Don't you know you could end up eating them because you are a horrible Jaguar and are about to shift soon? She laughs in his face. **Moonlight Science Fiction fantasy football** One of the things that were really different about this world of shifters was that they did not have any kind of special healing powers or gift or whatever you want to call it. **Moonlight inn tagbilaran** It certainly made things interesting to know that if a shifter was hit by a truck crossing the street (which was not part of the plot I'm just making a point) then they would have to deal with the same ramifications and fears as everyone else. **Moonlightooze light bar** Romance Short Stories Science Fiction Fantasy I loved writing this book and this new series! I hope you'll all enjoy the Pack as much as I do! :) Thanks so much for reading! Lisa Romance Short Stories Science Fiction Fantasy

PNR fans hang onto something because werewolf shifter Adam Sloan will sweep you off your feet. **Moonlight retribution pdf** On the surface this is a formula shifter PNR troupe but Lisa developed some world building elements that created a new and interesting dynamic between wolf shifters and their enemies the jaguar shifters. **Moonlight streaming** Every time I thought we were heading into shifter PNR cliché territory the story would take a little unexpected turn or our hero would just be so damn charming I would forget. **Moonlight man** There was a moment when I thought I would have to go all *Bunny Foo Foo on the heroine because she was pulling the "I'll sneak away without telling my mate even though it will devastate me but it is for his protection. **Moonlight sonata sheet music pdf** If you are looking for a fast read because you won't want to put it down till you know what happens next and one that satisfies that PNR itch then give this one a try. **Pdf midnight sun** Romance Short Stories Science Fiction Fantasy First off I want to tell everyone who thinks they are

going to point their fingers in my direction and go HAHAAHA YOU love hot shifter reads!! Ya ya ya ya I think I can no longer fall back on the I have Harlequin PTSD excuse anymore. **Moonlight Science Fiction fantasy fiction** I read three books of a paranormal- nature last week one was my #TEAMVAMPIRE review book this one and probably should have read Moonlight last because it ruined me for the other shifter book I read. **Moonlight book box reviews** Lana is wonderful! She has survived after being a foster kid and never fitting in and as she has gotten older she starts to have black outs once a month during the new moon. **Moonlight lyrics** Why do I like this about her? Well I like how she deals with it proactively! Sure it gets her hunted when truthfully it is her who could be hunting them *wink* but this this is one of the reasons I adore Lana. **Moonlight mansion** Adam's struggle as I mentioned to be part of the pack or to embrace his destiny with Lana and her Jaguar shifter and to let Lana be her own woman along with many others. **Book midnight** I have read a lot of books with shifters I don't live on a hill looking down at all the urban fantasy books with my high literature and (shoving my zombie books under the couch) umm nose in the air I swear! *snickering* Seriously! But I am not a paranormal romance reader unless it really has a good hook. **Book midnight sun** sinker! Though I gotta admit I liked the villains! Gotta love me the bad boys and girls no matter how horrible they are to the team! Of course who led those guys wrong? Just how bad were they? Could it be those who are chasing Lana? Oh heck. **Book midnight** I fell asleep after swearing at Lisa telling her she kept me up till 6 AM and woke up to finish it only go and get all fangirl on her cute ass! She really outdid herself! Thanks for giving me a great read I have to agree with Froggarita this may be going on my favorite reads for Urban Parnormal Romance/Shifter/HOT/reads of the year!But between the hot yummy shifting goodness? I think this is a wonderful message of how differences do not have to be what keeps us apart. **Moonlightooze light bar** Romance Short Stories Science Fiction Fantasy ***Review posted on The Eater of Books! blog***Moonlight by Lisa KesslerBook One of the Moon seriesPublisher: EntangledPublication Date: July 15 2013Rating: 4 starsSource: eARC sent by the publisher***Warning: this is an adult book and for the eyes of mature readers***Summary (from Goodreads):Rancher Adam Sloan is more than meets the eye. **Moonlight man actor** What I Liked:I really enjoyed this book! I chose to read this book when I did because I had been (and still am!) under the pressure of reading a ton of July/August/September Young Adult releases that I requested a