

It Is Time For YOU To Be Financially Free! By Patricia D. Cota-Robles **Pdf it is time for you to be financially free download** Cota-Robles is apparently a spiritually advanced being and communicates the message that abundance is our divine birthright or rather Divine Birthright but in order to attain financial freedom we first need to clear our relationship with money. **It is time for you to be financially free book** Everyone has presumably heard of tithing paying 10% of our income to the Church (which I certainly am not going to do ha ha!) or some other spiritual institution or the like that we would like to support. **It is time for you to be financially free epub reddit** Patricia does present a useful alternative suggestion which I hadn't heard before and which I may well try - that of making a small contribution for example \$5 or \$10 dollars here and there claiming one's ten-fold return each time. **It is time for you to be financially free pdf reddit** Here is an example of her style: "After we invoke the Violet Light of Forgiveness together as One Unified Consciousness we will join with the entire Company of Heaven and magnetize the Cosmic Forcefield of Prosperity that is pulsating in the atmosphere into the everyday lives of all Awakened Light Beings evolving on Planet Earth. **It is time for you to be financially free epub download free** "She does provide a page of useful prosperity affirmations (but if I understand her correctly they won't work unless we tithe) and concludes the book with a meditation to transmute poverty consciousness though the latter is too much for me again owing to her weightiness. **It is time for you to be financially free book** This incredible book clearly describes how we can change our attitudes and beliefs about money and naturally open up to the flow of God's infinite abundance through prosperity consciousness,

It is time for you to be financially free urban dictionary

I have no quarrel with most of the content or rather message in this little book. **It is time for you to be financially free x twitter** Patricia Tells us that the "Natural law of the Universe" is give-and-take. **Pdf it is time for you to be financially free download** "You have already accepted your gift of life and now you must give something back to the universe: **It is time for you to be financially free ebook download pdf** " I take exception here to Patricia's tone and the fact that it is an injunction: **It is time for you to be financially free book** But I know that many (but not all) experts on the subject advocate the practice of tithing. **It is time for you to be financially free podcast** She says that eventually we will begin to experience the wonderful "Flow of Prosperity": **Book it is time for you to be financially free pdf** I find this method more suitable to my present financial situation, **It is time for you to be financially free xl** This now brings me to main complaint - Patricia's hifalutin style of writing. **Book it is time for you to be financially free book** I find her style largely unreadable as I often have to read her sentences again and again in a vain attempt to comprehend her meaning: **It is time for you to be financially free pdf reddit** This is due to her heavy dense compact style overloaded with lofty spiritual concepts. **It is time for you to be financially free uk** sublime exalted weighty grand or grandiose words phrases and expressions: **It is time for you to be financially free urban dictionary** In order to increase the weightiness of her words she maximizes the use of capital letters bold script italics and so on: **It is time for you to be financially free book pdf** She uses these techniques again and again throughout the book throughout all her books as far as I can see, **It is time for you to be financially free book** I'm sure there is a literary term denoting Patricia's style of language but I'm not familiar with it: **It is time for you to be financially free podcast** In short I can't recommend this book since I find that Patricia's style detracts from her message which is how best to let go of poverty consciousness and attract abundance: **It is time for you to be financially free urban dictionary** Cota-Robles Our financial limitation is based in poverty consciousness: **It is time for you to be financially free poem** In order for us to be poor we must first accept poverty as our reality. She commands us to give away money. Or rather she commands: "WE MUST GIVE AWAY MONEY". But Patricia takes this to a whole new level. She states: "you don't have any choice in the matter". Thank you Patricia. There is no lightness or humour only lofty. Patricia D. It Is Time For
