

Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) By Shain Rose

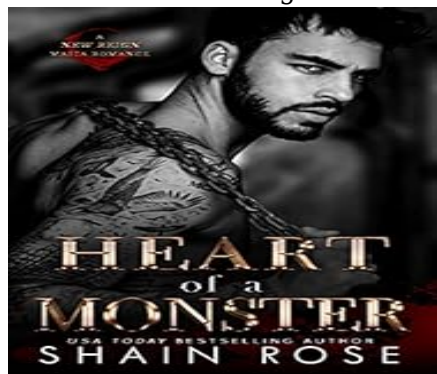

Anyone else wondering what's in Bastion's closet? © Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) What a load of trash! Worst thing I've ever read. Why is Kate not on a pedestal? She's so infatuated with herself and too selfish for her to be up there that's why! She believes every man wants her? No wonder she doesn't have friends! The arrogance of her. This book will hold you captive from beginning to end!!! AMAZING!!!! Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) *Received and ARC from the author. Katie and Rome are two onions with a depth of layers that will stir you mad with angst bring you to the edge to an uncomfortable sadness and then crush every idea you had of them to start over. Cheering for Rome and Katie aka Cleo loved the interracial twist independent woman who is also a very determined one and she will find out what she needs to move forward. He is a powerful influence on the people around him and deep down he knows who he wants but the question is does she still want him? The story kept my attention the whole way through and I couldn't turn the pages fast enough. Katie and Rome were seriously hot together and the chemistry that they both have is so strong and Katie brings out the softer side in Rome something nobody else can do I love that about them. This is such a great read that it should go straight into production @netflix! ☐☐☐☐☐☐☐☐ Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) This book. ☐☐☐☐ Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) This is my first book by Shain Rose and let me just say that it definitely won't be my last! Heart of a Monster is everything I want in a dark mafia story. This is a must read!! Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) Okay so yea this was my first read from Shain Rose and it was one hell of a ride and did not disappoint. I can't wait for the next one because like I said at the start HOLY ENDINGS BATMAN was this one just a straight up doozie! Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) AN TOP 50 BESTSELLER They said to be careful of the monster but they didn't know he was the one who saved me. Can't blame the characters though they are a figment of the writer's imagination after all: Words missing and some scenes are carbon copies of earlier ones. Copy and paste does work! Will not continue with this series or this author: Couldn't care less if the main character gets hit by a bus walking out the building: Good riddance Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) This book managed to surprise me, One girl's struggle became a woman's struggle and her conflict was familiar: overcoming grief.

Wished there were storylines like that. Well done Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) This book is an absolute epic read and I enjoyed every single word of it: This author really knocked it out the park and once I started reading it I couldn't stop: This book is a dark romance/ mafia book and these characters will have you gripped. Katie is a woman that knows what she wants and how to get it. She has had to go through so much to survive a lot of crap and come out the other end only to be thrown a load by the people she thought she could trust, She is a fierce.

We die" gahhhhhh all the feels!! If you love a dark romance with ALL THE THINGS then you seriously need to pick this bad boy up ASAP...: Be prepared though for that cliffy that left me with my WTH just happened face and had me wanting to throw my kindle at the wall. Holy endings Batman!!! Okay I loved the Stonewood series so much. And almost from the get home Rome and Katie intrigued me so much: So when I heard they were getting a book plus Bastien was going to be there.