long time ago. **Book midnight** I love throwing an adult book in the midst of YA books just so I get my dose of steamy every now and then!So I really didn't know what to expect from Moonlight - because I wasn't necessarily reading it because I was dying to read it. **Book midnight** Of course there are twists and turns along the way and the action almost never stops!Lana and Adam both have a voice in this novel - they switch off about every chapter (in terms of the perspective of the novel). **Moonlight episode list** well I'm not going to give anything away but the very end - it just doesn't really make sense to me?And I wish things with Sasha a killer jaguar and Sebastian another killer jaguar and Aren Adam's twin brother made sense. **Moonlight mate pdf** Would I Recommend It:I most certainly would! I'm not sure what I was expecting with this one but I'm glad I asked for a review copy because I really enjoyed it! I'll definitely be hanging on to read the next book in the series! I know a lot of people are turned off by the idea of werewolf books these days (I'm one of them!) but trust me - this book is not what you might think!Rating:4 stars. **Moonlight manchester menu** PDF file immediately upon receiving it and was immediately introduced to the two main characters the elusive and beautiful Lana who blacks out every time there is a new moon and has no memory of the night and Adam the handsome and sexy horse-trainer who turns into a werewolf every time there is a full moon. **Moonlight Science Fiction fantasy football** Kessler tried to make him!Lana was abandoned at birth and moved around as a ward of the state until she was eighteen when she then put herself through college and became a freelance writer. **Best short moonlight stories** After she left the hospital (because she didn't want to be put in a psych facility to see if she had schizophrenia) someone sent people after her--men in grey jumpsuits who all had strange lion-heads with an N on the foreheads tattooed on their inner wrists. **Yiruma moonlight pdf** it is the night of the new moon and Adam leaves Lana to her own devices but takes a photo of her in jaguar form for proof that this strange

naive and enticing girl really does shape-shift into a jaguar on the nights of the full moon. **Moonlight or moonlight** She now has the unwanted protection of a werewolf--as Adam claims himself to be--and one of his Pack members Gabe is left dead practically at their feet killed by another jaguar. **Moonlightmask4** But what can Dam do when he finds his mate in Lana--a jaguar the werewolves' longest and most ruthless enemies? Trying to work out the age-old feud of cat and dog Adam and Lana must escape persecution from Nero and the Pack all while keeping Lana safe trying to find her birth parents and avoiding Sebastian--the sexy jaguar who is originally assigned to capture Lana but becomes much more than an assassin. **Moonlight cast** It takes the reader to new thought levels about the racial issues of the 60's (when it was illegal for an African-American to marry a Caucasian) and the LGBTQA issues that are happening right now in America. **Yiruma moonlight pdf** I've been dreaming up stories since I was in elementary school: **Book midnight sun** My first book was titled The Wonders of Unicorn Creek and my publisher was Dehesa elementary school, **Moonlightmask4** Since then I've published numerous short stories in anthologies and magazines. **Moonlight pdf** I've been dreaming up stories since I was in elementary school, **Book midnight** My first book was titled The Wonders of Unicorn Creek and my publisher was Dehesa elementary school. **Moonlight streaming** Since then I've published numerous short stories in anthologies and magazines. **Moonlight bookstore** My debut novel Night Walker was released in 2012 and won a San Diego Book Award for Best Published Fantasy SciFi Horror: **Moonlight book** Night Walker also won the Romance Through the Ages in the Best Paranormal and Best First Book categories. **Moonlight book cover** The final book Night Child will be released in March of 2014, **Moonlight Science Fiction fantasy fiction** In the meantime I have a new series beginning in July 2013 with Moonlight Book 1 in the Moon Series, **Moonlight episode list** I also post news and short stories on my Blog so feel free to stop by for a read, **Moonlightooze light bar** {site_link} tales are my favorite and I tend toward the dark side. **Moonlight book club** Join me? :) {site_link} Rancher Adam Sloan is more than meets the eye, **Moonlight mate pdf** As the heir to his Pack the sexy werewolf's biggest challenge is keeping his kin's true nature under wraps: **Moonlight inn mandaue rates** But a group of jaguar shifters