

Uniquely Unwelcome (The Shadow World, #1) By Brandy Nacole **Uniquely Unwelcome mystery science** Maybe it's not the most originally story but the author is describing everything from the characters to the surroundings and feelings in the book so well that you just got sucked in and become completely unaware of the real world. **Uniquely Unwelcome mystery ranch** Wow! This book BLOW ME AWAY! I loved EVERY MINUTE of this book! It was unlike anything I have EVER read! The author has a wonderful way of sucking the reader in and keeping them interested! This book really caught my attention from the Prologue and held it to the very end! I bought the second book before I was even half-way through with this one because I just loved it that much.

## **Book Uniquely unwelcomed**

This is an honest review from a copy provided by the author. **PDF Uniquely unwelcome book** Then add the all powerful witch Cerelia and the fun really starts! There were some parts of the book that were a bit predictable but the suspense it held until the very end to start putting the pieces together why members of each species have gone missing around the world. **Uniquely Unwelcome mystery science** As I read I did start to believe a particular individual discussed early in the book was involved in the disappearance but I was stunned to read why the person choose to take this path. **Uniquely Unwelcome mystery ranch** Though I haven't read a great number of YA Urban Fantasies one of the elements that appealed to me about Uniquely Unwelcome was Nacole's decision to create a character who had multiple Shadow bloodlines (vampire werewolf witch and shapeshifter). **PDF Uniquely unwelcome 2022** Lead character Racquel's unique genetic makeup provides both a source of frustration and source of defense as she attempts to unravel the central mystery of the novel: who or what is kidnapping the Shadows and what do they want with them? The core mystery is enhanced by the fact that Racquel's sister is one of those missing. **Book Uniquely unwelcome 2023** Another element that I appreciated was the use of the various socio-political groups and particularly the Witch Covenant with their James Bond-esque access to jet planes limousines and accommodations. **Book Uniquely unwelcome book** For a first work I am very impressed with Brandy Nacole's efforts and if the novel suffers from some problems in story structure I am sure that as she continues to write these things will work themselves out. **Book Uniquely unwelcome 2023** The lead character Raquel is angry and bitter for the first half of the story - to the point where it really seems that the author is projecting a little too much bitterness into her character. **EPub Uniquely unwelcome** There are gaps in the storytelling that make the flow difficult to follow at times and even a part at the end where the author throws in a "...oh and I forgot to mention that..." There are so many grammar and punctuation errors throughout the story that it ends up being distracting to the point of not being able to follow the plot. **Uniquely Unwelcome ebook3000** The sentences are choppy and end in odd ways - it is conversational in parts (a lot of "yeah okay" 's) and strictly informational in others (like reading out of a guide book). **Mystery Uniquely unwelcome 2022** Once arriving home Racquel finds that greater evils exist and that the person she cares for most in this world her half-sister Addie has been kidnapped along with other Shadow World beings. **Book Uniquely unwelcome bit** Racquel tries putting distance between her and the human boy but as they spend more time together it becomes harder and harder for Racquel to fight the affection she wants and needs. **Uniquely Unwelcome paranormal tales** But will Coy's friendship and her new found discoveries be enough to help Racquel unravel the strangest mystery that has ever plagued the Shadow World? Uniquely Unwelcome (The Shadow World #1)I received a free copy of this book in return for an honest review. **Paranormal Uniquely unwelcome synonym** While I understand it was all important and that we needed to know it I couldn't help but find myself losing a bit of interest right off the bat as nothing exciting was going on. **Uniquely Unwelcome fantasy baseball** However this felt more like a first draft to me than a completed version so while I enjoyed the overall story the thrilling action and every clue you got to find the truth in the story. **Book Uniquely unwelcome trailer** I think that the author Brandy Nacole and knew I would be finishing this series! I was very Amazed with this book! I have never

