There is an absolute deluge of 50 Shades parodies doing the rounds on ~ all trying to cash in on the best selling series for women that has recently gained both publicity and notoriety and has even had its own genre created for it having been largely described as Mummy Porn! 50 Shades Of Alice is just one of these many parodies and attempts to combine the erotica of 50 Shades with Lewis Carroll's most famous and iconic novel with hilarious (yet smutty) results. But to reduce this simply to its lowest common denominator is to do this book a misjustice and it is much more than just another example of what many people have come to class as the acceptable face of pornography! This is also a very clever parody that works well as both a homage and simultaneously a mickey take of a modern classic that could never be accused of taking itself too seriously in the first place! I would like to think that Lewis Carroll would be pleased by this and if a little bit of something naughty is what you are after (and an antidote to the original 50 Shades) then this is definitely for you! Her boyfriend is nice and polite but he's also quick and careless in bed Kinky Secrets of Alice in Wonderland (The Kinky Secrets Of Alice Series Book 1) Kindle edition by DuChamp Melinda. This Fifty Shades is a modernized parody that has nothing to do with tortured billionaires and their implausibly virginal Kinky Secrets of Alice in Wonderland (The Kinky Secrets Of Alice Series Book 1) Kindle edition by DuChamp Melinda. and I DO mean everything! The first in a new trilogy 50 Shades Of Alice is an erotic masterpiece! As well as being very very funny (and almost satirical in places) the book is also extremely sexually charged and certainly NOT for the faint hearted or prude amongst you! Featuring scenes of a highly sexual and pornographic nature Alice is all about one girl's sexual awakening and is best described as downright blatant smut and filth with a bit of humour thrown in for good measure! Whilst not my usual choice of genre it is very very good and extremely well written and surprisingly much better than one might expect it to be. I'm sure there are some who found it worthy of being called smut however I just saw it as funny! Kinky Secrets of Alice in Wonderland (The Kinky Secrets Of Alice Series Book 1) Kindle edition by DuChamp Melinda, Her boyfriend Lewis is awful in bed and continually fails to even come close to satisfying her and he knows it. And so he buys her a Rabbit vibrator and gives it to her (easy now) over a quiet picnic lunch: After another brief and unsatisfying liaison.

In places it did. I'll agree the title annoyingly plays on the popularity of That Despised Book. That alone almost made me pass this one by but I'm glad I didn't, It felt like the author was trying too hard to grab attention quick and in doing so made it hard to get in to, Kinky Secrets of Alice in Wonderland (The Kinky Secrets Of Alice Series Book 1) Kindle edition by DuChamp Melinda: Ich hatte das Glück den Roman noch am letzten Tag kostenlos zu ergattern aber ich denke das Geld würde ich auch im Nachhinein noch hinlegen. Die Autorin schreibt einen flüssigen schön zu lesenden Stil und transportiert das Alice Thema in höchst unterhaltsame erwachsene Gefilde: Bei allem spielt ein leichtes Augenzwinkern mit bei dem man sich als Leser selbst ertappt fühlt die unanständige Fassung eines Märchens zu lesen, Die Szenen selbst sind deutlich kommen aber tatsächlich ohne allzu derbe Sprache aus. Sehr schön hat mir gefallen! : ) Kinky Secrets of Alice in Wonderland (The Kinky Secrets Of Alice Series Book 1) Kindle edition by DuChamp Melinda: Right about now Lewis pulls his usual trick and falls asleep. Alice initially appalled at her new gift now curiously pulls it out to take a look, At which point it switches itself on and falls down a hole in the ground, Distraught Alice follows after it and soon finds herself in a strange and peculiar world that is as obsessed with sex as it is with teaching Alice everything it knows: Did it turn me on?
