

## Her Knight in Black Leather By J.M. Stewart

Todo la relación de Cat y Michael que desde el principio fue diferente ¿Que tan a menudo conoces a un chico en un bar porque se hace pasar por tu novio para sacarte de encima a un fastidioso y tienes una atracción inmediata por él? Tiene su gran parte de pasión y sobretodo superación pues los dos cargaban con sus pasado constantemente atormentandolos y lograron liberarse de eso. The other aspect that she hinted at ever so slightly but again paralleled my experience with my wife and grabbed my attention is the idea that marriages are really made in bed not at weddings. -Me gusto por partes me pareció un poco apresurado las cosas o como que o tenia mucho sentido algunas otras cosas lo que me encanto es que realmente me vendieron ese amor el ver como poco a poco se enamoraban y sus conflictos internos. -Me pareció una historia fácil de leer los sucesos ocurrieron muy rápido y el final era predecible sin embargo es una historia que llama la atención por los secretos no tan secretos de cada uno y la narrativa. Me pareció que sus personajes le dieron profundidad a los sentimientos de cada uno y sobre todo que esta vez el motero no fue un típico motero como los describen en otras historias. From the onset of the first word I was drawn into the lives of the characters in Her Knight in Black Leather and throughout the read fell just as deeply in love with them as they did with each other. Stewart created a work of art by crafting a modern day Romeo and Juliet except the hero and heroine are battling mistakes made in the past (by themselves or close family) that have directed the course of their lives and ultimately are the defining factors that keep them apart. Dragged to a bar by her best friend in an effort to forget a broken heart the shy bookworm is determined to be someone else for the night but quickly gets in over her head. When the lie spirals beyond their control can they stop their hearts from becoming entangled as well? Her Knight in Black Leather

Bad boy? Or good guy?A refreshingly good story following the lives of Cat who recently discovered her fiancée was cheating on her and Michael a rich prodigal son. Ame la relacion que tenia Cat con su padre y como era la familia de Michael con todo y el caracter de su padre: Lo unico es que me hubiese gustado el final un poco mas largo: -Fue una historia intensa!!!! pero sin perder el romanticismo.

But it got my attention because I fully parallels my experience in life. I consider my real wedding with my wife was the first time we made love: It was then that I committed to that woman for the rest of my life, It was also a ceremony that was attended only by those who genuinely loved us: Stewart's love scenes are erotic and sexy yet not vulgar or over-flowerly, They mix the perfect blend of eroticism with love and allow the idea that this is not simply a hookup, There is a wholesome quality to Stewart's love scenes that puts one far more in mind of a wedding than sweaty lust: This is another theme I hope she will expand on in the future, The other thing I liked about this novel was that there were no silly overblown fights based on dubious misunderstandings between the protagonists, They both seemed destined to face their destiny apart with stoic sadness.

But threats against Cat creates feelings in Michael he never expected to feel. A lovely light tale of courage and learning about falling in love: Kindle Edition I get this book in a read to review basis: Stewart! This is a beautiful book whit a very sweet argument: I love the way the narrator focus in

her and them change to his side of the story. I think this make the novel deeper because you know more about the feeling of each character, The dialogues are very good and make me smile all the time: The two things I don't like of this book: 1) I found that the identity of the guilty was too obvious, Sigh-worthy moments that capture and clasp your heart long after closing the cover on your Kindle. Cat and Michael's journey to happily-ever-after is a journey of acceptance and denial, Cat must learn to accept she will no longer be a victim of her mother's scandalous behavior and deny her mother's selfish lifestyle as a reflection of who Cat is, Michael must learn to accept his father may never approve of him and deny his part in the deaths of three people, How many of us shoulder the blame or responsibility for someone else's actions? If our children are bad.

