Curvy Girls and Guys with Growl

This book was short: **Curves for the Prince kindle app** I wanted to know more about the characters but I was unable to fall in love with them: **Book Curves for the princeton** It tried to be more than erotica and while I think it managed to achieve this it fell short in the rest of the story: **Curves for the Prince Chick lithium** Curves for the Prince (Plus Size Loving #12) Call me crazy but this was just not a believable story: **EBook Curves for the princeton** It was very quick but you really get nothing out of the characters there's no real connection. **Curves for the Prince book summary** Also there is no distinction between character POV's so you find yourself stopping for a second to re-read and determine who was speaking: **Book Curves for the prince william** There were also a LOT of editing issues that needed worked out, **Book Curves for the prince harry** Just didn't care for it at all the sex was nothing to write home about and I really wouldn't recommend it, **Curves for the princely** He isn't just a billionaire and a prince he's also engaged to a member of high-society. It was ok the ending was lacking. There is too much sex and not enough story. There's more to Matt than meets the eye. Curves for the Prince (Plus Size Loving #12).