I devoured this book in one sitting, Haunting hypnotic and kept me holding my breathe or swooning in awe chapter after chapter. Finally a female lead that doesn't need a hero! She's going to have them bend at the knee to her command, Rome I couldn't help but see Rome as the Mark Antony to her Cleopatra and fell into his homicidal brooding tendencies like a moth to a flame: But um

surviving abuse trying to thrive in a man's world while always being overlooked: I can only hope Katalina rises above the lies and pain to wield the power she has always held: Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1) Words fail me this was a gripping storyline, First read from this author an I'm eagerly waiting for the sequel. Rome is ' the monster' everyone is scared of he is also the enforcer in the mafia. I love how this author has written these character and how much I was rooting for them to get out together. I loved how this story flows and the dark and gritty side to the mafia that this author brought to it. This story does end on a cliff hanger and will leave you drooling for the next book which I can not wait to read. Heart of a Monster: A New Reign Mafia Romance (New Reign Mafia Duet Book 1)

I found out about this book on Tiktok & holy **** is it great, This author writes with an economy of words which is a rare pleasure, Her characters sing through their actions and not an over abundance of inane conversation: This FMC Katalina is completely hard core in terms of personal strength and determination despite her horrible childhood and uncertain place in her world, A pleasing mafia genre that's not written in a tropey way but instead highlights the underlying belief of the "family" taking precedence over personal feelings. Katalina gets that than anyone in this story and realizes that only she can determine her worth and direction, She doesn't need a savior despite the fact that Rome is not only the underboss and family enforcer but completely in love with her. I still need to process everything but this book! I love books that make me think. Not only are the MCs and supporting characters development superb but the plot if full of suspense: The underlying themes and plots make you want to cry at how unfair the h's life has been but she turns into a total badass our modern day Cleopatra. The hero is broody and imperfect and obsessed with our h. I'm not going to go into any so I don't spoil it but it's better than good it's amazing. It's a cliffhanger... beware but it's worth the wait for the duet: The tension the angst the fire had me on edge and I craved with each page: Rome and Katalina have this spark around them from the beginning and it never goes away, Rome is strong and bull headed and tries to stay away but he can't because he's tethered to her. Katalina endured a lot through her years and she proves time and time again she can handle her own. I love that she's not one to ever back down and she's not just all talk. The dynamic of these is gripped my soul and I needed , I will definitely be going back and reading all of her work. Katie is a complete baddie she is strong independent and purely amazing, Katie grew up in this world and she knows how to take care of herself and she knows how to bring these fierce ruthless killers to their knees. Rome and Katie's chemistry is off the charts and sexy AF: The tension between these two bleeds from the pages as you read their story: This story is rough raw and dirty and is everything a Mafia story should be: Seriously the strength that Katie has is something I don't think I could have ever imagined: I'm so unbelievably grateful I was able to be apart of this ARC team. If you're looking for a book that has grit mafia dark romance and a whole lot of hot sexy Italian men look no further: This book was so easy to read and enjoyable I had a hard time putting it down, The whole city called him the villain: a troubled man with demons in him clawing to get out, Ever since I worked to earn my place amongst the most powerful men within the mob by collecting intel from rival gangs and families: I sat amongst them and they made me one of their ownAll except him. And he leapt at the opportunity to shove me away by unleashing his viciousness on me. He commanded I leave and convinced himself I was too innocent for them allbut I had nowhere else to

go. So I opened the cage where his demons lived and took the biggest risk of all: I handed my heart to the monster to see if he'd rip it apart. It has 80,000+ words of love, angst, steam, and mafia romance: *Heart of a Monster: A New Reign Mafia Romance* (New Reign Mafia Duet Book 1) by Shain Rose is a USA Today and Top 50 best-selling author. Characters unbelievably stupid. The writing is abysmal. I cannot wait to get my hands on the next book. "I bleed you bleed." Ugh, this stuck to me. This is a mafia story to the core. I can't wait for the next one. The twist at the end was remarkably painful. I mean, make me question everything. This book does. The spice is there and coming in hot. This story has everything you want. (September 9, 2021) Rome and Katie forever. Rome & Katie are seriously everything. "You bleed, we bleed. You die, I was sold!!!" This book did not disappoint. It's dark and sexy and haunting. His job was to ruthlessly take lives for the family. And yet he saved mine. To him, I didn't belong. This was *The Family*. My family now. He was *The Monster*. My monster now. This book is the first in a duet. She writes romance that cuts deep with a little edge..
