

The Resurgence of the Latin American Left By Steven Levitsky **The Resurgence of the Latin American Left** A comparative political scientist his research interests focus on Latin America and include political parties and party systems authoritarianism and democratization and weak and informal institutions. **The resurgence of the latin american left chapter** The Resurgence of the Latin American Left asks three central questions: Why have left-wing parties and candidates flourished in Latin America? How have these leftist parties governed particularly in terms of social and economic policy? What effects has the rise of the Left had on democracy and development in the region? The book addresses these questions through two sections. **Who are some of the leaders in the latin american revolutions** The first looks at several major themes regarding the contemporary Latin American Left including whether Latin American public opinion actually shifted leftward in the 2000s why the Left won in some countries but not in others and how the left turn has affected market economies social welfare popular participation in politics and citizenship rights. **The resurgence of the latin american left j d** The second section examines social and economic policy and regime trajectories in eight cases: those of leftist governments in Argentina Bolivia Brazil Chile Ecuador Uruguay and Venezuela as well as that of a historically populist party that governed on the right in Peru. **The Resurgence of the Latin American Left back** Featuring a new typology of Left parties in Latin America an original framework for identifying and categorizing variation among these governments and contributions from prominent and influential scholars of Latin American politics this historical-institutional approach to understanding the region's left turn—and variation within it—is the most comprehensive explanation to date on the topic,

## **The resurgence of the latin american left meaning in english**