read a book with a Supernatural Shadow being with bloodlines to 4 different races Yeah it was surly interesting. **Book Uniquely unwelcome guests** I loved it! I enjoyed Raquel's character and how she was always guarded and then we slowly got to see her bring the walls down around her heart and open herself up little by little. **Book Uniquely unwelcomed** It's was great to have all the different Supernatural races in one book and how their all equally important to the story! This is a must read for anyone who enjoys Paranormal books. **Uniquely Unwelcome kindle reader** This is a hidden gem and once it's discovered it's going to blow up and ROCK readers like no other! Check it out you won't be sorry! Brandy Nacole Highly Recommend This Book! I loved this book and the new perspective I got from a paranormal beings point of view. **Paranormal Uniquely unwelcome synonym** There is a little romance not with the person I was expecting so that was surprising in a good way :) The romance developed slowly and their relationship grew to be so sweet that I was very pleased. **Uniquely unwelcomely synonym** She grew up being rejected by everyone treated like a freak so she learnt to keep people away and her relationship with this guy (I'm not telling with who lol) helps her get through that and she becomes more compassionate and discovers a lot of great people. **Book Uniquely unwelcome book** OMG! There are serious editing issues: Were(and even where) instead of we're since instead of sense here instead of hear glade instead of glad and I can't remember how many times I read your instead of you are ,

### **Uniquely Unwelcome paranormal tales**

With great character development for Raquel and the other team members, **Uniquely Unwelcome ebook** 5 out of 5 stars! Brandy Nacole This novel really is a multicultural melding pot of supernatural races, **Uniquely Unwelcome ebookers** All of your stereotypical races are represented in utter clarity, **EBook Uniquely unwelcome synonym** Nacole gives a very in depth and interesting history of each of these races or species: **Book Uniquely unwelcome school** This includes the species themselves along with the interactions and interrelations between the two, **Uniquely Unwelcome epub** It is very difficult to write an entire novel in the present tense but Nacole does it well. **Uniquely Unwelcome fantasy baseball** She also does it without ever inadvertently flipping tenses or person all over the place, **Uniquely Unwelcome paranormal tales** Everything is happening now so you cannot help but get caught up in the action: **Fantasy Uniquely unwelcome school** She also works a large amount of detailed and vivid descriptions and narratives into this very well written novel. **Uniquely Unwelcome mystery ranch** Nacole doesn't just tell a story to her readers.

## **Uniquely Unwelcome fantasy baseball**

She's not lost, **Uniquely Unwelcome paranormal tales** She's frolicking in the woods somewhere and will return for tacos eventually: **Paranormal Uniquely unwelcome bit**

**Uniquely unwelcome bit** But she's about to find that even though she's uniquely unwelcome wherever she goes.

## PDF Uniquely unwelcome

It wound up just being okay for me. **Uniquely Unwelcome kindle reader** Brandy Nacole I read this book for the Read it & Reap program by the Shut up& read group: **Uniquely unwelcomely** When I started reading it I didn't think I was going to enjoy it, **Uniquely Unwelcome kindle store** I thought that maybe it was a bit too much paranormal/fantasy stuff going on in one book and that it wasn't for me. **Book Uniquely unwelcome book** when the story in the book became clear I got completely lost in the book. **Book Uniquely unwelcome** I had to force myself to stop reading and go to bed in the middle of the night, **Mystery Uniquely unwelcome 2022** I loved the characters.

