Book His Hot numberblocks

His Hot Number by Shannon Hollis released on Jun 24 2004 is available now for purchase, **Book His Hot number one** His Hot NumberA fun read but the whole undercover aspect couldn't be taken seriously, **His Hot Number book summary** This guy was undercover 6 months but still spent part of his time at home and at the office. Switching cars seemed to take care of the whole disguise. Other than that though the story was fun and fast-paced. Another great Blaze romance.<http://www.bookcrossing.com/journal/4.9780373791484>
