CLASS IS BACK IN SESSION! From selecting wines to selecting a mate I am re-branding etiquette, II Gentlewoman: Etiquette for a Lady from a Gentleman This book had me in tears many times because it showed me how amazing of a Gentlewoman I am. It's nice to know men value and respect our role as a woman. This book truly uplifted my spirit help me develop even more self-love for myself: Great and funny tips for all woman in various situations to read: Gentlewoman: Etiquette for a Lady from a Gentleman I think Bereola achieved the goal he set for this book; to reiterate an uplifting message to women from a mans view, His no-nonsense personality showed through his words and I appreciated his candid presentation. Gentlewoman: Etiquette for a Lady from a Gentleman I don't really believe in self help books, However when I saw an etiquette book for women written by a man I had to read it: (Granted I had all the enthusiasm of a teenager sitting through a parental lecture: I may have actually rolled my eyes when I heard its author was masculine:) I didn't discover anything revolutionary in this book but I did enjoy hearing old principles from a modern man's perspective: Although there's nothing new in this read the author wasn't preachy and relayed good points: He made allowances for the hyper feminists and those of us who quite like our time honored gender roles, We like chivalry and being ma'am-ed isn't about age down here. Gentlewoman: Etiquette for a Lady from a Gentleman It had some good points however there was too much spiritual and religious talk for my taste, also I would have loved more things about the etiquette (mainly social): oh well Gentlewoman: Etiquette for a Lady from a Gentleman I read the book and decided to rate the book somewhere between 3 or 4, The fact that the writer spoke for God throughout the book just screamed delusional to me! With that being said; I appreciate his perspective: Which was refreshing since women are often seen as just sex objects and nothing more these days, It was wonderful to read that our worth is noticed and appreciated. Not only that; the writer reminded us women that we are all a queen in our own right. I did indeed enjoyed the book even though I was not too sealed on all the bible quotes: Very uplifting I must say! Gentlewoman: Etiquette for a Lady from a Gentleman.

This book was totally amazing and uplifting. Kudos to Mr. I can read this over and over again. It was

uplifting and the content was beautiful. As the author repeats pick up your crown ladies. They are not. Every page brought a reminder or a new lesson. Rare. Legendary. You. (c)Q: Wear your crown. (c)Q: I can provide clarity from an unbiased perspective. I can provide balance. I don't want to change you. I want to add to you. You'll willingly change for yourself. (c)Q: Chivalry isn't about male dominance. Courteous behavior isn't limited to men. Chivalry is for Ladies too. Fall in love with yourself first. (c)Q: Love people and use things. Don't use people and love things. You must acknowledge and walk in your own splendor. Confidence isn't based upon compliments. (c)Q: Women who fit in hardly stand out. Celebrate authenticity and unapologetically be you. The whore is as worthy as the queen. Don't allow society's judgment to confuse you. God's truth is often the world's fiction. Acting on your sexual desires doesn't decrease your worth. You can't ride your way from God's love. The One who designed you determined your value. Now act like it. Don't let little lies grant access to your lovely life. Your value can't be diminished by your life choices. God's love isn't conditional. You're always worthy. It's up to you to accept this. The voice that ruins most dreams is your own. Stare at your scars until they become beautiful. They're reminders. You're only a victim if you don't get back up. Don't let anyone or anything take your power. You become boring when you're unaccompanied by intellect. At this point being smart is cuter than being cute. Be so good that you can't be ignored. You're here for an instant. We prefer an awe-inspiring soul. Congratulations if you have all four. (c)Q: You're not a doll. The results are similar to prying out teeth no anesthesia. (c)Q: Partnerships are useless with no connection. Life is a balancing act. (c)Q: You're still here. You still have a purpose. Mornings are a beautiful reminder of that. Focus and allow your joy to flow. Let your mind be at ease and get your clarity. Do this daily. (c)Q: The gentlewoman way. Here's your crown. Easily digested. Well written and very uplifting. Will read again and highly recommended to any and everyone. She walked in greatness influencing nations with each step. She's much more than a victim with hips. Making manners beautiful again. -E.B. Also there were a surprising number of grammatical errors. Overall I appreciated this book and his honesty. (Sorry feminists I'm from the South.) Additionally Mr. Bereola gave me a new quote I can't wait to use. Thinking like a man is a waste of a woman. Ultimately I rated the book a four. He gave a lot of positive feedback. Nevertheless; his message was well received. Thank you for the reminder. I needed to hear your wise words