### Book Uniquely unwelcome guests

Has potential to do some really great things in the future and I will definitely keep a look-out for her books: **Uniquely unwelcomely** Brandy Nacole I received a Copy of this through the R2R Program in exchange for my honest opinion: **Uniquely Unwelcome fantasypros** Everything you are about to read is my full and honest opinion of the book. **Uniquely Unwelcome mystery** At first I really wasn't sure of the premise of this book. **Fantasy Uniquely unwelcome trailer** I've read other paranormal stories concerning inbreeding between the various species and the torture and emotional toll it can take on the hero or heroine of the story: **Book Uniquely unwelcome bit** As the story progressed I found myself wondering when Raquel displayed a particular attribute which of the 4 beings she possesses was she using at any given time, **Book Uniquely unwelcome 2022** Raquel is quarter vampire quarter lycan quarter shape-shifter and quarter witch. **Book Uniquely unwelcome 2023** I very interesting mix you will see as the story places out: **Mystery Uniquely unwelcomed** Bottom line was that just because Raquel forefathers chose a particular path it is still impacting her life, **Fantasy Uniquely unwelcomed** The story represents that even though Raquel's grandparents did a wonderful thinking many year before it still came back to hurt and impact those involved generations later. **Book Uniquely unwelcome school** Although the Bible states that the sins of the older generations can be used against the younger ones this is a bit of a unique take on it: **Paranormal Uniquely unwelcome synonym** It falls into believing you need to do something for someone that they never intended or even WANTED you to do: **Book Uniquely unwelcome guests** Overall I thought it was a very good book she paints a picture for them: **Book Uniquely unwelcome synonym** They make you laugh because they do the most realistic but ridiculous things, **Book Uniquely unwelcome book** Each of the characters has an entirely developed history personality and mentality. **Uniquely Unwelcome mystery machine** Not only are they individuals who act upon their own beliefs but they are also bound by the beliefs and laws of their races, **Book Uniquely unwelcomed** As a whole this novel was a brilliant introduction to the series, **Uniquely Unwelcome ebookers** Nacole brings forward some remarkable characters who have embarked upon the quest of a lifetime, **Book Uniquely unwelcomed** The ties that develop by individuals of races that do not interact on a regular basis warms your heart and creates a world that you've never seen before. **EBook Uniquely unwelcome synonym** Please note that I received this novel from the author in exchange for an honest review. **Paranormal Uniquely unwelcome trailer** Brandy Nacole First a major disclaimer: I participated in the first Read to Review for Uniquely Unwelcome where I was introduced to this novel, **Uniquely Unwelcome epub.pub** After reading a third or so of it I contacted the author to suggest she take another pass at editing. **Book Uniquely unwelcome bit** The juxtaposition of a rather down-to-earth lead character and international travel and intrigue work well for me, **Book Uniquely unwelcome 2022** It's refreshing to have these sort of quirky plot twists in there. **Uniquely Unwelcome mystery machine** Great job and looking forward to reading

the rest of the series! Brandy Nacole This was actually a really great story: **Uniquely Unwelcome fantasypros** It did take me a while to get into though and I found quite a few typos and misplaced words, **Book Uniquely unwelcome bit** I read a notice that it has been edited but I don't think I received that edition. **Uniquely Unwelcome booker** I also did receive a copy of this book in exchange for an honest review. **EPub Uniquely unwelcome bit** I really feel that this could be an exceptionally wonderful story with some polishing, **Book Uniquely unwelcome guests** The writing style in the beginning is kind of tedious like the main character Racquel is just telling the facts of a story. **Book Uniquely unwelcome** There's not a lot of depth in what she's telling us and I would've loved to know more about what happened in the past with her family and where she'd been, **Fantasy Uniquely unwelcomed** We do get some of these facts throughout the story but I always felt like I wanted to know more: **Book Uniquely unwelcome school** Once I got through the first couple chapters I did get drawn in and enjoyed it very much: **Book Uniquely unwelcome 2023** The characters are great but I'd like to see them fleshed out some, **EPub Uniquely unwelcome school** They act certain ways but there's not a lot of explanation as to why. **Uniquely Unwelcome paranormal activity** For example one of the main characters Ethan is a werewolf who hates Racquel, **Kindle Uniquely unwelcome bit** They end up traveling together on a quest to find out what happened to some missing loved ones who'd been taken by a mysterious hooded figure. **Book Uniquely unwelcome school** As time goes by there seems to be a truce between them but there's really nothing said to show this, **Book Uniquely unwelcome guests** I'd love to see more information on what's going on between all the characters and I think it would add a lot to the story: **Uniquely Unwelcome fantasy map** As the characters band together to start their journey I became very engaged in the story. **Kindle Uniquely unwelcome 2022** The places that the characters visit are full of very intriguing beings and the story gives the reader a lot of paranormal information: **Fantasy Uniquely unwelcome school** They visit a vampire lair a witches' coven and happen upon the queen of the fairies each with their own unique elements: **PDF Uniquely unwelcome trailer** All of the main characters have different abilities as well so you learn more and more about them as they reach each destination: **Book Uniquely unwelcome school** I did guess who the mysterious hooded figure was but I still wasn't totally sure until the very end, **Fantasy Uniquely unwelcomed** All-in-all an engaging read with an upcoming sequel that I'm looking forward to reading, **EPub Uniquely unwelcome 2022** I think this author has a lot of potential and it should be interesting to see what she comes up with in the future, **Book Uniquely unwelcome 2023** Brandy Nacole I participated in the R2R campaign for the book 'Uniquely Unwelcome' by Brandy Nacole, **Fantasy Uniquely unwelcomed** This book has an intriguing storyline and I think that it has a lot of potential, **Fantasy Uniquely unwelcomed** The descriptions of the Chimera are pretty neat and it is easy to picture what they look like: **Book Uniquely unwelcome bit** Raquel softens up in the second half of the book and she is easier to sympathize with and I think that the second half of the book flows better as well: **Uniquely Unwelcome ebook3000** The premise of the 'Shadow World' is very enticing but the descriptions just aren't there to help the reader understand what it is all about, **Book Uniquely unwelcome book** I had to re-read sections several times just to make sense of what I thought the author meant and that was frustrating. **Fantasy Uniquely unwelcome trailer** I think that the author should make use of an editor or even a ghost-writer to help her tell the story that she wants to tell, **Uniquely Unwelcome kindle store** I think the author has a great imagination but the delivery of the story is a little 'off' for me. **Uniquely Unwelcome kindle books** It also switches from present to past tense throughout and sometimes within the same paragraph, **Uniquely Unwelcome paranormal tales** This seems more like a rough draft than a final copy -judging this as a rough draft I think this manuscript has a lot of good ideas and potential. **Uniquely Unwelcome epub file** Judging this as a final copy it just doesn't quite do it for me. **Book Uniquely unwelcome 2023** Brandy Nacole Brandy Nacole is a writer of paranormal suspense and mystery: **Uniquely Unwelcome mystery books** Shes penned the bestselling novel DEEP IN THE HOLLOW THE SHADOW WORLD TRILOGY and MURDER IS A DEBATE, **Book Uniquely unwelcome guests** She loves keeping readers on the edge of their seats as thats where she likes to