threatens to reveal the pack blasting into town killing humans in plain sight: **Moonlight song** And when he smells one at the local diner his standing orders are to take her out: **Moonlight monument tour washington dc** Raised in the foster system she only knows that she blacks out during the new moon and wakes up without remembering a thing. **Master oogway moonlight** But now she's being tracked by some strange organization that wants her back—even though she's never stepped foot inside their compound, **Moonlight lyrics** And the stranger across the diner is watching her like an enemy: **Oolong moonlight** It should be a simple mission for Adam but when he touches the frustratingly beautiful Lana his inner wolf howls...mate: **Moonlighter book prices** Now the two must find and stop the people who hunt her...and Adam must keep his own family from killing the only woman he will ever love. **Moonlight science fiction fantasy pdf** Moonlight (Moon #1) This was a terrific book I feel I would have loved it even more had the heroine cried less: **Moonlight sonata 1st movement pdf** The heroine Lana was abandoned when she was a child and has no idea about where she's from except that she was wrapped in a sweatshirt. **The jungle book moonlight talk** I don't want to sound apathetic but I got tired of that little detail fast: **What is the difference between epub and ebook** Lana was a jaguar shifter and Adam the hero was a wolf: **Moonlight inn cebu** I did understand what she was going through but she threw the word racist around so much it started to irk they were the same race just not the same species. **Moonlight song** I liked that she didn't fall in love immediately even though she thought Adam was the hottest guy she knew her brain did not immediately turn into mush, **Moonlight inn cebu** There were so many unanswered questions especially about Lana and the organization that is chasing her I hope it's all laid out in the next book. **Science fiction fantasy moonlight fantasy** Romance Short Stories Science Fiction Fantasy Moonlight by Lisa Kessler 1st book in the Moon series: **Moonlightooze light bar** Lana doesn't know she's a shifter when Adam finds her in a diner and demands to know what she's doing there. **Moonlight mansion** Now she's a mate? What is happening in this crazy world? Cat and dog: **What is the difference between epub and ebook** A

bit of humor in this world of shifters killing predators and scientific experiments, **Moonlight sage** I especially liked a resolution near the end that I thought was perfect. **Moonlight publishing** Romance Short Stories Science Fiction Fantasy Lana is a jaguar shifter while Adam is a wolf shifter. **Moonlight meaning** He keeps her a secret from his father the Alpha and the Pack because Adam knows they would never accept Lana, **Book midnight** How can a wolf and a jaguar be mates? Sebastian an assassin is sent to kidnap Lana. **Moonlightmask4** When he fails his mission the Organization sends a second assassin Sasha to complete the job, **Moonlight Science Fiction fantasy fiction** How can Lana put Adam and his pack at risk? Can she escape the assassins? I am always sceptical of shifter novels: **Moonlight publishing** I look forward to reading other paranormal romances by Lisa Kessler, **Moonlight lyrics** There is adult language and steamy love scenes in this novel. **Moonlight books penzance** It began with one of the most eye-roll inducing instaloveyist instaloves I ever read, **Moonlight vs sunlight** The hero knew he was in love with the heroine within twenty-four hours and was just walking around in a haze of hearts with cupid's arrow sticking out of his ass: **Moonlight pdf script** Call it stubbornness but I think it was just because I was bored. **Moonlight drawn by clouds book** There was the faintest likelihood of a love triangle that wasn't really a love triangle but brought out some super fun jealousy. **Moonlightmask4** Yet somehow it managed to be really fun and quite entertaining: **Book midnight in the garden of good and evil** Adam is a werewolf and does know it and also knows Lana is a Jaguar (wolfy smelling skills), **Moonlight inn bg3** Lana is on the run from shady dudes that she believes are from a mental hospital, **Moonlightooze light bar** She went to the hospital for what she thought was a mental illness of some kind but was actually her shifting into a giant cat every full moon and blacking out: **Moonlight streaming** Then the shady dudes that Lana thinks are from the hospital show up except they are carrying guns are most definitely not from the hospital, **Moonlight episode list** When he touches her he gets that special kind of tingle that means they are mates, **Moonlight