

Echo Falls (Echo Falls, #1) By Jaime McDougall **Echo falls golf course wa** 1463664044 This book is not classified as YA (probably because the characters are older) but it is mild in its sex scenes as far as adult books go meaning that the hot and steamy parts are glossed over. **Echo falls zinfandel rose** Also the as the story progresses the plot develops taking you along providing you with the information you need to start piecing together who's the villain(s) and what they are after. **Book Echo fallston** Phoebe the main character was the most fleshed out character with the most back story but there were still scenes (only a few) that I did not understand why she acted the way she did. **Book Echo falls lake** The romance was okay (definitely was a side story) and the characters (Phoebe and Aidan) were cute together but I didn't feel it was well developed nor that the characters had the level of magnetism and love that author was trying to portray. **Echo Falls epubor** Another point to bring up is that the action moves very quickly within the book and because of the characters don't really have a chance to evolve or for the reader to get to know them fully. **Echo falls sparkling wine** I know a lot of us book readers out there love books that focus on werewolves only.

## **EBook Echo falls city**

Running from a nightmare stalking her every move Phoebe Martin arrives in Echo Falls hoping she has finally found a safe place to stop. **Echo Falls booking** After a vicious attack in an alley policeman Aidan O'Bryan is left with Phoebe as his only path to understanding why the Echo Falls werewolf pack - his pack - is being attacked. **Book Echo fallsview** Will love give Phoebe the strength to trust Aidan and face her fears or will her past destroy her future? \*Warning: Contains adult situations and language Echo Falls (Echo Falls #1)Jaime McDougall is a citizen of the world currently loving life in beautiful Australia. **Echo falls merlot 187ml** The Hunter is tracking someone in Echo Falls and the psychological mind games he plays with his victim makes it hard for them to trust anyone and everyone is guilty of subterfuge. **Book Echo fallsview** I thought that there could have been more back story between these women as well as several of the packs other members such as Elle's husband Will Aidan's best friend Thomas and even The Hunter. **Echo Falls booker** I loved the pace of the story the draw to the plot and the romance that built upon itself instead of rushing however I would love to see more of the back story characters. **Echo Falls nonfiction books** With a little more definition Jaime McDougall is definitely a writer to keep on watch list she has the right stuff and I would definitely read more of her work! 1463664044 This was an exciting story about one of my favorite subjects - werewolves. **Echo Falls booking** Each time she things she has found a safe place she has been running from her ex-boyfriend since he found out she was a werewolf he killed her brother this one will be satisfying. **Echo falls smoked salmon** 1463664044 Echo Falls was a captivating and quick read with an intense plot that I really enjoyed!Phoebe Martin has been on the run for months when she reaches Echo Falls thinking she can finally find a home here. **Echo falls white wine** But will the sexy alpha and policeman Aidan O'Bryan let her just walk away? As Aidan tries to earn Phoebe's trust and protect her he also searches for the person who is murdering lone werewolves. **Echo Falls booker** Can Aidan get Phoebe to open up to him about the secrets of her past before the killer strikes again?Werewolves jealousy a fanatical killer and love are just a few components of what you'll find in Echo Falls. **Echo falls minnesota map** A nice suspense but the paranormal element is what really made this story great and the good-looking protective alpha didn't hurt either! The main characters of Phoebe and Aidan where real and believable and I was interested in their story right away. **Echo falls smoked salmon** I did feel like I was missing some key points at the beginning of the novel as if there where holes in the plot but by the end I was satisfied with the read and the ending was wrapped up neatly. **Echo falls white wine** As Phoebe and Aidan grow closer and the murderer closes in on Phoebe and her new pack Phoebe will need to find the strength to face her past and open her heart to love trust friendship the pack and Aidan if she hopes to protect herself and her pack. **Book Echo fallsview** Phoebe is being chased by an assailant who then shifts into a werewolf and manages to do quite a bit of injury to her before she's saved by a man (or was it a wolf?). **Echo falls pinot grigio rose**

