

The Andy Warhol Diaries By Andy Warhol **Andy warhol diaries documentary** Spanning the mid 1970s until just a few days before his death in 1987 THE ANDY WARHOL DIARIES is a compendium of the than twenty thousand pages of the artist's diary that he dictated daily to Pat Hackett. **The Andy Warhol Diaries kindle** He hangs out with everybody Jackie O (thinks she's so grand she doesn't even owe it to the public to have another great marriage to somebody big) Yoko Ono (We dialed F U C K Y O U and L O V E Y O U to see what happened we had so much fun) and Princess Marina of I guess Greece along with art world rock stars Jean Michel Basquiat Francis Bacon Salvador Dali and Keith Haring. **The andy warhol diaries torrent** His observations about people were uncanny and he was like a prophet in many ways even at one point predicting his own death! He knew things about people that they probably didn't know about themselves. **The andy warhol diaries torrent** For instance his glib comment after the death of Elvis Presley in 1977 They're saying that the article Caroline Kennedy did on the Elvis funeral for Rolling Stone made fun of the local people but I can understand that Caroline's really intelligent and the people down there really were dumb. **Andy warhol diaries documentary** Elvis never knew there were interesting people [8 30 77] honing in on exactly what killed Elvis! Or when he mentioned Michael Jackson's penchant for young boys and that was 1984! His diaries are so revealing and so easy to read and he really makes us understand all the modes of the counterculture that revolved around his life the music the artists the movie stars and how self absorbed they all were. **The andy warhol diaries edited by pat hackett** Although Andy was obviously anorexic and somewhat alcoholic (he hated to drink yet it seemed he drank almost every day) he was constantly trying to improve himself and he wrestled with his physical self and all his insecurities every day of his life. **Andy warhol diaries documentary** And he was insecure about his looks yet managed to start a modeling career in his early '50s! He was such a 'cat'! There was a party at the Statue of Liberty but I'd already read publicity of me going to it so I felt it was done already. **The andy warhol diaries torrent** His diaries are a sensual feast; he lived life to its fullest and was able to describe all the flavors of the food and drink the odors and scents of people and places in such a way that the reader feels as though he/she is reliving it all. **Andy warhol diaries documentary** He got up every day and went to work like it was a nine to five job went to church every Sunday and stayed in tune with all that was going on in the world around him,