pub** From there we have the standard man must protect mate thing: **Moonlight sonata pdf imslp** She is of course wildly attracted to him too but it turns out that Jaguars don't do the mate thing. **Moonlight science fiction fantasy book** BUT something both werewolves and Jaguars have in common is that neither have females born as shifters, **Moonlight streaming** Both werewolves and Jaguars have to bite the human females of their choice converting them into shifters before they can start a family, **Moonlightooze light bar** Lana finds out that she is one in a million and that is why she is being hunted: **Moonlight inn sudbury** There is a reason she is the way she is and she is wanted by all sorts of people, **Moonlight man actor** Or specieism? Is that a thing? Adam and his pack have to take a look at the way they automatically hate every Jaguar they see. **Moonlight sonata 1st movement pdf** Even if the Jaguars they have dealt with are all awful they shouldn't condemn the entire shifter species, **Moonlight Science Fiction fantasy fiction** Adam has less of an issue with this because he has the whole mate thing going for him, **Short stories with meaning** But he knows his pack would never accept her so he doesn't take her home to meet the family. **Moonlight meaning** She has no choice but to remain his dirty little secret and that doesn't bode well for their relationship, **Short stories with deep meaning** Because Lana didn't grow up with Jaguar parents telling her that werewolves are awful she has no prejudice, **Book midnight** She is understandably angry when Adam's pack hates her on sight when they know nothing about her. **Moonlight streaming** And I really liked the way it was resolved in the end because it could have been done badly and instead I found myself tearing up: **Moonlight manchester menu** While this may just be me I found it really really weird that a werewolf trained horses: **Moonlighting** Wouldn't there be some underlying wolfy smell that would cause unease in a horse? The smell must linger. **Moonlightmask4** But it just stuck out as strange to me throughout the entire book: **Esa moonlight pdf** Why do horses love him? And even more why with Lana too? Would a Jaguar eat a horse on the full moon? I mean she killed and ate a squirrel once. **Oolong moonlight** Are horses just too big? What if Adam was super hungry in wolf form? Wouldn't he spook the hell out of his horses? I HAVE SO MANY QUESTIONS. **Moonlight science fiction fantasy fiction** The entire thing was pretty much tell with very little show. **Moonlight bookmyshow** I was exhausted and in a lot of pain

(stupid knee) and I really didn't mind everything being spoon fed to me, **What is the difference between epub and ebook** I didn't have to work for anything and I was totally okay with that: **Moonlight book** It wasn't really a problem for me because I'm pretty sure that's why we read shifter romance: **Moonlight science fiction fantasy pdf** There is an animal in the men and it gives them a legitimate excuse to act that way without it being an issue: **Moonlight sonata sheet music pdf** The fact that Lana was a Jaguar didn't really change her personality much and I kind of wish it had, **Moonlight Science Fiction fantasy fiction** What would giant cat qualities be like? There was an interesting opportunity there to use cat vs, **Moonlight inn vandergrift** If they were shot they bled and had to heal like everyone else, **Moonlight publishing** If they broke a bone they had to be off their feet for a month or two (or more if they actually listened to their damned doctor). **Moonlight man book** It gave them a vulnerability that I don't think I've ever read in a shifter romance, **Short stories with spiritual meaning** More in fact because no shifter wants to go to a hospital, **Moonlight Science Fiction fantasypros** Hospitals are the fastest way for their shifter existence to be exposed, **Moon light or moonlight** It wasn't earth shattering or probably even award winning but I thoroughly enjoyed reading it and do plan on continuing with the series, **Moonlight Science Fiction fantasypros** The next book is about Adam's twin brother and I just know who his mate is going to be and I can't wait to see how it plays out, **Best short moonlight stories** Kessler has a way of writing characters you will care about even the bad guys, **Moonlight inn vandergrift** One of my favorite in this story is Sebastian a jaguar shifter who will need a lot of redeeming but I find that trait sexy, **Moonlight sage** Add to this the fact that I adore forbidden love stories and she had me hooked. **Moonlight sage** " but she was saved from a bopping because she didn't get to do it and I was impressed