stay, **Fantasy Uniquely unwelcomed** Her favorite pastimes are reading writing exploring the world and spending as much time with her husband kids and fur babies as possible. **Book Uniquely unwelcome trailer** She's frolicking in the woods somewhere and will return for tacos eventually: **Book Uniquely unwelcome guests** [com/authorbrandynacole](https://www.goodreads.com/author/brandynacole) Brandy Nacole is a writer of paranormal suspense and mystery: **EPub Uniquely unwelcome trailer** She's penned the bestselling novel DEEP IN THE HOLLOW THE SHADOW WORLD TRILOGY and MURDER IS A DEBATE. **Book Uniquely unwelcome trailer** She loves keeping readers on the edge of their seats as that's where she likes to stay, **Book Uniquely unwelcome 2022** Her favorite pastimes are reading writing exploring the world and spending as much time with her husband kids and fur babies as possible, **Uniquely Unwelcome paranormal tales** If Brandy can't be found it's okay her abilities also make her the best chance the Shadow World has to stop a threat to all the Shadow races: **Uniquely Unwelcome ebook** Racquel finds herself facing horrible odds with those who would rather see her dead than alive: **Book Uniquely unwelcome bit** As her journey continues Racquel learns more about herself what she is capable of and that not every being looks at her as an abomination. **PDF Uniquely unwelcome book** Coy a human captive that Racquel saves from the Vampires starts showing kindness toward her, **Book Uniquely unwelcome trailer** The basic plot is good and the characters are relatively likable: **Book Uniquely unwelcome synonym** That being said I did find that there were a couple plot holes or things that didn't quite make sense: **Uniquely Unwelcome epub reader** It's stated in the first chapter that her grandfather was a vampire and in order for him and her grandmother to conceive a child a witch gave him life for 24 hrs: **Paranormal Uniquely unwelcome bit** To me this translates into making him more or less human for 24 hrs. **Fantasy Uniquely unwelcome book** as it seems like in this world's mythology vampires are dead. **Book Uniquely unwelcome bit** Therefore I don't entirely buy that her grandfather's vampire gene was passed down to her father. **Uniquely Unwelcome fantasy baseball** It kind of makes sense but it also lacks a bit of plausibility to me, **Book Uniquely unwelcome bit** There were other things that I felt didn't have proper explanation or just didn't logically work but I won't bother repeating them all as some of them were minor, **Uniquely Unwelcome pdf24** Also while the prologue started out good and drew the reader in the next chapter and a half was all information. **Uniquely Unwelcome mystery machine** In chapter one we're told about Racquel's genealogy and the first part of chapter two is about the town she lived in growing up and the various supernatural creatures. **Uniquely Unwelcome booklet** So while the start was a tad slow and hard to get through the rest of it was well paced and kept me invested, **Fantasy Uniquely unwelcomed** As for the characters I liked them well enough but I didn't particularly find myself growing attached to them: **EBook Uniquely unwelcome 2022** I enjoyed Racquel's sarcasm as I lean towards a dry sense of humor myself but there were times when I felt she was lacking a bit more depth and some maturity: **PDF Uniquely unwelcome synonym** What really stopped me from liking this book though was the grammar and repetition: **Book Uniquely unwelcome 2023** I can't count how many times "their" was used when "they're" would have been correct and there were other similar issues: **Uniquely Unwelcome kindle direct** Plus I would read one sentence and then the same sentence would be repeated (albeit with slightly different wording) only a little while later in the same paragraph. **Book Uniquely unwelcome 2023** I also liked that the story was from the main-characters point of view but you still got glimpses from the other characters feelings and stories: **Kindle Uniquely unwelcome guests** It's a good story really good writing from the author maybe a slow start but in the end I enjoyed reading it very much: **Book Uniquely unwelcomed** I was very pleasantly surprised and would recommend this book to people who love good action thrilling fantasy novels: **Kindle Uniquely unwelcome guests** This book follows a four blooded Supernatural girl named Racquel. **Mystery Uniquely unwelcome guests** She has four different mixes of blood in her dilated bloodline, **Uniquely Unwelcome booking** Vampire Shape-Shifter Lycan (werewolf) and Witch but with the mixture of bloodlines she also inherits the powers of each. **Uniquely Unwelcome fantasy baseball** As a result of her dilated blood the Shadow Beings of all races look down upon her: **Book Uniquely unwelcome bit** They think of her as an abomination something that should not be, **Uniquely**

