

My First Ghost By Maggie Miller **First gaunt's ghost book** They are pretty much better than living pets because they don't take up any space or make any noise or need to eat or drink or make any messes! There are some drawbacks - not being able to see them for one and some difficulty playing certain games - but these can be overcome! This funny introduction to ghost friends/pets will take some of the spook out of what can be a scary topic and readers will definitely want to invite a ghost into their homes. **My ghost story free** Too bad Halloween was last week!! 1423119495 Are you ready for the responsibility of taking care of your very own ghost? Open the pages of this book to find out! 1423119495 I LOVE the first page and I love the when you get the hiccups it means your ghost is tickling you section.

## Book of ghost stories

This is a motif seen a lot in picture books (think How to Train a Train or Laura Numeroff's 10 step guide to living with your monster. **Cookbooks My First ghost** ) It doesn't do too much that's different and the super cartoony illustrations weren't my favorite. **My First Ghost nonfiction read online** It's a decently cute Halloween picture book though and my ultra creative kid immediately wanted to run around outside with his ghost so mission accomplished, **My First ghosthack** Once you let your ghost out this book is your child's manual on how to take care of their new friend, **My First Ghost memoir book** Are you sure you want a ghost friend of your very own?