McDougall's strength definitely resides in her ability to develop characters and bring them to life for her readers: Aidan the strong sexy hero; Phoebe the independent stubborn heroine who is determined to handle things herself; Will and Elle--husband and wife leaders in the pack who accept Phoebe and help her feel welcome; Mia a member of the pack who isn't fond of Phoebe and Aidan's developing relationship. **Echo Falls booklet** A man named Aidan rescues her and as the story progresses we find out that Echo Falls has been falling victim to the work of a serial killer and Aidan (werewolf cop extraordinaire) is trying to find the culprit. **Echo falls minnesota** I do appreciate that the romantic elements did not just exploded at the beginning of the book but rather McDougall allowed the chemistry to build and the two people to really get to know each other. **Echo Falls booker** I don't think there is a girl who hasn't experienced a mean girls wrath at some point or another and a werewolf mean girl brings being a mean girl to a whole new level. **Echo Falls booking** Also in some scenes where both Aidan and Phoebe were in it it felt as if McDougall switched point of view every couple of paragraphs and if you are one of those people then this is certainly a book you will enjoy,

Her pursuer finds her again and forces her to run again: **Echo Falls bookcase** When she gets to Echo Falls she is attacked and rescued by Aidan who just happens to be a policeman and the alpha of the local werewolf pack, **Echo falls pinot grigio rose** They are instantly attracted but Phoebe doesn't want to get Aidan involved in her troubles: **Echo Falls booking** Three young werewolves who were not part of his pack had been murdered. **Nonfiction Echo falls lake** The police don't know they are werewolves and are baffled by the crimes because the victims seem to have nothing in common. **Echo falls rose asda** One of Aidan's pack and fellow police officer Thomas is sure that whoever is committing the murders has assistance from a traitor in the pack, **Echo falls golf course** The pack realizes that they have attracted the attention of a hunter, **Echo falls mn map** It takes Phoebe quite a while to realize this and even longer to admit that she knows who her pursuer is. **Echo Falls epubor** After all.

## **Kindle Echo falls lake**

And tried to kill her because she was an abomination, **Book Echo falls lake** I liked the story and found it entertaining but did want to slap Phoebe upside the head more than once and yell at her to trust Aidan and let him know what she knew: **Echo Falls pdf converter** Her stubborn insistence on solving the problem herself was pretty inexplicable because everything in her encounters with the hunter showed her in way over her head: **Book Echo falls creek** I couldn't understand why she thought that keeping secrets from Aidan and the pack would keep them safer than letting them know what she knew, **Echo falls pinot grigio rose** If you are looking for a good werewolf story with lots of adventure and a little romance.

## **Echo falls sparkling wine**

Which usually goes hand-in-hand with an origin story like this one, **Book Echo falls creek** The mystery of who the Hunter and traitor are was even more gripping with how tight-lipped Phoebe is about her past. **Book Echo fallston** By the time she decides to open up it's almost too late: **EPub Echo fallston** The green-eyed monster is hard to hide and is usually a reason behind treason: **Echo falls sparkling wine** I did find it kind of annoying that Phoebe wouldn't ask for help from Aidan and her new pack: **Echo falls sparkling wine** Hadn't she ever heard of strength in numbers? I did admire her protectiveness though. **PDF Echo falls lake** But the question at the very heart of the tale is.

Which sometimes made it hard for me to follow. **Echo falls golf course wa** If the author decides to do a sequel there is certainly enough character knowledge in this book to build on down the line, **Kindle Echo falls creek** But if this is a stand alone only book then I wish I had gotten to know the characters a little bit better: **Echo falls zinfandel rose** I think this is a good book for anyone looking for an urban fantasy book that is both action packed with a romantic element, **Echo falls smoked salmon** But trouble has a way of catching up and soon the signs are there, **Book Echo fallsview** When another pack member is killed Phoebe is forced to confront her past before she loses Aidan and everything she has come to love, **Echo falls white wine** Love and duty become one as Aidan strives to prevent Phoebe from becoming the next victim, **Echo falls smoked salmon** But with Phoebe just as determined to protect Aidan and her new home secrets from her past threaten to tear them apart. **Book Echo falls** A love of fiction has always coursed through her veins and she told stories as a child even before she knew how to write them, **Echo Falls nonfiction definition** Settling into one genre was never her style and she has plans for novels in women's fiction urban fantasy and - all with a touch of romance. **PDF Echo falls creek** She has been published in Chicken Soup for the Soul: High School: The Real Deal and Chicken Soup for the Soul: Campus Chronicles: **EPub Echo fallsview** She has also enjoyed writing a column called 'The New Australian' in local newspapers as well as various articles online: **Echo falls weather** Phoebe Martin has just moved to Echo Falls; running from a past she doesn't wish to embrace: **Echo falls sparkling wine** Upon her arrival she is attacked by a huge dog and she would have been ripped to shreds if it wasn't for the heroic attributes of Aidan O'Bryan, **Book Echo fallsview** In an off-hand flippant manner she brushes away the attack and Aidan's help. **Echo falls smoked salmon** Aidan a police officer and an Alpha-male werewolf has his own secret agenda for keeping the streets of Echo Falls safe, **Echo falls white wine** When a serial killer begins to kill people in town Aidan and his task force are set to remove the Hunter from their midst: **Book Echo falls creek** Someone is killing off their kind and Aidan is determined to find out who it is before too many more are killed, **Echo Falls pdfescape** Phoebe is attracted to Aidan and wishes to keep him at a distance: **Echo falls mn** There are things about Phoebe that Aidan could never find out and she tries to discourage their friendship but to no avail Aidan has sworn to protect Phoebe at all costs: **EPub Echo fallsview** Who can Phoebe trust she has been running for so long and she finally felt like Echo Falls may be the future she is looking for. **Book Echo fallsview** However someone is killing her friends and she feels that only she can stop the madness: **Echo falls mn map** I loved this book and thought it was an excellent paranormal romance. **Echo falls zinfandel** I loved the descriptions of the characters and enjoyed their back stories and thought they fit the story nicely. **Book Echo fallston** I liked the attraction of Phoebe and

