them as the art I'd seen was lovely: **Ett oväntat fel har inträffat. pdf** I was very disappointed to discover that the number cards are not illustrated which.

Very lazy and poorly written. **Ett oväntat fel har inträffat. epub** Each card has a key word and many of those words are terrible summaries of the card's energy. **Ett oväntat fel har inträffat. epub** Also several key words are duplicated on different cards again lazy and not well thought out. **Ett oväntat fel har inträffat. booking** Huge missed opportunity on the part of the creator and a massive disappointment, **Ett oväntat fel har inträffat. booking** English I pre ordered this deck and was counting the days and couldn't wait for it to arrive, **Ett oväntat fel har inträffat. ebooks free** The guide book is in colour and has 64 pages so a nice size with basic meanings and six spreads: **Ett oväntat fel har inträffat. ebook** I wasn't aware of that as I couldn't find any images of the deck before I ordered it: **Ett oväntat fel har inträffat. pdf merger** English Inspired by old Nordic myths and folklore.

So I have mixed feelings, **Ett oväntat fel har inträffat. pdf** For one I hate the box; so hard to open and the overall design of the package turns me off: **Ett oväntat fel har inträffat. epub** I also don't like the fact that the MINOR ARCANA only has images for the face cards, **Ett oväntat fel har inträffat. pdf converter** The pastels are deep and vibrant; and the magic of the Northern Lights I felt have been captured in this deck, **Ett oväntat fel har inträffat. booking** AND I DO LOVE the fact that each card has a second meaning printed at the bottom: **Ett oväntat fel har inträffat. pdf merger** BUT the cardstock is also really thin sadly makes the deck useless to me: **Ett oväntat fel har inträffat. ebook** I myself need the pictures as a spur towards inspired readings, **Ett oväntat fel har inträffat. pdf** This is especially true when like me you have a lot of decks as the Minor Arcana definitions can vary considerably between decks, **Ett oväntat fel har**

inträffat. booker To be fair the cards all have a single word definition written on all of them but that is flat and left brain compared to a good illustration, **Ett oväntat fel har inträffat. booking** The deck is cheap (at least at pre order price) but not cheaply made and the Major Arcana and court cards are just as lovely as I'd hoped, **Ett oväntat fel har inträffat. booking** So those who don't care about having a fully illustrated deck might still find this a worthy deck to own, **Ett oväntat fel har inträffat. pdf editor** It also seems to have the same meaning as the Six of Pentacles so I have to wonder what the point of it is: **Ett oväntat fel har inträffat. ebook** English If you want a deck that encompasses the rich Nordic mythologies and traditions this is not it: **Ett oväntat fel har inträffat. pdf merger** Considering this is a pip deck the creator failed at the opportunity to spend time on the book and the Nordic symbolism, **Ett oväntat fel har inträffat. pdf editor** The book barely touches on mythology this beautiful deck featuring a specially commissioned card by Tracey Emin offers a new and powerful insight into the meanings of each card: **Ett oväntat fel har inträffat. pdf** Filled with symbolic imagery it takes the reader on an empowering journey filled with magical possibilities, **Ett oväntat fel har inträffat. bookkeeping** From images of symbolic animals (like wolves and bears) to depictions of the Northern Lights and Nordic Tree of Life The Magical Nordic Tarot is filled with powerful imagery. **Ett oväntat fel har inträffat. epub file** There are references to the Nordic Gods and Goddesses including Odin and Freya and images of key Nordic symbols such as the Nordic compass and Rune stones: **Ett oväntat fel har inträffat. pdf merger** Felt attuned with them as soon as they came out of the box, **Ett oväntat fel har inträffat. epubublishing** Also I don't know why people are whining about the way the minor arcana cards are done: **Ett oväntat fel har inträffat. epub.pub** I'm an avid Tarot collector and these are hands down my fave deck, **Ett oväntat fel har inträffat. pdf converter** Now to keep it honest these were my only complaints: Box design is bad: **Ett oväntat fel har inträffat. pdfescape** I will be making a bag for these myself because the box is useless to me. **Ett oväntat fel har inträffat. bookkeeping** I suggest purchasing a bag for these when you purchase them or if your crafty plan on making one, **Ett oväntat fel har inträffat. booking** None of these issues were a big enough deal to me to even remove a star: **Ett oväntat fel har inträffat. booker** Bottom line if your drawn to these buy them! You won't regret it, **Ett oväntat fel har inträffat. booking** English The book is much larger than the deck which means the deck requires an awkward paperboard insert to have a secure place to sit inside the oversized box, **Ett oväntat fel har inträffat. pdf editor** Biggest issue Most of the cards are also very plain with each suit lacking any character/scenery art on the numbered cards: **Ett oväntat fel har inträffat. pdf** And finally they are very thin and plasticity/glossy which I find difficult to shuffle: **Ett oväntat fel har inträffat. booker** English They are beautiful and they shuffle well without too many jumpers: **Ett oväntat fel har inträffat. epub.pub** The sentiment behind the cards is on target and is logical and intuitive. **Ett oväntat fel har inträffat. ebookers** Nice combination of beauty and grace in the card images and feels like it talks right out of the box. **Ett oväntat fel har inträffat. epub air** I am really surprised that so many wrote bad reviews shows how spoiled most people are these days: **Ett oväntat fel har inträffat. epub.pub** English I love the glossy slick texture and that the cards are lightweight, **Ett oväntat fel har inträffat. pdf24** Shuffling them is a breeze! The artwork and colors are gorgeous even on the minor suits, **Ett oväntat fel har inträffat. kindle** I expected the minor suits to have basic imagery but that's because I am familiar with her other decks as well, **Ett oväntat fel har inträffat. pdf converter** The only 2 things I dont like: the package is awkward and a pain to store the book and cards in, **Ett oväntat fel har inträffat. pdfescape** And the sides/edges of the cards are rough should've had a finish over them to avoid the tearing that mine are already enduring just from regular shuffling. This def fits the bill. I would definitely recommend it to anyone drawn to it. The title of this deck is misleading. You will not receive a well done Nordic deck. Buyer beware. I just received it. The price was good. The card stock is great. Easy to shuffle. The Major Arcana and court card images are ok. But the Minor Arcana are just pip cards. Which let's the deck down for me. However despite the annoying packaging the cards ARE lovely. I've always liked that. The people I read for like to see pictures. Not everyone has my issues. Ett oväntat fel har inträffat.

These are amazing. Beautiful colors and nice gloss to the cards. They read well book has great descriptions. These have amazing energy and were so dead on. Art work on these babies is amazing. They have cue words. seriously. Yes they're simple but pretty. And probably my most affordable deck as well. Edges of the cards are a bit rough. Not terrible but not ideal. English I had such high hopes. I had hoped for something steeped in Nordic folk lore. This is not it. There are a few allusions to Nordic heritage. The minor arcana cards are just pips. This could have been so much but it just isn't. I stand by my original words for the deck. English.
