Sylvia Day is the #1 New York Times #1 USA Today #1 Sunday Times #1 Globe and Mail #1 Der Spiegel and #1 international bestselling author of over twenty award winning novels including ten New York Times bestsellers and thirteen USA Today bestsellers. **Bared to you a crossfire novel** The bonds of his love transformed me even as I prayed that the torment of our pasts didn't tear us apart
Bared to You (Crossfire #1)
I decided to read Bared To You because it was sold as a well-written version of Fifty Shades of Grey. **Bared to you fantasy review** I have to admit to being puzzled by the choice of age of the characters both in this novel and in 50 Shades until I realized that there is no way the litany of contrived conflicts in the plot would work with even marginally mature grown-ups. **Bared to you book series** Just like 50 Shades the story jerks spasmodically along from emo moment to sex scene to emo moment like pawns doggedly inching their way across a chessboard of adolescent over-reactions. **Bared to you audiobook** Does it remind them to redouble their kegel exercise efforts or do they resign themselves to saving their pennies for a vaginoplasty? Still I'm unsure whether it's the sex that is supposed to get you off or the conspicuous consumption. **Bared to you series order** Had this been a novel about two realistic imperfect damaged souls who struggled to negotiate a sexual and emotional relationship in the wake of those experiences it would have been a very good and very hot novel. **Bared to you books** But sadly this novel has used what might have been a very credible and almost insurmountable internal conflict and commoditized it much like the bodies the wardrobes the interior décor and the characters. **Bared to you blurb** I don't need my fiction strewn with glossy images of super-rich lifestyles impossibly sculpted bodies decorated with brand products or have my fictional mental traumas used to such transparently sensational plot-driven ends. **Bared by you meaning** Plus there's the added bonus of being told very inconsequential details like what color shoes Eva's wearing how many steps she had to climb how often she eats yogurt to keep regular (I'm making up my own but you get the gist). **Bared to you spicy chapters** There is seriously a point where Eva tells the reader how in love she is with New York because it's so different from her hometown of San Diego with all the people and activity and sights and sounds (I'm really not kidding). **Bared to you full book** She calls her ass her rear and that's silly when you're talking about a guy finger banging your fart box but when Gideon jammed his finger into her puckered hole I nearly lost my dinner/sanity/sense of direction. **Bared to you series order** Did I mention he's apparently ramming his semen in there? Oh and this is after she stands up and drips his load all over the floor making Gideon all hot and bothered because apparently lack of adequate hygiene is a major turn on for rich neurotic alpha males. **Bared to you summary** I always get sidetracked when writing reviews like this because all I ever want to

focus on is how funny it all is but maybe you want to hear how the story stacks up how the characterization is how the plot progresses or what the obstacles are. **Bared to you book online** Yes they're both damaged and need each other and he's dark and brooding and she's blonde and angelic and the two of them end up in this mindfuck of a relationship this monumentally codependent clusterfuck of sex and jealousy and petty mind games and when I wasn't laughing I kinda wanted to shoot myself in the face. **Bared to you meaning**)The major similarities: --hero is a young (late 20's) gorgeous brilliant zillionaire business mogul who sports non-stop erections and has sex on the brain 24/7--hero has a controlling and obsessive desire for the heroine including a jealous streak that is off-the-charts--hero has a dark and tortured soul that shapes his very world brought on by years of abuse as a child--hero maintains a platonic relationship with his past sexual partners which drives a major wedge with the heroine--HOT HOT HOT sex scenesThe major differences:--Gideon isn't a predator. **Bared to you full book** --Eva has about 100+ IQ points on Ana and can actually converse in an intelligent conversation without all of the "Whoa!" "Oh My!" and "Gasp!" (To say I like Eva better than Ana is an understatement!) --Gideon isn't into 'period sex'. **Bared to you free download** Eva's past continues to haunt her so the main question is can two damaged souls build a healthy relationship? Beneath all the layers of their relationship I did believe they will find true love and heal as best they can from their past. **Bared to you book read online free** I picked up on many of the subtle details this time that helps to further explain why they are damaged souls and why their turbulent relationship might be the healthiest thing for them. **Bared to you book release date** I know there is a sequel which obviously will explain more of Gideon's character but I just hate finishing an entire book feeling as though I don't know one of the lead characters. **Book bared to you** This book was absolute perfection for me!! It had me swooning drooling and panting over Gideon Cross and had me reading for the better part of it with the world's biggest grin on my face. **Bared to you audiobook free** She chooses to start at the bottom and work her way to the top and gets a job in an advertising agency where she meets the guy who owns the company she works for (and pretty much everything in NYC) Gideon Cross and it's just an instant connection between them. **Bared to you fan art** Gideon Cross is just pure perfection in my eyes! He is tortured passionate controlling but isn't afraid to admit he f*cked up tender possessive gorgeous absolutely and utterly in LOVE with his girl. **Kindle bared to you** Despite both having very messed up pasts and both having their fair share of f*ck ups they worked through everything functional and passionately in a way that deeply warmed my heart. **What comes after bared to you** They both made mistakes but they were understandable mistakes nothing that make me want to throw my Kindle at the wall nothing where I couldn't understand the reaction they had and they always talked everything through after. **Bared to you book read online** Even now as his hands roamed possessively over me I felt a thawing in my soul the desperate relief of being held - finally - by the man who understood and satisfied my deepest but you can tell it's really heart-breaking. **Bared to you crossfire series** ~Cary And did I mention how utterly HOT this book was?? I swear I was fanning myself from the moment they met (which was pretty much right at the beginning) till the very last page. **Bared to you second book** I found this book more deeply emotional than Fifty and I loved Gideon even more than Christian which is saying a lot cuz all of the Fifty books are on my 6 star list. **Bared to you sylvia day free epub download** " ... and gah the library scene!!! *dies* seriously HOTTTTT I just loved seeing these two people from such tortured and broken pasts coming together finding peace in each other making things work... it's a beautiful story!! In the meantime. **Bared to you audiobook** In any romance and sub-genre there are always going to be similarities it can't be helped but the direction the story takes the personality of the characters how they are presented and of course the writing is what makes each of them unique: I loved how neither of them were man-whores or virgins before meeting each other, **Bared to you book series** But it was refreshing and realistic that they had both been in a normal amount of relationships for a couple of mid-twenty year olds. **Bared to you book read online free** Eva's boss Mark and his partner Steven were delightful and fun, **Books like bared to you and beautiful disaster** Her bi-sexual room-mate and best friend Cary was just so lovable. **Bared to you sylvia day audiobook** He was the ultimate big brother character with his own set of problems - I really really hope he gets a HEA, **Suspense bared to you review** He so deserves one!
