

Love Show By Audrey Bell **Live showing vk** They were friends with benefits after all :D I got lots of friends but I wanted more benefits :D Still it didn't bother me much because I really liked the dialogues as well as the characters. **Loveshowlyrics** You have college senior Hadley Arrington who is so focused on her future journalism career she doesn't have much of a social life other than hanging with her gay BFF she lives with named David. **Love showcase vimeo** Jobs took precedent choices had to be made friendships were tested loyalty was as delicate as glass close to bending and breaking-but tougher than a diamond grittier than dirt in it's determination.... **Love show mirage las vegas covid** Can you imagine if criminals went around saying they fell into hatred or jealousy and that's why they killed four people or robbed the bank? We act like love is this uncontrollable thing. **Love Show ebook** But throw out the word 'love' and everyone thinks all the rules should go right out the window and who can help it if someone gets hurt? I'll go ahead and admit that this is the first book of the year-and in a long fucking time I assure you-that made me bawl like a baby. **Show me how to love you book** Their love was something that blinded me from the fire-hot passion they shared...and that's why I lost it emotionally speaking...I just couldn't handle when the fire turned to embers in the ashes. **Love show mirage las vegas covid** But enough about the seriousness with which this novel was underhandedly constructed (it took my breath away like a thief in the night the smug bastard) I want to talk about all the good things-and believe me there were too many to count (about 90% perfection for real). **Book lover gifts** One of my favorite parts I'm going to start with hold your horses everyone and their brother knows I will most definitely get to Jack (Jack don't let me go Jack-shout out to Anna lol) is the friendship between David and Hadley. **Book lovers** I was expecting something often seen in romance books-I'm not complaining about this issue in books by the way-the best friend being placed in a very important position for the main character in the beginning but then slowly becoming as important as background music in a crowded bar. **Love show mirage las vegas covid** But here this wasn't the case-David may have swayed a little every relationship is tested in life and not at all for the same reasons but in the end he was as sturdy as a rock and never once lost sight of who his best friend was. **Love Show kindle app** I'm not kidding-from the moment I read one of their interactions I was laughing out loud (this was a common theme throughout me barking laughs and giggling like a psycho in a quiet room) and smiling so big that I swear my husband thought something was wrong with me. **Book of love tv show** Really' *still staring at me* 'YOU WOULDN'T UNDERSTAND OKAY???' At this point I think it needs to be declared that I was mostly giggling at Jack and how fucking cute he is. **Book lover gifts** But to sum up for these two friends: they cared more deeply about one another than many romantic relationships I know of in real life here and that is truly saying something...even if its only a book. **Love show mirage las vegas covid** Ahhh and finally my boy JACK!!! I will admit that the crazy alien amazing friend who forced me to read this recd this to me staked a claim on this wonderful adorable loyal smitten obsessed protective jealous and loving boy beforehand. **Love show mirage** You know where we both want to marry Jack and lock him up for the rest of eternity? (Or maybe that's just me...oops here comes your lovable GR psycho!! Come out come out wherever you arrreeee) Yeah we had lengthy conversations about this boy I'd never even heard of.... **Book of love tv show** Jack is and always will be a definite top book boy for me and if anyone has a problem with that (cough ahem Bananaaaaaaaaa) then I guess they'll just have to go through me won't they??? Have you seen my list? Could it be any more huge??? (bahahah Friends references oh boy I am getting TIRED) What are you doing next year? I asked Jack. **Love Show ebook3000** This kid this boy that has no clue what he wants to do with his life finds a girl that is opposite of him in each and every way career wise life-choice wise and he just...he falls. **Love Show ebook3000** He falls and he doesn't brace himself and he crashes he crashes so hard into this sea of emotions he wasn't prepared for and fights drowning at each and every turn. **Love show mirage las vegas covid** I mean what was I supposed to do? But for each breach of surface from the sea of Hadley he finds a breath of life that makes him feel whole makes him believe things can be different that the rules are meant to be broken and one day she'll realize she loves him as much as he loves her... but time and again she pushes him back under only for him to keep kicking and pushing to the surface once again

for that next chance of everlasting life in the form of Hadley fucking Arrington-his most suffocating and deadly weakness. **Book lovers** But that's my thing: as soon as she needed to do something for the person who would literally die for her-even went so far as to imply he'd give his kidney for her (yes dramatics on my part I know but it makes it no less true)-she just couldn't fucking do it.