Aidan and enjoyed watching their relationship grow, **Echo Falls booklet** I thought Phoebe's trust issues were believable and I loved how Aidan ingrained himself into her life: **Echo Falls booker** I thought however there was at times too much time in between the characters and when they should have reacted to one another. **Echo falls marketplace** Such as Aidan swore to keep Phoebe safe and then doesn't come around for a few days, **Echo Falls bookcase** I understand he was giving her distance but for the events unfolding propriety should have been set aside for urgency. **Echo falls golf course** I thought that Aidan didn't dig deep enough when he should have. **Echo falls merlot** I loved Mia and her wickedness and thought she was written perfectly to balance the characterizations of Phoebe and Elle who befriended Phoebe from the onset of the book: **Echo Falls booking** While I loved how the story progressed I felt it could have been so much more with that added level of character understanding. **Echo Falls ebookee** Re-establishing her photography business and being introduced to pack life something she has never experienced before Phoebe cautiously dreams of a future: **Echo Falls booker** When her past catches up with her though Phoebe knows that she must pack up again before another innocent person is killed because of her: **Book Echo falls creek** Aidan knows that Phoebe is hiding something and with no leads as to who or what they're dealing with; Aidan is determined to make her talk, **Echo Falls bookcase** But the one secret that Phoebe is keeping is one that can help save his pack and those he loves. **Echo Falls pdf** The romance between them was slow to build but steamy when we finally reached that point. **Book Echo falls lake** I also enjoyed the side characters which were fun to read about and brought a smile to my face. **Book Echo falls lake** The plot itself had several twists and turns that were sometimes surprising and other times expected but overall kept me intrigued. **Book Echo falls** A light and quick read for paranormal romance fans that you are sure to enjoy! 1463664044 Full review here: <http://zodiacbookreviews>: **Echo falls white wine** Phoebe Martin has been running from her brother's murderer ever since the night it happened. **Echo Falls ebook reader** She moves from town to town trying to find a safe place to settle down and live without fear: **Echo Falls booking** She thinks she's found that place when she arrives in Echo Falls. **Book Echo falls city** Phoebe has found an apartment is looking for an office to rent for her photography business she's making friends and generally beginning to call Echo Falls home. **Echo Falls nonfiction articles** But then the murders begin and the gifts start arriving on her doorstep, **Echo Falls epub file** Policeman and werewolf Alpha Aidan O'Bryan has a murderer in his town: **Echo falls sparkling wine** Three werewolves outside of his pack have been murdered; and then there's the young woman who was attacked in an alley that he was able to save just in time. **PDF Echo fallsview** Being the only one who survived Phoebe Martin has information that could help solve the case before more innocent werewolves are killed: **Echo falls rose asda** I loved how Echo Falls starts off right away with a high tension situation. **Kindle Echo fallston** This kind of situation grabs readers attention right from the beginning, **Book Echo falls city** Then there's the awkward morning after when she wakes up to find a strange man in her apartment cooking breakfast, **Echo Falls ebooks online** I think anyone would freak out waking up to that which is why she goes straight for the knife: **Echo Falls pdf24** I thought it interesting that the werewolves in this book can only shift at night and are forced to return to humanity during the day. **Book Echo fallsview** In all the books I've read with werewolves or shifters they could all shift whenever they wanted day or night, **Echo falls pinot grigio rose** And I really like the story or legend behind the reasoning for the night shift only. **EBook Echo fallsview** It's romantic but also bittersweet will Phoebe find the strength to fight or will she continue to run? superb villain as it is something I struggle with as a writer. **Echo Falls bookkeeping** McDougall managed to make Liam despicable yet the reader still is left with an ounce of sympathy for him. **Echo falls zinfandel** Challenging to do yet wonderful when