Lisa Kleypas is back with a stunning new historical romance! Readers have long waited for the return of New York Times bestselling author Lisa Kleypas to historical romance—and now she's back with her most breathtaking yet. As Kathleen finds herself yielding to his skillfully erotic seduction only one question remains: Can she keep from surrendering her heart to the most dangerous man she's ever known? Cold-Hearted Rake: The Ravenels Book 1 (English Edition) eBook : Kleypas Lisa  
Cold Hearted Rake é o primeiro livro da série The Ravenels. A trama traz um diversificado mix de romance ação com uma boa dose de humor graças as gêmeas Pandora e Cassandra porém talvez o aspecto mais encantador deste romance esteja no desenvolvimento dos diversos relacionamentos dentro do núcleo familiar Ravenel. Se a história peca por algumas vezes deixar em segundo plano o romance entre o casal de protagonistas por outro Lisa Kleypas mostra todo o seu talento ao detalhar a dinâmica dentro do núcleo familiar dos Ravenel. Com maestria e riqueza de detalhes a autora tece a história da improvável família Ravenel: 3 jovens irmãs órfãs que foram negligenciadas pelos pais emocionalmente ausentes 1 cunhada recentemente viúva e os 2 primos distantes que de repente se veem às voltas com as responsabilidades de assumirem o comando da família. Belos momentos em que a autora começa a arquitetar o arcabouço da família de um grupo de parentes distantes sem qualquer afinidade a um grupo familiar coeso afetuoso e solidário. His stupid cousin had to get his neck broke when he fell off a horse drunk who is always with him and the Earl has the right to do that she will have to find a small place for them to live,

Poche Devon Ravenel has just inherited an earldom following the death of his cousin Theo: On arriving at Eversby Priory (the ancestral family home) he discovers Theo's widow Kathleen. Both Devon and Kathleen have had difficult family backgrounds with parents that were at best distant or incapable of showing affection, In Devon's case this has resulted in his believing himself unlovable and thus appearing the Cold Hearted Rake of the title. Gradually each discovers that they are capable of love and affection. I really enjoyed this story which is the first in Lisa's new series set in the later part of Queen Victoria's reign: I am looking forward to seeing how each of the various family members find their own HEA's, Format Kindle.

And that left the title to come to him: Kathleen was married to his cousin for 3 days when he died. Left her a very young widow and responsible for his three sisters. Raised only in the country they are used to running wild and doing pretty much as they please, This story is so good as Devon totally changes who he is: His brother.

Has a great wit and he brings a lot of laughter to the story: Considering her parents sent her to England to be raised by friends when she was only 5: The maid let her know if she didn't stop crying she would leave her and she would really be alone. Then she was raised by two people that filled her head with stupid beliefs, Then she is to be married off to a drunk that she barely knows: He dies and she is now responsible for his sisters with barely enough money to support them: Her father tells her not to return home and to find her own way: If they are turned out of the only home they have ever known.

Lisa Kleypas est une écrivaine de romans d'amour américaine née en 1964, Elle commence à écrire ses propres romans pendant les vacances d'été entre ses études de sciences politiques et publie son premier roman à l'âge de 21 ans, En octobre 1998 la maison de Lisa Kleypas au Texas est inondée après des pluies torrentielles. Après l'inondation elle achète un roman d'amour pour oublier le stress:

C'est le déclic pour Lisa Kleypas elle décide dès lors de se spécialiser dans le genre, Lisa Kleypas réside toujours au Texas avec son mari et ses deux enfants, Devon Ravenel London's most wickedly charming rake has just inherited an earldom, But his powerful new rank in society comes with unwanted responsibilities . His estate is saddled with debt and the late earl's three innocent sisters are still occupying the house . along with Kathleen Lady Trenear a beautiful young widow whose sharp wit and determination are a match for Devon's own. Kathleen knows better than to trust a ruthless scoundrel like Devon. But the fiery attraction between them is impossible to deny—and from the first moment Devon holds her in his arms he vows to do whatever it takes to possess her. O ponto central é a bela história de amor entre Devon e Kathleen porém este romance vai muito além. Praticamente estranhos que aos poucos passam a formar uma verdadeira família, Este belo romance pode ser lido stand alone porém a obra termina no que pode ser considerado um semi “cliffhanger”: Assim a resolução de alguns conflitos pendentes se dá em *Marrying Winterborne* o livro 2 da série, Diversão garantida num romance doce sexy e com a dose certa de ação e conflito. It is quite sexy at times so if that is an issue better pass on this one, All that being said and since I am reviewer 1000+ I doubt this one will ever be read, BUT I am so in love with this story that there is no way I could not write and say how much I loved it: I don't think ANYONE can write a historical novel as good as Ms, Then again the way some of the live it would never suit!! Course I probably would have been a kitchen maid so The time period is 1875 November, Devon 28 a rake of the highest order has just inherited a dukedom that he never in a million years wanted. He is now an Earl and he has inherited many things one the ancestral home of the Revenel's: The previous Earl's have been interested in having a good time at gaming halls etc, They have no money to give them a season and most decent men eligible to marry want a wife with money. Kleypas has woven all this into a very good story and a touching and sexy love story. I have never read a book of hers that I did not want to give it a 10: As to the low star reviews I don't think they understand the period and what life was like for a woman, Could not own property had no say in anything was suppose to sit and sew and play the piano: I thought this was a great story and I HIGHLY recommend it. I am a reader and this is my opinion nothing nothing less. He plans to just sell everything and keep the title. She is barely older than the oldest Helen. And then the 19 year old twins. But not Helen. She is the quiet sensible one. The one that looks after her mother's orchid collection. Kathleen and Devon butt heads from the very first encounter. He is overbearing and she comes right back at him. Not to mention Hamlet. One reviewer said they hated Kathleen. I really don't see how they could. They put her on a boat with a nanny and left her. She never saw her parents again. She has not had it easy. Elle et sa famille ont tout perdu. A twist of fate . and than a few surprises. A clash of wills . Cold Hearted Rake leva 5 estrelas apesar das pequenas falhas. Format Kindle 000 € Broché Poche Love it. Kleypas. God I love her books. It makes me want to live during that time period. Hampshire England. Most what he has inherited is a bucket load of debt. The home is tumbling down around their feet. than looking after their properties. Plus he has no idea how to be an Earl. He wasn't raised to inherit. Advantageous marriages is out of the question for the girls. Things do not look good. But as always Ms. I loved it as always. No life really. It is easy to understand how some would rebel. I was not paid for this review. I am not a writer nor do I know one. I am not kin to this author. 1/28/2021 Format Kindle 000 € Broché Poche
