

Child-Size Masterpieces for Step Four for Mommy, Its a Renoir: Names of Artists By Aline D. Wolf

Step 4 is for learning the names of famous artists: I was disappointed in this book however because
it was simple matching similar to step 1 in this series: two copies of the same picture for each pair: I
envisioned that it would include two to four works by the same artist similar to step 3: Child-Size
Masterpieces for Step Four for Mommy Its a Renoir: Names of Artists Wirklich sehr schöne Karten
und aus stabilem Karton, This volume contains 16 pairs of identical paintings and 16 name cards.
One of each pair is identified and the other is to be matched with a separate name card, The reverse
side of each reproduction features descriptive information about the painting and a brief biography
of the artist: Recommended by Laura Berquist Syllabus Grade 3 Laura Berquist Syllabus Grade