**Unwelcome paranormal** She has been shunned tortured and made fun of her whole life. **Book Uniquely unwelcome book** Most of her family is dead except for her Vampire Grandfather and her half Witch Sister, **Book Uniquely unwelcome 2022** Her Grandfather ran out on her and her sister when they're grandmother his wife died. **Uniquely Unwelcome kindle** Leaving both girls alone with no one else in the world except each other, **Fantasy Uniquely unwelcome** She sets out on a journey to find people of her kind: **Book Uniquely unwelcome 2023** With Her Sister Addie alone with no one else she decides it's time to start school at the Covenant studying Witch craft: **Book Uniquely unwelcome trailer** But when Racquel comes up empty-handed and is tired of searching for something that doesn't exist she decides it's time to go back home: **Fantasy Uniquely unwelcome school** But when she gets there she finds out from her Witch neighbor that her Sister Addie is in fact not at the Witch Covenant anymore, **Book Uniquely unwelcomed** She receives the devastating news that her sister and several other Shadow Beings from different races are missing, **Uniquely Unwelcome paranormal tales** So with Racquel being a very powerful Shadow from 4 different bloodlines: **Uniquely Unwelcome kindle cloud** The Witch Elders think she's the perfect Shadow for the job. **EPub Uniquely unwelcome** Racquel reluctantly agrees knowing her sister is out there and only god knows what is being done to her, **Book Uniquely unwelcome 2022** So she sets out on a journey with a few other Shadow beings in search for her Sister Addie and the other missing people. **Book Uniquely unwelcome trailer** From there on it's nothing but a crazy heart-pounding adventure as she and the others have to overcome threats attacks and many many more crazy things along the way: **Uniquely Unwelcome kindle** But what Racquel does find is something she least suspected love! She never thought she would be lucky enough to find someone who would want her for her, **Uniquely Unwelcome pdf merger** Hell she never even had a friend let alone a boy that cared for her, **Mystery Uniquely unwelcome trailer** So Racquel not only finds information about who's behind the kidnappings she also finds information about herself things she never even know she was capable of, **Book Uniquely unwelcomed** We also get to learn about the different Shadow beings and their powers as they travel through all the different Shadow Territories. **Uniquely Unwelcome fantasy premier** This has every Supernatural being you can think of well almost all! So it will satisfy most! This is a great book and I can't wait to start the second, **Fantasy Uniquely unwelcomed** Racquel is a Shadow being who had been outcasted from her society because her family heritage isn't up to the Shadow Worlds standard traditions. **Uniquely Unwelcome fantasy baseball** Racquel is bitter from being treated as if she's an abomination, **Book Uniquely unwelcome book** After returning home and finding out that Shadow beings are missing Racquel is asked to save them: **Uniquely unwelcomely** On her journey Racquel grows and even starts to open up just a bit, **EPub Uniquely unwelcome guests** I can't wait for Book 2 to come out! As far as editing goes I found no mistakes, **Uniquely unwelcomely synonym** When I received my copy of Uniquely Unwelcome I was given the newest updated version, **Book Uniquely unwelcome synonym** Brandy Nacole has posted that the few editing mistakes that were found after her second edition was releases had been fixed. **Mystery Uniquely unwelcome guests** I believe that to be true because the version I received was great!! Brandy Nacole I received a copy of this book in exchange for an honest review. **Uniquely Unwelcome booklet** The first time I got this book I didn't read it because due to previous reviews the author decided to modify some things. **PDF Uniquely unwelcome book** So I waited a while and then signed up for the new book: **Book Uniquely unwelcome guests** The premise is well developed and except for the first few chapters the rest of the book is packed with action: **Paranormal Uniquely unwelcome synonym** Anyway the plot goes around a lot more things than the love story, **Book Uniquely unwelcome synonym** All the characters are likeable you get to know them to believe in their motives and you feel with them, **Book Uniquely unwelcome book** I really enjoyed the descriptions of the cities they visited and the different clans also their leaders where so nicely characterized with perfectly defined personalities and objectives: **Uniquely unwelcomely** My favorite part of all the book was their night in London. **PDF Uniquely unwelcome** Amazing! There are some things that may seem unfinished or with loose ends but at the ending all those doubts are cleared. **PDF Uniquely**

