sending your children messages creating their earliest ideas about themselves others and the world around them, **Children sitting and listening to books** Your Children Are Listening Your Children Are Listening: Nine Messages They Need to Hear from You Loving this so far. **Children sitting and listening to books** I've been starting to add catchphrases that capture the values/behaviors that are important to our family and it works as a great reset button and lightens the atmosphere. **Children sitting and listening to books** Paperback Gave me some good insights into parenting that I hadn't considered. **Children sitting and listening to books** Paperback Did not read cover-to-cover on this one so I can't give it a clear honest review: **Children sitting and listening to books** I liked what I read but could not get into it enough to complete, **Children sitting and listening to books** Paperback Just not impressed with this book only read about 50 pages, **Children sitting and listening to books** Yes some children do lean towards a learning style but current research on learning has shown this to be an overemphasized concept, **Children sitting and listening to books** The author also mentions average family children in US families at 3, **Children sitting and listening to books** While I'm probably nitpicking this annoys me that's way too high and easily researched: **Children sitting and listening to books** In addition one of his 9 messages that children need to hear from parents is that We're a green family. **Children sitting and listening to books** c'mon please don't bury your political ideology in your parenting book, **Children sitting and listening to books** There may be more here for other people but this is not one I care to finish. He has served as a consultant for the U.S. He has served as a consultant for the U.S. [{site_link}](#) Children become the messages they get the most. Now parenting expert Dr. A book discussion at Barrington Elem. featured this book. Enjoyed reading with the Sunday School class. Paperback Especially chapters about self esteem and respect. Worth reading again once in a while. The author relies heavily on learning styles.¹⁴. The author's writing is just not engaging. Nothing against being environmentally conscious but really. That's not a message my child needs to hear. Paperback.