Loveshowlyrics Did you guys know so conversational I am at this wonderfully late hour on a work night that I had NO time for a review??? That I should have posted a mini review and said eh it's okay I know I loved it and that's all that matters. **Book of love late show** It was 10 pm when I picked this bad boy up and I sucked it the hell up when hubs started whining because he wanted to hang and when the dogs wanted to cuddle and snuggle (such heinous crimes the lot of them whatever am I supposed to do with them??). **EPub Love show** This was going to be an absolute favorite-hell it still might be-but when certain things transpired and ripped my heart to shreds it made it hard to reconcile my turbulent feelings and emotions (which were like a tidal wave thank you). **5 ways to show love book** But who am I to say??? This book was fucking amazing and if something had been changed maybe it would have altered the course of events for the worst and made this a POS novel. **Love Show kindle** Everything happens for a reason and I'm willing to believe that this book will be read by me on numerous occasions to lift my mood and give me the best BBF ever (aka JACCKKKKK) fix. **Book lovers emily henry** Who cares that the characters laugh too-much (yes I'm talking about the verb) and that some parts were a little cliché? I have been completely UNABLE to stop rereading parts since I read it. **Love show at mirage** ► If someone had told me that the first book I'd fall in love with in 2016 would be a New Adult romance I would have nicely but intently told them to stop fucking with me. **EBook Love showbox** I'll write a real review as soon as I can sleep a few hours - hey it's 5 am over there - but I wanted to share some thoughts before my overanalyzing mind gets a hold on me. **EPub Love show me** □ There's neither love triangle nor instalove and their struggles are realistic - how to know what we're willing to put above everything else? This is not as easy as it sounds trust me. **Love show family** So what if the writing isn't always great? I can say without doubt that right now I don't care and my daytime self will have to chill out and deal with it (you chill out! I still don't give a damn!)After that creepy note where I talk about myself in third person I'll tell you one last thing: don't read Love Show if you're looking for an original and thought-provoking book. **PDF Love showingtime** So basically what I'm trying to say is that this is one of the best books that I have read this year and has wiggled it's way on to my all time favorites list for sure!Hadley Arrington is a college senior she has her future figured out she knows what she does and doesn't want and nowhere in that equation does love or relationships fit in. **Love shower pitch** She's been dealt some pretty shitty parents and even though they have impacted her life greatly including destroying her belief in love she keeps her head on straight and works to make a happy life for herself doing what she loves. **PDF Love show me** I really enjoyed all of the supporting characters except Ben whose balls I wanted to chop off and then shove them into his ears!!! I just cannot say enough about this story. **Love show on netflix** I won't tell you anymore as I don't want to give away ANYTHING at all! What I will say is that this is not just a romance and the accompanying story and journey it takes Hadley especially on is so worth the ride.

Loveshowlyrics Some I loved some I loathed but I haven't really come across a lot of socially significant ones as this book and now I believe my friends who said this is a different kind of NA read. **Book lovers pdf** I'm not really a big fan of "friends with benefits" stories and though this one started out exactly like that with lots of PG-13 stuff (which I thought would end there but thankfully didn't) I appreciate that it isn't entirely focused on the romance. **Love shower 2024** (although the writing could use a little more editing)^ ^The main heroine isn't your typical NA female character because Hadley is an independent idealistic cynical feisty career-driven gal who doesn't believe in love. **Book of love late show** I kind of even hated her during the first half of the story because I thought she was too self-absorbed and too independent to the point of haughtiness but during the latter part of the story she grew on me and in the end I perfectly understood her. **Love show family** I learned to admire her loyalty and relationship with her best friend David her dedication and passion for her work and her desire to contribute something good to the world yep the world! Oh

