: **Color firebrick** I first saw this book in Shutters of Santa Monica and stayed awake reading it. **Colorfire solaris** Since I am a studio arts major this helps greatly in sourcing as references for research projects. **Color and fireking file** After receiving it did I realize it is as exclusively west coast in focus. A real inspiration to artists and ceramicists. Simply had to buy it. My copy was in saran pristine. I'm delighted to have found it. Famous names reviewed. A bit inspirational. It's totally worth it. Like having a part of the museum at home
