

Decision Making in Criminal Justice: Toward the Rational Exercise of Discretion (Law, Society and Policy, 3) By Michael R. Gottfredson **Decision Making in Criminal Justice ebook reader** By a rational decision we mean that decision among those possible for the decisionmaker which in the light of the information available maximizes the probability of the achievement of the purpose of the decisionmaker in that specific and particular case (Wilkins 1974 70; also 1969),

## PDF Decision Making in Criminal justice exchange

The study of decisions in the criminal justice process provides a useful focus for the examination of many fundamental aspects of criminal justice: **Decision Making in Criminal Justice publishing** The aims of the decisions are not always clear and indeed the principal objectives of these decisions are often the subject of much debate: **EPub Decision Making in Criminal justice league** Often the participants are unable to verbalize the basis for the selection of decision alternatives: **Decision Making in Criminal Justice ebooks online** This definition which stems from statistical decision theory points to three fundamental characteristics of decisions. **Decision Making in Criminal Justice kindle paperwhite** First it is assumed that a choice of possible decisions (or more precisely of possible alternatives) is available. **Decision Making in Criminal justicelink tulsa** If only one choice is possible there is no decision problem and the question of rationality does not arise: **Decision Making in Criminal Justice pdf converter** Usually of course there will be a choice even if the alternative is to decide not to decide—a choice that of course often has profound consequences. **Decision Making in Criminal Justice kindle direct** Decision Making in Criminal Justice: Toward the Rational Exercise of Discretion (Law Society and Policy 3).

. These decisions are not always highly visible. They are made or dinarily within wide areas of discretion. Usually they are not guided by explicit decision policies. Adequate information for the decisions is usually unavailable. Rarely can the decisions be demonstrated to be rational
