

Harry Potter and the Sorcerers Stone (Harry Potter, #1) By J.K. Rowling **Harry potter and the sorcerer's stone book** *clears throat*I think the reason I waited so long to read this series is because I just couldn't imagine myself enjoying reading about an eleven-year-old boy and his adventures at a school of wizardry. **Harry potter and the sorcerer's stone notes** It has talking chess pieces singing hats a giant three-headed dog named Fluffy a hilarious giant with a dragon fetish a master wizard that's just a little bit crazy mail carrier owls goblins running a bank unicorns centaurs(!) trolls . **Harry Potter and the Sorcerers Stone fantasy name** And then there's the lead characters: Hermione the young scholar who starts out prim and up-tight but soon becomes a true friend; Ron the boy who has little money but who has an abundance of family and loyalty to his friends to make up for it; and then there's Harry the boy who starts out sleeping in a closet and ends up being a hero. **Fiction Harry Potter and the Sorcerers stoney** What's not to love? In regards to the ending: I feel silly saying this about a middle grade novel but I didn't suspect Quirrell a bit! If there were hints that he was the true culprit and not Snape I obviously missed them. **Kindle Harry Potter and the Sorcerers stoney** *****My reviews of other titles in this series:Harry Potter and the Chamber of Secrets Fiction Young Adult Fantasy Rereading for the 3rd time for the group read. **Harry Potter and the Sorcerers Stone fantasypros** She wasn't an outcast in school and all the bullying and teasing stopped with the commencement of high school but she had always been a bookworm and has generally preferred the company of her own thoughts. **Harry Potter and the Sorcerers Stone fictionmanai** She had heard of the books before of course since they were a constant presence on the NYT bestsellers list but she had always avoided them thinking of them as children's novels. **Harry potter and the sorcerer's stone ps2** When I was a kid my Mom would take me to the mall and I would spend tons of time hanging out at Waldenbooks (who here remembers Waldenbooks?) Right when I became legally old enough to work I went in and submitted my application and a few weeks later I was selling literature to the masses. **Harry Potter and the Sorcerers Stone fictionmanai** Why do I tell you this story on this review you ask? Well at the time young adult/teen literature consisted mainly of RL Stein Christopher Pike Beverly Cleary Judy Blume and a few other classic Newberry Award winners but certainly we did not have a YA section to the extent you see it today. **Harry potter and the sorcerer's stone cast** Towards the end of my tenure at Waldenbooks - as Oprah's book club was hitting its stride and Men Are From Mars Women Are From Venus was in its bazzillionth week on the New York Times best seller list - a book display arrived featuring a buzzy new title about a certain boy wizard. **Harry Potter and the Sorcerers Stone fiction definition** There was a day when I thought I needed to defend Harry Potter in the midst of the now dead Twilight craze and you can see that below in what was my original review. **Kindle Harry Potter and the Sorcerers stonewall** It is a testament to the power of this series that while various other franchises (Twilight Hunger Games) have surged into popularity and then faded Harry Potter remains unwaveringly strong after nineteen years. **Harry potter and the sorcerer's stone notes** Fiction Young Adult Fantasy Stuck at home?
