Which leads to a compelling and addictive page turner. Willow leaves her husband after finding him cheating. Leo Solovev. I will certainly be looking for part 2 of this story. You were guessing everything (which was right). even why Willow's jet black hair kept getting mentioned. Can't say this was a contemporary romance. One dominant man and his doormat[]. The characters are the right amount mean and loveable. It just gets better and better. Going to dive into book 2 now. Can't wait. An amazing story that ended on a real cliffhanger. A fantastic story