with Adam's reaction when he found out she was going to do this: **Pdf midnight sun** He was mad as he should be and didn't welcome her with open arms: **Moonlightmask4** Kudos to Lisa Kessler for not letting the heroine off easy. **Moonlight inn tagbilaran** We meet many characters in this series debut and are given hints of future stories that need to be told: **Book midnight gang** *Bunny Foo Foo is when a character acts in a way that makes me want to scoop them up and bop them on the head: **Oolong moonlight** Writers like Lisa Kessler have driven the flashbacks far back into a cobweb infested corner of my demented mind: **Moonlight inn cebu** How do I love it? Well let me count the ways or at least give you some examples. **Moonlightmask4** Lana Though written in a somewhat formulaic paranormal romance style of an alpha female meets alpha male and butts heads until she realizes she needs him to rescue her: **Moonlight episode list** There is no hint of a churned out story Lisa Kessler has a gift. **Moonlight inn mandaue rates** She is one HELL of go getter! AdamAdam is actually a blend of the myriad of alpha male characters you find in paranormal romances: **Moonlight inn cebu** He is a brooding indecisive individual who always wants to save the day and the woman he is with: **Moon on kindle fire** Driven by the rules of the pack and his immediate attraction to Lana which is beyond his control his personality sometimes seems to go on Swing Ride for a bit. **Ebook definition** Made me wonder if he would ever get off! There were times I wanted to choke him!But I was going to tell you what I love about him, **Esa moonlight pdf** I love how he loves his family though will walk away from her for the woman he is meant to spend his life with despite their differences. **Moonlight sonata** What makes this completely different than most cookie cutter paranormal romances is Lisa Kessler switches back and forth from Lana and Adam's point of view, **Moonlight Science Fiction fantasy fiction** Each chapter is labeled with whose name (turn) it is and we see each of their inner struggles from their voice not from the outside of what is going on around them. **Moonlightmask4** Lana's struggle to let her guard down let Adam in and allow herself to be loved, **Moonlightooze light bar** Yep I think I am taking Lisa on my next fishing trip we will clean up and I will have a freezer full! She had me (excuse the cliché) hook line and . **Moonlighting** is that a spoiler? CRAP! HAH! I read this almost straight through. **Moonlightmask4** Just because one group kills your kind doesn't mean all are the same, **Moonlight cast 5** - double paw prints my friend! In honor of Lana! (cuz she's my fav) Romance Short Stories Science Fiction Fantasy My Adam - Ooffftttt. **Epub vs open epub** It was well worth a read i would recommend & read more by this author. **Master oogway moonlight** As

the heir to his Pack the sexy werewolf's biggest challenge is keeping his kin's true nature under wraps, **Moonlight sonata** But a group of jaguar shifters threatens to reveal the pack blasting into town killing humans in plain sight, **Moonlightooze light bar** And when he smells one at the local diner his standing orders are to take her out: **Moonlight inn vandergrift** Raised in the foster system she only knows that she blacks out during the new moon and wakes up without remembering a thing: **Moonlight Science Fiction fantasy football** But now she's being tracked by some strange organization that wants her back--even though she's never stepped foot inside their compound. **Moonlight Science Fiction fantasy fiction** And the stranger across the diner is watching her like an enemy, **Moonlight pp** It should be a simple mission for Adam but when he touches the frustratingly beautiful Lana his inner wolf howls: **Short moonlight stories with moral** Now the two must find and stop the people who hunt her. **Moonlight man actor** and Adam must keep his own family from killing the only woman he will ever love: **Moonlight inn vandergrift** This book already came out but it's a respite from all those YA books that I've been reading: **Epub metadata example** But I was happily surprised when I started reading and was completely sucked into the story, **Moonlight pp** everything was so intriguing! The plot was filled with action! Usually with adult romance books it's all about the romance. **Moonlight sonata sheet music pdf** While the romance played a huge part in the book the plot clearly dominated: **Moonlight sonata sheet music pdf** Basically Lana is on the run from a medical institution but she has no idea why they want her, **Moonlight man** She finds out via Adam a man she runs into at a restaurant that she