a storyteller creates such a character. **Echo Falls booklet** I would definitely look forward to an Echo Falls sequel perhaps a story that focuses on one of the secondary characters. **Book Echo falls lake** If you enjoy a fast-paced paranormal romance which was a little weird but then she doesn't realize there are werewolves in town until later: **Echo Falls bookcase** You suspect what her secret it right away but it all just felt more confusing than interesting, **Echo Falls bookcase** The town doesn't know they are again but she is tired of doing that. **Nonfiction Echo falls creek** In reality the heroine thinks she can fix everything when she really can't, **EBook Echo falls lake** Then there is Aidan being he alpha of the pack but I never really bought he was the alpha, **Echo Falls ebookers** One main character seems to bite a bullet literally in the book which felt a little pushed rather than shocking. **Echo falls rose asda** Overall it was a good attempt but the writing needs some time to mature and fill in the gaps and emotions of the story that I couldn't get into. **Echo falls pinot grigio rose** This review was originally posted on Delighted Reader 1463664044 This book takes the reader right into the thick of the action, **Echo Falls nonfiction books** Phoebe the main character is fallston** Aidan is the handsome protector he will be a huge draw to female readers, **Echo falls pinot grigio rose** This book is recommended to adult readers who enjoy paranormal romance, **Echo falls merlot wine** 1463664044 You can see this review and others like it on my site [www](http://www): **Echo falls sparkling wine** This book is a book that focuses on werewolves there are no other supernatural elements within this book: **EPub Echo fallston** That being said this a fast paced mystery love story and over all small town adventure. **PDF Echo falls lake** The book starts out with Phoebe arriving in Echo Falls and it's quite clear from the beginning that Phoebe is on the run from something. **Echo Falls booklet** Not only is she afraid and on the run to begin with but when she makes it to Echo Falls she is attacked and not by any random person but by a werewolf: **Book Echo fallston** Clearly this has not been the best couple of days of Phoebe, **Echo Falls pdf** I think this book falls under the paranormal romance category because the really the chemistry between Phoebe and Aidan is palpable from the very beginning of the book: **Echo falls zinfandel** The romance was more organic than just completely lust based. **Echo Falls bookcase** One of the characters I would like to mention right of the bat is Mia she is the mean girl all of us new in high school. **EBook Echo fallsview** Mia I think is one of the more well developed characters in the book she was the easiest character for me to paint a picture off in my head. **Book Echo fallsview** I appreciate that the book was very fast paced and it did a great job of keeping my attention throughout the book: **Echo Falls booker** Although there

were several occasions where the book moved so quickly it almost felt a little disjointed: **Echo Falls** **kindle reader** If you are looking for a book that contains a lot of world/character building this may not be the book for you this is more of an enjoyable weekend escape kind of book. He seems to delight in toying with her. Aidan has troubles of his own. Then Thomas is killed. I did have an inkling about who the traitor was though. I really enjoyed this book. There were no "Where did that come from?" plot moments. I also would have like to see more pack dynamics. It was a delightful read. You should read it. Echo Falls is a Paranormal Romance. I would give Echo Falls a four out of five stars. Phoebe is on the run. Let me know what you think of Phoebe and her decisions. [blogspot.com](http://blogspot.com). But she refuses to talk about the attack. Problem is it keeps catching up with her. McDougall is an excellent writer. Aidan is a detective investigating a series of werewolf murders. He seemed more beta to me than anything. Not a softie but not someone who leads either. The characters were worth reading about. The secondary characters are just as fun to get to know. The ending is exciting and perfect for the novel. The reader will be completely satisfied. [UFReviews.com](http://UFReviews.com) Echo Falls was a quick and enjoyable read. The book centers on two main characters Phoebe and Aidan. Overall this is a good solid book. 1463664044
