

Fluxus and the Essential Questions of Life By Jacquelynn Baas

## Fluxus and the Essential Questions of Life kindle store

Fluxus—from the Latin meaning “to flow”—was a radical international network of artists composers and designers in the 1960s and 1970s noted for blurring the boundaries between what we term “art” and what makes up everyday life. **Fluxus and the Essential Questions of life** Following the work of American Fluxus founder George Maciunas Fluxus and the Essential Questions of Life presents a variety of objects that express the Fluxus mission while empowering readers to challenge the presumptions we bring to the concept and practice of art making. **Book Fluxus and the Essential Questions of life** Based on a large-scale traveling exhibition first organized at Dartmouth College’s Hood Museum of Art this book chronicles the movement in the form of an art self-help book playfully providing answers to fourteen key questions such as “Art—what is it good for?” and “What am I?” via Fluxus works. **Fluxus and the Essential Questions of life** Featuring over eighty color and black-and-white illustrations accompanied by essays from curator Jacquelynn Baas Fluxus scholars Hannah Higgins and Jacob Proctor and Fluxus artist Ken Friedman this book will make an original contribution to our understanding of this provocative moment in modern art.
