William: BooksI just started working in leather goods and this book has been very helpful, **Epublishing** I've seen some videos where they skim over information where this book does not and shows the whole process. **Zelle** Elizabeth Letcavage Prior to reading this book my knowledge of leathercraft was just as I did as a Boy Scout so basically non existent, **Pdf drive** I'll be able to go back and check my progress against the high quality photos as well, **Sag awards 2024 winners** Elizabeth Letcavage This is an excellent beginner and intermediate book on leathercrafting, **Yahoo finance** I only have one disagreement with one of the sections (see below). **Max** It is a glossy 8 1/2 x 11 book with very clear color photos of everything: **Onedrive** Elizabeth Letcavage I borrowed this from the library renewed once said heck with and bought to add to my library: **Yandex** The thing that I love best about this is the clear photos with very very good details: **Peacock** As a photographer I can assure you the person taking the photos knew his craft: **Pdfescape** It's Elizabeth Letcavage I've had experience tooling leather but not in a lot of years. **Zelle** Recently my son took up an interest in it so I pulled out all my old books and tools. Very useful. Then I got this book (Kindle edition)
