WAGES AGAINST HOUSEWORK

They say it is love. We say it is unaged work.
They call it frigidity. We call it abstinence.
Every miscarriage is a work accident.
Homosexuality and heterosexuality are both working conditions...
but homosexuality is workers' control of production, not the
end of work.
More smiles? More money. Nothing will be so powerful in destroying
the leading virtues of a wife.
Neuroses, suicides, desexualization: occupational diseases of the
housewife.
