I was so happy! I admit to having misgivings about Jilly's story especially because I hadn't enjoyed book one very much but I enjoyed every page of this book! There is sharp wit and genuineness that was lacking in book one. **Serafina and the Virtual Man kindle books** I recommend that you read this book even if you didn't enjoy book one because Jilly and Genesis stole my heart and I hope they steal yours too! A HUGE THANK YOU to NetGalley and Marie Treanor for the copy in exchange for an honest review. **EBook Serafina and the Virtual mango** Serafina and the Virtual Man (Serafina's).

Book Serafina and the Virtual man wearing

What? Jilly discovers a hidden room that is clearly used as a secret office and as she's insatiably curious she goes in and turns on the computer. **Book Serafina and the Virtual man wearing** All evidence points to him being dead so is he both the poltergeist and a virtual man? Or is something else happening? As Jilly gets more involved with him there are other strange things occurring and a mysterious presence is stalking the agency. **Serafina and the Virtual Man pdf editor** I think her inner geek brings out my inner geek and can't help but want to meet her work with her and be best friends forever! But she's not always as strong and fiery as I make out Jilly has a past that haunts her and she wears her make-up like an armor. **Serafina and the Virtual Man booker** How did he get there? Why is he more exciting and attractive than any of the real men in her life? How are Jilly's own criminal brothers involved in his death? And what are Dale and his wife Petra hiding? Apart from the body buried in their garden... While Jilly falls in love with the sexy virtual ghost Sera has problems of her own not least the shadowy presence of the undead Founder that seems to threaten Sera her vampire lover Blair and all her friends. **Serafina and the Virtual manchester** Determined to find out what they were hiding Jilly used her techie gadgets to follow a trail and hit the jackpot when she found herself in a virtual reality with the man who thrilled her like no other the real creator Genesis Adam. **Kindle Serafina and the Virtual manga** com Serafina and the Virtual Man (Serafina's #2) The creative worldbuilding in the first book drew my attention as did the characters and the author's writing style so I eagerly grabbed up the second book too. **Serafina and the Virtual manly** Is he really a ghost? Is he part of the sophisticated game program? Or is he part of someone's idea of a hoax? Whatever he is she can't resist keeping up the contact with him through their messages on her laptop. **EBook Serafina and the Virtual manipulatives** She finds it hard to believe that the Founder will be benevolent about them killing off rogue vampires because they are vampires or that he'd be pleased that one of his vampires is with a human but Blair assures her that he would never give her up. **Serafina and the Virtual mandtbank online** Sera Jilly and everyone else are kept busy by the stubborn poltergeist the dead body in the Ewan garden and the mystery of Genesis Adam's death that may or may not have been a cover-up. **EPub Serafina and the Virtual man city** Jilly fears that time is running out for her and her VR Adam because solving his death may bring closure for his ghost to move on and for the first time ever with a man she's not sure she wants that. **Book Serafina and the Virtual manheim** I wasn't as annoyed with Jilly when she pulled back or snarled at people because poor Jilly would have been better off if her folks really had abandoned her like Sera's did. **Serafina and the Virtual mandtbank online** Trouble is he seems to be Virtual Reality Adam as according to Dale and the press he died several months back - so how is he talking to Jilly about things in the present? And how come she can interact with him? Touch him feel him love him. **Serafina and the Virtual manatee** I'm open minded anyway about the supernatural so there's nothing I really have to stretch my imagination to accept and knowing these people work with otherworldly presences its easy to see how accepting they are of what comes at them. **Book Serafina and the Virtual manchester** Jilly is a PC expert so its simple for her to "talk" to Adam

online she knows all the way to make PC's sing and he's a programming expert so can make them do what he wants. **Book Serafina and the Virtual manipulatives** Once again a gripping story enough to keep me wondering what would happen next - and I didn't work out who did what and how had a few guesses got it wrong again (blush) and was entranced by this book. **EBook Serafina and the Virtual manga** NB: ARC supplied via NetgalleyStars: five cracking book :) Serafina and the Virtual Man (Serafina's #2) Five stars for Marie Treanor's Serafina and the Virtual Man a sexy and fun paranormal mystery What is the perfect Halloween read? the only curse word used was the F-bomb which normally wouldn't bother me but it is the only naughty word used and where it was used was somehow jarring to me - go figure. **Serafina and the Virtual manhattan** Odd but not really an issue is that since the author is Scottish some of the slang words used in the story really didn't mean anything to me I suppose I could have 'googled' them but I just went with the flow instead. **Serafina and the Virtual manlius ny** Serafina and the Virtual Man (Serafina's #2) Title: Serafina and the Virtual Man - Serafina Book 2 Author: Marie Treanor Published: 7-10-13 Publisher: Self Published - Marie Treanor Pages: 299 Genre: Paranormal Romance Sub Genre: Sci Fi & Fantasy; Vampire; Ghost; ISBN: 9780957676138 ASIN: B017RFCZRQ Reviewer: DelAnne Reviewed For: NetGalley My Rating: 4 1/2 Stars . **Serafina and the Virtual manje** The trio have recently come into contact with vampires and Serafina has fallen in love with one so a little job involving a poltergeist should be a walk in the park wrong! There was enough humor and playfulness that I could actually see these characters fall in love. **Book Serafina and the Virtual management** They were so evenly matched that I ached for Jilly each time she had to emerge alone and live in the real world all by herself. **Serafina and the Virtual manfaat masker** Although I enjoyed the Scottish flavor to the book it did take me a while to get used to the rhythm: **Serafina and the Virtual Man epub reader** On the down side halfway through the book I guessed the ending, **Kindle Serafina and the Virtual man wearing** Thankfully it didn't ruin the second half of the book too much: **EBook Serafina and the Virtual manipulatives** The whole mishmash of wonderful unique characters really made the book stand out: **Serafina and the Virtual manco** The focus shifts from Sera as the main character to Jilly though Sera and Blair along with Jack Elspeth Meg and Alex McGowen play pretty sizable roles. **Kindle Serafina and the Virtual man city** This one assumes the reader read the first book and there are spoilerish little bits so I strongly recommend reading these in order. **Book Serafina and the Virtual man city** I wasn't entirely satisfied with the first book mostly due to Sera's issues over Blair, **Serafina and the Virtual manly honda** Now after finishing this one where that storyline was allowed to progress I was happy to see

