He captures... Full Review: <http://www.examiner.com/review/dad-ti>. I will definitely read it again. Started this book at Father's Day. Seemed appropriate. It was a good book overall. An amalgam of Pastor Lucado's earlier books. My only regret is there is no table of contents. He truly admires God. That is exactly what God has done. We were wired to receive it. Children are like wet cement. What is modeled for them imprints their character. It also took away my fear. No energy is too great. No effort too demanding. So will God. Call him Father.—The Great House of God My child's feelings are hurt. I tell her she's special. My child is injured. I do whatever it takes to make her feel better. My child is afraid. I won't go to sleep until she is secure. I'm not a hero. I'm not a superstar. I'm not unusual. I'm a parent. When a child hurts a parent does what comes naturally. He helps. Envision a father helping his son learn to ride a bicycle. The father stays at the son's side. He is with us to the end of the age. Shortcuts will lure you. Sirens will call you. But don't be foolish or naive. Do what pleases God. Nothing more nothing less. Yet his actions speak volumes about prayer. Each time a parent prays Christ responds. Raise them in a greenhouse of prayer. His was simple—no incantation or chant. But Jesus responded.) If something is important to you it's important to God. (agree) Your kids will not be perfect at least not right away. Over time and with hard work things fall into place. Maybe not perfect but perfectly all right. Religion Spirituality Christian My first Max Lucado read. A superb humbling convicting inspiring resource. Religion Spirituality Christian.