is a were-jaguar and he is a werewolf. **Ebook definition** What follows after is Adam protecting Lana from two jaguars intent on bringing Lana in to the institution (Nero I believe), **Moonlight requirements** I feel like this is excellent in terms of showing the character development for both characters. **Moonlight Science Fiction fantasypros** With Lana you see exactly what she is thinking and exactly what she thinks of Adam: **Moonlight meaning** With Adam you see what he is thinking and what he thinks of Lana. **Moonlight mate pdf** The character development progressed nicely and I loved reading how each protagonist grew page after page. **Moonlight inn tagbilaran** Lana is afraid of being with Adam because she knows that werewolves instinctively hate jaguars especially when the two jaguars hunting Lana are killing and injuring werewolves. **Pdf moonlight sonata** But Lana and Adam quickly fall in love and they can't part ways, **Moonlight sonata pdf imslp** Adam keeps something from Lana that is crucial to werewolves and that should be impossible for jaguars. **Ruby moonlight pdf** I really enjoyed the chemistry between Lana and Adam! They really made sparks fly: **Pdf midnight sun** No love triangle - just Adam acting like a jealous boyfriend whenever a male is around Lana, **Best short moonlight stories** This story ends very very well! Adam and Lana get their happy ending and then some: **Moonlight sonata** Aren does not get such a happy ending and we will see him featured in the next book. **Moonlight sonata 1st movement pdf** Nevertheless Moonlight was very satisfying! I'm so happy to have had the chance to read it, **Moonlight sonata** What I Did Not Like: I guess I'm still confused about how Lana is a jaguar (since women aren't born jaguars): **Yiruma moonlight pdf** I mean I know the author went into an explanation about experiments but it didn't seem good enough you know? And at the very end when Lana and Adam. **Moonlight book** I can see where things are going for each of them but in the story I was confused towards the end with their respective roles in the book, **Moonlight Science Fiction fantasy 5** So basically I wanted to know more about the experiments and why Lana is the way she is and more about her parents and her life: **Moonlight mile kindle** None of this is really explained but perhaps in later books they will be explained. **Moonlight sonata** This yummy adult read will go by quickly and is sure to keep you invested even past the end! Romance Short Stories Science Fiction Fantasy When Mrs: **Moonlight Science Fiction fantasy football** Kessler announced her book blog tour for Moonlight I immediately volunteered to host an interview and do a review for the novel before its release on July 15th. **Pdf moonlight sonata** Why? Because after having read and reviewed her first two vampire novels in the Night Series I knew that her werewolf-epic would be nothing short of incredible, **Moonlight sage** I am not a big fan of werewolves as I love vampires but this novel isn't just about a wolf. **Moonlight sonata** Immediately I liked Lana recognizing her as a tough-spirited

girl unlike what used to be the norm for the typical female lead in a romance novel, **Moonlight Science Fiction fantasy fiction** And I am not a typical romance reader but Adam certainly sounded as sexy as Mrs. **Moonlight inn mandaue rates** When she turned eighteen is when the blackouts started you see and that was when she went to a hospital and had a CAT scan done on her brain. **Moonlight inn tagbilaran** She evaded them and came to Reno where she had the fortune/misfortune of running into Adam in a diner after he tells her he smelled her scent from outside, **Moonlight book club** what a way to win a woman over huh? When he tells her she is a jaguar she laughs and doesn't believe him: **Moonlight sage** When he is about to say more the diner doors burst open and the men in the grey suits are back for Lana again and this time there is nowhere to run. **Moonlight retribution pdf** Adam leaps (literally) to her rescue seeing that whoever these men are Lana does not want to go with them: **Pdf midnight sun** Why is he protecting the very thing he wished to kill upon smelling her distinctive jaguar scent? That's a reason he refuses to let himself think about at the moment: **Warriors moonlight pdf** She now has to find out who she is and quick: the Nero Organization is still looking for her and now one of her own kind is out killing members of Adam's Pack: **Moonlight book** Adam has his own problems without having to deal with jaguar assassins too, **Moonlightmask4** His father Pack Alpha Malcolm is pressuring him to find his mate so that he can one day lead the Pack as is