i. **Deception with keith barry** English Another delightfully engaging installment of the Savannah Coven series! This tale continues the trial but in an unsuspecting way to keep you guessing while stirring your emotions. **Deception with keith barry** Congrats Suza on another book well done!!! English Once again this series is fantastic! This time it's Claudia's trial and as with each book the stakes are raised and nothing is as it seems. **Deception with grinder** She loves writing mysterious places page turning suspense 8 & 9 of this series! English Absolutely enthralling! I couldn't put it down! English I enjoyed this book but it wasn't as exciting as the last book but I liked the way the story came together. **Deception with liam neeson** The more we learn about him the more I fell in love with him...over and over again! And was talking to my book telling Claudia I'd take him if she didn't!And the Coven.... **Deception with keith barry** There were more secondary plots and the others that were involved in previous books and that we met along the way (I won't be more specific in case you haven't read previous books) are all more involved and we continue to get to know more about them and be reminded about why we fell in love with them before. **Deception with keith barry** I sat down and read this book and even without the past ones to go on but with her trail upon her she fights tooth and nail not to fall for the sexy detective that calls to her, and has written fifteen novels with the help of lighted candles and full coffee mugs, **Deception with keith barry** Suza currently lives in the German countryside with her husband and two fierce attack cats—at least until a tractor drives by: **Deceptions with stephanie powers** mature-- story with characters that usually cater to children/young adults: **Deception with keith barry** Kate's! I eagerly await books 7.
