It's illustrations not pictures, **Book Animals Visual encyclopedia britannica** Plenty of good images to save googling and printing umpteen bits of paper. **Kindle Animals Visual encyclopedia britannica** English We picked this book up from a clearance stand in the foyer of our local book store: **EPub Animals Visual encyclopedia** The drawings are excellent and there are TONS of interesting facts: **Animals Visual Encyclopedia booklet** It offers basic information about each animal it contains but just by skimming through the book there are a few errors that I noticed: **EPub Animals Visual encyclopedia** If you happen to buy this book be aware that some of the information in this book is wrong: **EPub Animals Visual encyclopedia** For example in the rabbits and hairs section they use the same picture for a Riverine Rabbit and a Northern Viscacha: **Animals Visual Encyclopedia kindle books** English My 21 month old son loves flipping through the pages of this book and naming as many animals as he can: **World-war-i Animals Visual encyclopedia definition** As he grows we will begin learning about each one with the fun and informative details listed. Rather limited in info. English An excellent book for drawing exercises. Pleased. English Love this encyclopedia! My daughters love it to. Nice pictures very child friendly. This is one of our favourite books. It's the one book I'm constantly picking up. I find it in every room including the bathroom. It's been dog eared and patched and well loved. English This book is beautiful with wonderful illustrations. There are spelling errors as well through out the book. English No it is not the book shown in the photo. Photo is second edition but first edition showed up. English.