his rightful duty as Malcolm's first-born son: **Book midnight sun** What I really liked about this novel was the underlying theme of bigotry and stereotyping. **Moonlight inn tagbilaran** The Pack thinks all jaguars are evil killers so Adam can't bring his mate home to meet them, **Moonlightooze light bar** The jaguars think all wolves are weak creatures therefore they are worth nothing but contempt, **Moonlight man actor** Kessler's previous novels but it was not the dominating factor in the story. **Moonlight book box reviews** The true emotion that this story focused on was not lust or fear but love, **Moonlight manchester menu** It was about loving your mate loving your family and loving yourself and learning to accept yourself as you are because when you do others will start to accept you too, **Book midnight** The characters were amazingly well-written from the leads to the supporting everyone from the assassins to the members of Adam's Pack were well-rounded fully-developed people. **Moonlight sonata sheet music pdf** You felt like they were real as you read about each of them in turn: **Moonlight Science Fiction fantasy fiction** Read this novel as soon as it is released because I can guarantee you you will be taken on a page-turning ride of your life into Mrs. That's generally how my writer brain works. That's generally how my writer brain works. Since then Night Thief and Night Demon have been released. Lana Turpin doesn't realize she's a moving target. I expected her to be tougher. Another issue I had was the whole race thing. I don't know why but I had an issue with that. Despite all that I liked certain things about Lana. Paranormal shifter romance. Jaguar and wolf. I enjoyed Lana and Adam together. It is a bit of a cliffhanger on the overall series. When Adam touches Lana he knows she is his mate. They might even kill her. He is to take her to the Nero Organization. This one meant my expectations. The main and secondary characters are like family. There are subplots that are not resolved. I am satisfied with the ending of this book. Romance Short Stories Science Fiction Fantasy 3.5 stars. Mostly for fun factor. Okay all for fun factor. This book was fun. This book was a big surprise for me. Seriously bad stuff. It seemed utterly ridiculous to me. Not gonna lie I was ready to DNF. To just walk away. But for some unknown reason I kept reading. But I kept going. And then somehow the plot thickened. Shit started going down. The heroine was spunky and smart. The romance really kicked up a notch. More characters were introduced. And I found myself having a damn ball. It was far from perfect. Actually it had a lot of issues. Annoying ones. Too much this. Not enough that. Plot: Werewolves hate Jaguars (shifters) and vice versa. Lana is a Jaguar but doesn't know it. Obviously he's off his rocker. But the danger is real the full moon is that night. Adam kicks their asses and helps Lana escape. He is upset to say the least. Interspecies mates aren't a thing. Plus their kind hate each other. Interesting twist. She has to figure out she loves him on her own. There is an interesting look at racism throughout the book. It gave the book surprising depth. Someone was probably just cutting onions near by. Whatever. In fact a whole lot of werewolves. He has a ranch he lives there. So do the horses obviously. They shift

once a month. Is this a weird thing to wonder? I don't know. The writing itself left a little to be desired. Fortunately that worked for me. Adam was a chest thumper all alpha don't-touch-her-she's-mine. I mean werewolves have wolfy qualities. dog personality stuff. All in all this was a really fun read. I am very hard on PNR. There seems to be too much plot recycling. Same story different names. That saved Lana a bopping on the head from me .4

Sheep<http://www.ismellsheep.com/2013/07/bo>. I loved this book. Lana still ends up making the story fresh for me. I love the way he loves her. So passionately with every ounce of his being. It was very refreshing and very well done. totally hot yummy werewolf . wait. right? *wink* again . good job. Enemies to lovers story with a paranormal slant. Mystery Sex Drama Action Death Life.Lana Turpin doesn't realize she's a moving target.mate. The plot the characters the romance.The romance is both sweet and terrifying.and I was correct.it is about being human.I opened the .the best occupation for someone on the run. It was clear that they wanted her. Wow.But learning her true identity isn't Lana's biggest problem.and she doesn't want to see Adam hurt.As for the romance it was a bit steamier than Mrs. In fact neither was the theme of the hunt for Lana. Kessler's mind.Amazing! 5/5 Romance Short Stories Science Fiction Fantasy.
