There is no doubt that you are going to totally love Reflected In You. **Reflected in you book** We rejoin Gideon and Eva right where we left them at the end of the first book and the story springs into life immediately and takes you on one of the most emotional and exhausting journeys you're ever likely to see in erotic fiction. **Reflected in you dj** 35% into the book and the same drama is on about how Gideon isn't telling Eva anything and how's she's getting pissed and asking him questions and he is still not telling her anything and how he is using sex to get around the questions she is asking him and how they are insecure and want to be close to each other even though he is very secretive and she is always pissed. **Is a reflection of you** Head games (By Foreigner 1979) Reading REFLECTED IN YOU was like attending a sexually charged relationship drama-festival complete with death defying roller-coaster rides crazy ass clowns everywhere and the song HEAD GAMES by Foreigner blaring out of speakers at 150 decibels! 3.5 stars. 2-stars for the first half but 5-stars for the ending. It really reminded me of that popular rock song . Sex on the other hand apparently solves everything. I was ready for the story to move on. This plot device felt overly contrived too. They spend time visiting Dr. Petersen a therapist but make little progress. Cary plays a significant role as Eva's bi-sexual roommate. The sex scenes were plentiful and some seriously hot. My thoughts exactly. ARC provided through Edelweiss by Penguin

Group (USA) Inc. Find another way to fix us. Yet their biggest obstacles will always come from within." His pressed his lips gently to mine. "And the greatest reward. In this story Sylvia took a risk with the direction. Gideon Cross is my ultimate hero. And I'm calling his firm lips moving gently beneath mine. Would I re-read this series: Yes. Would I read future books by this author: Yes. Honestly the beginning of this novel drove me crazy. It reminded me of the Fifty Shades trilogy by E.L. James. I just wanted to scream at the characters especially Gideon. At about 70% or so things really picked up. Gideon unfortunately remained silent. And I absolutely loved the way this book ended. It wrapped up this book nicely. Gideon and Eva made some progress in this novel. Ms. Day is an extremely talented author. L. James. To be frank I am really mad about this. but COME ON!!!! The characters plot etc. from Bared to You are just like the characters plot etc. from Fifty Shades. Our pleasure reflected in each other. A fairly impressive installment. And I'm surprised that I liked it as much as I did. But this time around it's much more. But in my opinion it all worked much better. The second half of the book was totally engrossing. Cary Eva's friend has a major problem to deal with. And Gideon makes an unexpected confession. The constant references to how Cross smelled. The overwhelming number of beautiful people. The inconsistencies in characterisation. The plot holes. Though this is not without some faults. Both Gideon and Eva are way too needy. The second half is where this book really came together." His pressed his lips gently to mine. "And the greatest reward." I was on the fence in the beginning about the plot. "No one's ever seen before Eva. You're the only one. I couldn't stay away. I didn't want to. He was my addiction. my every desire. mine. We'd never work. It was too hard too painful. except when it was perfect. We were bound by our need. Visit the author at sylviaaday. Kindle Edition "I'm caught up with you Eva. . but I won't give you up. "Here. Their pain is quite literally palpable. I just totally adore Gideon. No wonder the poor man has nightmares. BOOK. WAS. ABSOLUTELY. UTTERLY. PERFECT. Who were willing to sacrifice anything for each other. Who were willing to apologize. To never give up. To try again. And again and again and again until they made it work. Together. You can feel it rolling off the page. It hits you every single time. Its scorching. Consuming. Riveting. Intoxicating. But lust isn't enough to make a relationship truly work. And that truly is what is at the heart of this book. Trust. Everything they felt I understood. Sometimes it was painful but always understandable. They were not perfect people. They both had secrets. and in doing so find a way to save themselves. I absolutely adored everything about his character. Everything. Eva is one of my favorite heroines as well. Never once have I wanted to throttle her. it was inspiring heart warming and beautiful. This book put my heart through a delicious ringer. It broke my heart and it healed my heart. Serious props to Ms. Day for putting me RIGHT in the heroine's mind. Please please please. His face pressed into my throat. Where do we go from here? I held him. Wherever this takes us. Together. IS IT DECEMBER YET??!!!!!!?!! ****PS. MY CASTING: (see above) "I am obsessed with you angel. Addicted to you. You're everything. I live and breathe you. For you. 2.5 stars. I apologize in advance. The sarcasm was out in full force tonight. There were to be no fun headers or witty scripts. I'm feeling better already. Positive Number 1 : Gideon is still sexy as all get-out. This one is actually sort of a plus-minus for me. Positive Number 2 : Gideon can kick ass. Dirty talk coupled with dirty sex is always rewarding. and end positives. That's how much running and re-coupling happened. Negative Number 3 : Gideon was a controlling jackass. Alpha is fine. Protective is fine. Controlling is not fine. Just a few! and phew. Overall the book was alright with a few glaring issues. I couldn't bear to send it all to the void. Oh who are we kidding? This hasn't been a creep. this has been a steamroll. My opinion does not reflect the general population. Most people love these books. Kindle Edition 2.5 Stars!! So here I begin my rant. So this is me going on about it in biker language. It was them fucking not making love. WHAT THE FUCK was with chapter 1-13. I could have fit that shit into 2 chapters. SAME. BLOODY. CRAP. It was like 2 pages. I know I expected a lot from this book but hell. it didn't even live up to 10% of Bared to You. I mean. So this book was a total BOO for me. Look down and see how bad I've waited for this book. I am utterly disappointed. :(Kindle Edition.