JM Stewart writes heartfelt contemporary romance: Whether the heat level is sizzling or sweet her stories are always deeply emotional, Her heroes are strong but sensitive (no alpha jerks here!) and her heroines are Cinderella than Buffy the Vampire Slayer. Recently transplanted she now lives in a small town in Texas along with her husband two sons and two very spoiled dogs: When not writing she enjoys reading cooking and playing computer games: As a sensitive soul with a romantic heart she believes in angels and hopes everyone finds their happily ever after, Romance woven with gentle suspense and deep characters make this story hum along beautifully! If you haven't read J: Stewart yet you should really take a peek! Kindle Edition 3: 8-Me gustó mucho la historia es un libro que se lee rápido y que te mantiene expectante con ganas de seguir avanzando en los capítulos: Sentí el desenlace de la historia demasiado brusco creo que daba mas tela para cortar sobretodo lo referente al momento de tensión que vivieron con la madre de Trish, Creo que definitivamente me Falto también un epilogo para saber un poco mas de la vida de ellos de ahí en adelante, La historia me encanto es un libro que te va llevando rápido por la historia y no quieres dejar de leer te engancha desde el comienzo. -La lectura fue buena te mantiene entretenida la mayor parte. Me gustó la conexión que había entre ellos desde el principio, si sentí que le faltaron páginas!! al final todo pasó demasiado rápido: -Me encanto el libro me parece una buena historia el suspenso y los personajes g mantuvieron su carácter hasta el final, - Kindle Edition This is the first book I've read by author J. Stewart and I am reaching back and kicking myself in the butt, They are still drawn to each other with a fierce yearning that literally leaps off the page. I highly recommend this one to readers of romance and for those of you who are authors, Stewart creates in this story is something we should all strive to emulate. Well done and I can't wait to read more from this author. It has the usual elements of romance the back and forth drawing in closer pulling away the pain of parting and the realization that they can't live without one another: There were a couple of themes that Stewart dipped her toes into that I would like to see her develop more fully in future novels. One is the spirituality of sexual union the meeting of Souls, It was very brief a casual mention in a few sentences on the first time the couple made love not petty anger. It to me more reflected an adult love and respect for each other than some romances where the main characters act like they are in junior high school: The characters had believable problems in their past and an interesting shared family history, Kindle Edition Cat Edwards is used to blending in her mother rocked the small town she grew up in: Returning home to stay with her dad she has tried to keep free of scandal and of men especially after her ex cheated on her: When her friend drags her out to a bar Cat is waiting until she can go home. When a man continues to hit on her she finds herself rescued by Michael Brant, Michael left after an incident had him riddled with guilt as well as rift between his father and himself. Michael finds himself rescuing Cat and offering her one night: That is all he can offer and when she accepts they both agree not to repeat, Unable to stay away from one another Cat is worried she and Michael are going to break each others heart: When Cat gets put in danger Michael comes up with a plan to keep her safe, Will he be able to leave to woman who is quickly stealing his heart? Enjoyable story. Michael is a man haunted by his past Cat is trying to blend in from a past she did not create, Kindle Edition Cat Edwards has spent her life playing the wallflower in an effort to escape the repressive weight of her mother's tarnished name, She discovers chivalry isn't dead after all when a mysterious stranger comes to her rescue. He's wearing black leather and a mischievous

smile that promises to be exactly what she needs: When his terminally ill father suffers a setback Michael Brant returns to the town he swore ten years ago he'd never return to, He's come back this time determined to make peace with the past but being home brings up memories he doesn't want to remember anymore. His first night in town he's captured by a damsel in distress. Cat's beauty is made all the more alluring when he realizes she has no idea who he is: With her he's only a man disconnected from his family's name and the past that haunts him here. As the town erupts with the news of his return Michael's dark past comes back to haunt him putting Cat in danger. Someone is threatening her life and the life of her family: Desperate to keep history from repeating itself Michael offers her his family's name in order to keep her safe. One night of passion they both agree it can't happen again he is like a living fantasy. I would like that he can change and grown up (in the same way Cat does at the end of the novel), He accepted his past but the process is not shown in the book. Kindle Edition What happens when a wallflower meets a rebel on a Harley? Many we take the blame. Stewart captures that human frailty so well in these characters. She makes them so heart-achingly real we fold them into the wrinkles of our own hearts for their journeys to acceptance and denial often mirror our own. Sweetly sensual emotionally steamy and at times suspenseful HER KNIGHT IN BLACK LEATHER is more than a satisfactory read: Few books can touch and soothe on such a deep emotional level: Kindle Edition They both had a past they wanted to forget; a past that also linked their families, He was filled with guilt that kept him from committing to a real relationship and she did not want to be like her mother and only partake in flings, Michael came to her rescue and in turn Cat decided to let go of her inhibitions and enjoy the spontaneity that he offers all while actually rescuing him. This story was quick-moving and full of obstacles pain emotions terror and suspense: You want them to heal each other and you want them to find their happily ever after, While there is quite a bit of hot sex there is also a balance of warm cuddly moments also, I look forward to reading more of JM Stewart! Kindle Edition.

. Making love to my wife has elements of Sacred spirituality. It is something well beyond simple sex. I hope she explores this in deeper detail. Can't say that about the church wedding 2 years later. Thanks to the autor J.M. 2) Michael is too perfect.
