A dramatic tale of a high school drama club with a focus on main character Abby who's starting to realize sometimes the most drama in life doesn't happen on stage. **Science Fiction Fantasy The Misfit the beastie** This was a nice YA story about high school growing up discovering people aren't always who you think and that doing something for yourself is more important than making everyone else happy. **The Misfit the Beast epubs** As this is book 1 I look forward to seeing what will happen in future books! Will Vera Brook continue to follow Abby in future novels or will other characters be highlighted along the way? Science Fiction Fantasy Romance Young Adult This is the first book I've read by Vera Brook and I have to say—I'm a fan! Contemporary YA romance is a favorite genre of mine and the sweet slow build of Ana and Cory's relationship was a delight to unfold. **Book The Misfit the beastie** No backstabbing jealous friends here and that's okay by me! From the title and some of the vibes throughout the story I almost expected a magical element to come into play at some point but this is slice of life all the way through. **The Misfit the Beast epub download** I loved it! Science Fiction Fantasy Romance Young Adult What a FANTASTIC YA story showing that beauty is truly from what's inside from the heart!! I loved how this was a Beauty and The Beast retelling told around teenagers in high school putting on a Beauty and The Beast play! There was the typical ya bully who would act like he was so charming but inside he was a vile bully who wanted to make Cory (the MMC) look bad. **The Misfit the Beast ebook online** The plot kept me interested and I went through this book faster than I thought I would because the plot hooked me the pacing was steady and there was never a dull moment. **The Misfit the Beast epub reader** I loved it so much!!! So if you enjoy Beauty and The Beast retellings YA stories complex characters who you grow to care about and bullies who get what they deserve then you will LOVE this book!! Brook is a new author to me and I've loved both the books I've read by her so I look forward to more!! Science Fiction Fantasy Romance Romance Young Adult Vera Brook perfectly captures the beauty of high school theatre and teenage love in this book. **The Misfit the Beast epub torrent** This was book 1 and I will definitely be reading the next book in the Ever After series Science Fiction Fantasy Romance Young Adult This book is a dark contemporary teen romance that explores the highs and lows of first love the realization that first impressions can be misleading and the fact that masks are not always easy to remove. **The Misfit the Beast pdf free** Main protagonist and misfit Abbey is torn between her feelings for two boys with opposite personalities: one seems like a prince on the outside but is a cruel beast on the inside while the other is branded a beast but is a kind and caring person with a dark past. **Science Fiction Fantasy The Misfit the beast tv** The romance developed quite quickly and somewhat predictably but all the secrets the different pitfalls of teenage angst and the likable and relatable characters kept me turning the pages. **The Misfit the Beast kindle** I especially enjoyed the high school theater mixed in there with Abby not being the main lead or even an actor like in so many teenage dramas but part of the costume crew. **EBook The Misfit the beasts** The fluffy romance turned dark around the middle of the book dealt with serious topics and

even had a few violent scenes which resulted in an emotionally charged climax in which Abbey has to decide whether to follow her own path or comply with what her mother and her peers expect from her. **PDF The Misfit the beast full book** The Misfit & The Beast is a gripping emotionally charged contemporary teen romance about first love high school theater and the courage to break the rules be true to yourself and follow your heart no matter the price,