**unwelcome** So don't worry! And that end is open and suggest the possibility of a sequel, **Book Uniquely unwelcomed** The cover: Sorry but I don't like it and no matter how many times we say: don't judge a book by the cover WE ALL DO IT! So I'd have chosen a different one, **Mystery Uniquely unwelcome trailer** I thought this was the edited version but honestly I believe it needs to be polished. **Book Uniquely unwelcome synonym** I will recommend it anyway because Brandy Nacole put on a great effort and it is her first novel so it can only get better, **Book Uniquely unwelcome bit** And she has quite an imagination! OOPS: UPDATE (Nov 5th) I love the new cover :) Brandy Nacole.

.I give this story a solid 4. It lends an extra sense of urgency to this novel. You can find Brandy Nacole on: Her website: {site\_link} www.brandynacole.com Instagram: {site\_link} www.instagram.com/brandy\_nacole Facebook: {site\_link} www.facebook. Racquel is unique. She has never craved attention. But hey you have to try something new sometimes right? Well. I couldn't stop reading. I found it confrontations between characters very believable. The main characters in this novel are very loveable. You want to see them succeed against all odds. As it turned out I became her editor. So I will admit to some bias take that as you will. It was very original and I loved the characters. Please keep that in mind as you read this review. If Brandy can't be found it's okay she's not lost. You can find Brandy Nacole on: Her website: {site\_link} www.brandynacole.com Instagram: {site\_link} www.instagram.com/brandy\_nacole Facebook: {site\_link} www.facebook. First let me say that Uniquely Unwelcome has potential. For instance Racquel's origins. It felt more like reading a guide. However this is not a recurring issue throughout the book. This made the writing choppy and distracting for me. In the end Uniquely Unwelcome isn't a bad book. As I mentioned above it has potential. That made the reading a lot more interesting I think. So Racquel has not had it easy. But she still feels alone. But Racquel is determined to find others like herself. And that's when the bomb drops on Racquel's life. This book is truly an original and intriguing story. This book is DEFINITELY worth 5 stars and a lot more. The ending had me wanting more. I loved the story. Loved it! It's totally original and unique as Racquel. Actually it has a small part in the book. But it helps to see the way Racquel matures and changes. Ethan Danika Coy Jared and especially Racquel. I'd be more than glad to read it. Only 2 things were not good for me. 1.2. And the editing. Well you get my point. So to sum up: GREAT BOOK with editing problems
