Sin duda vale la pena. The Art of Doom: Eternal Beautiful imagery and interesting chunks of lore elegantly bonded together in a hardback book (roughly A4 sized) for £20 this is a must for any Doom fan regardless of age. I bought it because I have been a fan since the mega drive 32x final doom (1993 I think!) I only bought it to skim through but I found myself an hour later studying every inch of each page looking at the detailed images noticing tiny details you wouldn't see playing the game. The Art of Doom: Eternal Qué se puede decir.