Sera continue to grow past all that: **Serafina and the Virtual manhattan** Well enough about Sera; this is Jilly's story and she has enough hang-ups for the both of them. **Serafina and the Virtual manfaat masker** Sera gets a request from the wealthy Ewans of virtual reality gaming fame to come out to their home and get rid of an angry poltergeist for them, **Serafina and the Virtual manager podcast** Jilly goes with Sera and she knows almost immediately that the couple are hiding something: **Serafina and the Virtual manly** Letting Sera pursue the destructive spirit Jilly follows her techie nose to a hidden room full of the virtual gaming motherload: **Serafina and the Virtual manly** Jilly is stunned to discover that there appears to be a ghost trapped in the game and he's the ghost of Dane Ewan's dead partner Genesis Adam: **Serafina and the Virtual manhattan** Adam doesn't know what happened or how he ended up inside the computer systems and programming: **Book Serafina and the Virtual mango** He awakens when a beautiful woman enters the hidden lab room: **Serafina and the Virtual manco** He can see that he shocks and terrifies her but she's intrigued as well so he sets up an IM account and they start messaging, **Book Serafina and the Virtual man wearing** He also gives her needed help solving the poltergeist dilemma that isn't as easy as it seems: **Book Serafina and the Virtual manipulatives** Sera enjoys her time with Blair but is terrified of how close they are getting so she deliberately pulls away from him to prove to them both that she's independent: **Book Serafina and the Virtual mango** It hurts him and it hurts herself but she can't stop doing it. **Book Serafina and the Virtual mango** Then there is the danger of that dark shadow figure that watches them, **Book Serafina and the Virtual management** If it is someone will do what it takes to keep it that way. **Serafina and the Virtual manje** I loved the twists and turns of the paranormal and the mystery part, **Serafina and the Virtual mandtbank online** The mystery wasn't a huge challenge but figuring out how to get the evidence was the hard part for the team, **Serafina and the Virtual manassas** The unusual romance between Jilly and Adam was just icing on the cake. **Serafina and the Virtual manje** Those scenes of Adam and Jilly in the gaming world together were hot stuff: **Book Serafina and the Virtual manipulatives** Virtual sexy times anyone? Jilly's character is a lot like Sera's in that she's rather insecure and fragile though she tries to be a bad mama, **Serafina and the Virtual mandtbank online** She lacks trust went through a horrendous childhood which explains it all and yet she dreams of finding someone who really gets her and can get past her barriers, **Book Serafina and the Virtual man wearing** Adam's character is less developed but I still thought he was a lot of fun as handsome geeks generally are: **Serafina and the Virtual manfaat masker** He's not one of your forceful alpha-types but he does have quiet strength patience gentleness and passion so he's perfect for the tentative Jilly. **Book Serafina and the Virtual manipulatives** Again this was an enjoyable addition to the series and I look forward to Jack's story: **Book Serafina and the Virtual manchester** My thanks to Net Galley for the opportunity to read this one in exchange for my honest review thoughts, **Serafina and the Virtual manitowoc** Serafina and the Virtual Man (Serafina's #2) Serafina and the Virtual Man, **Serafina and the Virtual manitowoc** (Book 2 Serafina's) Marie Treanor Review from Jeannie Zelos Book Reviews: **Book Serafina and the Virtual manipulatives** I loved the first Serafina book so was keen to get onto this one. **PDF Serafina and the Virtual man wearing** This time Sera and Jilly are at the home of Dale Ewan chasing down a troublesome poltergeist. **Serafina and the Virtual manly** But as always the duo find more than they're looking for and Jilly comes across the gorgeous Adam, **EBook Serafina and the Virtual management** ? Once again Sera and Jilly with the rest of the team - Blair Jack Elsbeth and Mel - are head first in a dangerous mystery with surprises coming at them from all angles, **Book Serafina and the Virtual manchester** Its a really tangled web and one Jilly especially has a personal interest in as time goes by, **Book Serafina and the Virtual manheim** There's some sensual and erotic sex entwined in the story as with book one, **Book Serafina and the Virtual manga** I love authors who can do that write hot sultry sex that fits the characters and the plot so perfectly. **Serafina and the Virtual Man book** It just adds that bit of extra interest to the story and some realism to the characters. **Serafina and the Virtual manje** We learn more about Jilly in this book the last one concentrated on Sera and Blair and this time its Jilly's turn, **Serafina and the Virtual Man booklet** I love the way series do this bring something new but
