

Cleopatra to Christ (The King Jesus Trilogy Book 1) By Ralph Ellis *** Jesus was the great grandson of Queen Cleopatra *** Why was the birth of a poor 'carpenter' in the first century AD attended by the Magi: the Persian king-makers? Why was Jesus later known as the 'King of the Jews'? Using many strands of contemporary evidence Ralph Ellis has pieced together a historical jigsaw puzzle demonstrating that the biblical Jesus was directly descended from Cleopatra VII the most famous queen of Egypt. **Cleopatra christmas slot** But this is not all for in piecing this story together it would seem that Jesus also had an aristocratic Roman and royal Persian ancestry too; and it is the latter bloodline element that explains the appearance of Persian Magi at his birth. **Cleopatra christmas slot 5** Cleopatra to Christ (The King Jesus Trilogy Book 1)

I'm pretty open minded what is written in this book is possible but I got a bit confused due to the mass amounts of possibles and hypotheticals used in the book as well as getting the possible family lines confused. **Cleopatra to christshawn** What ruined this book for me was all the references to this book or that book. **Read free a cleopatra hill christmas** Add in all the hypothetical maybes and the book lost the main idea: **Cleopatra to christner architects** I think if the book had been a straightforward story of who was who it would have been more interesting and easier to follow. **Cleopatra to christus health** 222 Fascinating You don't have to agree just very interesting history: **Cleopatra to christs college** Makes a good point that people mess up religion change it to serve themselves, **Cleopatra to christus santa** Ralph has pieced together the bloodline from Cleopatra's daughter that lived after she died and married as a bride gifted to Persian royalty by Augustus Ceasar[1]
