

The Demeter Flower By Shelley Singer Singer imagines an entire society created and governed by women who have survived the violent collapse of late-twentieth-century patriarchal society by withdrawing to their own village and guarding their newly-discovered secret of parthenogenesis. Demeter Flower es sin lugar a dudas una de las mejores narrativas de la utopía lesbiana su baja proyección suele ser opacada por otras utopías de este tipo mucho más populares como The Wanderground o Motherlines sin embargo Demeter Flower ofrece una narrativa sencilla cautivadora y con una importante y valiosa crítica feminista. En general la historia está relatada desde el punto de vista de Morgan cronista de Demeter aldea íntegramente femenina con una estructura igualitaria una ética lesbiana y una importante conciencia ecológica (en ese sentido contiene los elementos clásicos de la utopía lesbiana). La tranquilidad de la aldea se ve interrumpida ante la llegada de dos forasteros Bennett y Donna quienes exponen a las integrantes más jóvenes de la aldea a la realidad del mundo feudalista y patriarcal exterior; no obstante a ello existe otra línea argumental donde las integrantes más jóvenes de la aldea desean fundar un nuevo asentamiento las dos líneas argumentales se ven enriquecidas con recuerdos de las integrantes más ancianas sobre los procesos políticos y económicos que dan paso a la caída de las ciudades y la fundación de Demeter en sí misma. La estructura de la historia contiene los elementos clásicos de la utopía lesbiana-separatista (un mundo igualitario habitado por lesbianas que se reproducen partenogénicamente cuyos valores contrastan con el distópico mundo exterior donde persiste el patriarcado). Sin embargo el valor de la novela recae esencialmente en su narrativa la correlación de distintos puntos de vista y el impacto al contrastar a las habitantes de Demeter con los forasteros.

Like Charlotte Gilman's Herland or Joanna Russ's The Female Man The Demeter Flower is the story of a female utopia: The peace is shattered when a pair of outsiders a man and woman from the medieval patriarchal culture that has developed in the world outside arrive at the village, A probing thoughtful story of conflict and survival love and the reality of change and struggle, The Demeter Flower La primera y (hasta donde conozco) única novela de Rochelle Singer, El único inconveniente es sin lugar a dudas la falta de una secuela pues Demeter Flower es una novela cautivadora cuyas personajes aún podían ofrecer muchas más aventuras, 9780312191955 I read this many years ago as a young woman and it profoundly affected me probably because it was one of the first if not the first all-women utopias I read. Shelley Singer is the author of a dozen published novels and many short stories: One of her mysteries was nominated for the prestigious Shamus Award of the Private Eye Writers of America. She has written mysteries science fiction and mainstream fiction, Singer began her working life as a reporter with UPI in Chicago: During a checkered and mercifully brief journalism career she met such luminaries as Nikita Khrushchev Jimmy Hoffa Xavier Cugat Mrs. She teaches fiction writing classes and does manuscript consulting: Shelley Singer is the author of a dozen published novels and many short stories, One of her mysteries was nominated for the prestigious Shamus Award of the Private Eye Writers of America, She has written mysteries science fiction and mainstream fiction.