and Jack! I won't say anything about him except that he's totally adorbs funny and worthy to be enlisted in my book boyfriends list. **Love shower pitch** Lol!) Finally I just have to express myself on the ending: You want amazingly comprehensive reviews? Let me refer you to Henz's (who is celebrating her birthday today) and to Anna's (who's having her birthday on Love Day. **Love show in las vegas** HAPPY BIRTHDAY WONDERFUL LADIES! MAY YOUR SPECIAL DAY BE FILLED WITH FUN LOVE AND ALL THINGS THAT'LL BRING SMILES ON YOUR PRETTY FACES! ^^ English A ROMCOM MOVIE! I don't know what words to use to make you pick this up so I'm going for simple as heck. **Loveshowlyrics** Just stop wasting your time and go read this amazing book with a strong heroine that doesn't abandon all sense in the presence of testosterone along with a male lead that will undoubtedly have you swooning paired with a dialogue that will leave you cackling and awesome friendships that will have you wishing there were more NAs like this out there: One day Hadley's best friend and roommate David dares her to make out with a stranger, **Loveshowlyrics** They don't exchange names or anything and don't see each other after that, **Live show director's cut** But when Hadley and Jack meet again Jack wants to go out with Hadley: **Book lovers emily henry** And to be honest she also doesn't believe in dating (thanks to her mother who wasn't the best role model for her). **Love Show epubs air** I get always really happy when the MCs decide to be friends with benefits but my heart breaks in the process too. **5 ways to show love book** One of them always falls in love while the other is in denial, **Live show director's cut** Except that I understood why Hadley wasn't fond of a relationship: **Book lover gifts** For her it wasn't just because of the dependency but also because of her career plans, **Love show mirage las vegas covid** He was really adorable and not your typical man whore frat boy hero. **Love shower pitch** But the author didn't pick at that what is totally unusual for stories with college settings IMO, **Love show mirage las vegas covid** I liked it because I will not give this story full 5 stars because I think it could stand to have more sex, **Book of love tv show** the banter! Amongst all of the characters—the MCs and the supporting characters. **Love showcase vimeo** She also has an anti-relationship/love stance based off her mother's multiple marriages and her father being absent in her life: **Book of love late show** You have hottie Jack Diamond who is the lucky guy who Hadley kisses after a dare. **Love show family** They decide to be friends with benefits and Hadley and Jack are enjoying those benefits: **Love shows reality** And how will that work out since Hadley will be leaving to report in war zones? So what will be decided?? I will say Hadley seemed to drink, **Book lovers emily henry** The supporting characters were pretty awesome in this book.

Hadley Arrington is extremely bright career driven college senior. **5 ways to show love book** She dreams of being a journalist in Syria for The New York Times but she does have one flaw she doesn't believe in love: **Book of love late show** Hadley's amazing roommate David has egged her on to make out with anyone because she has spent all her time at college busy running the school newspaper: **Love show skye traduzione** Because I believed for once there wasn't anything to lose here. **Book love story** "Hadley can't stop thinking about that hot stranger and luckily their paths cross again. **EBook Love showingtime** Hadley and Jack agree on a friends' with benefits relationship while the two get closer and closer. **Love show family** "Hadley's roommate David's storyline was a strong addition to the story. **Love shower 2022** When Jack learns of Hadley's career plans for after graduation things between the two fall apart, **Kindle love stories** "Hadley finds herself in the pits of hell in her dream job but is it really what she always wanted? Will Jack and Hadley have an HEA? "I wanted him: **Live show for kids** "Overall this

was a good read with a really likable heroine! English 4: **Love show in las vegas** 5 Stars Lots of reviews say that this book is really funny and that the banter between the MCs is great: **Live show for kids** Work and caffeine and possibly sugar he said mildly leafing through the pages: **Love show in las vegas** You want to know what I learned? Theater? He arched an eyebrow: **Love showcase vimeo** She is editor-in-chief of her university's newspaper and she has also big plans for her future: **EBook Love showbox** She wants to report about war zones for the The New York Times: **Book lovers pdf** At the time she has no idea who he is and they don't exchange names: **Love showcase vimeo** I'm not doing your laundry making you cookies or coming to your formal, **Book of love tv show** No Valentine's Day nicknames baby talk chocolate or Taylor Swift concerts, **Book of love tv show** Hadley agrees to be friends with benefits So they do a lot of this Seriously.... **Book of love late show** could Jack have been more perfect?!?!? I mean other than the lack of motivation to get a job, **Book of love late show** Ben How could you do that to David???? Seriously Hadley's on a path and she's not to be swayed by love: **EBook Love showtime** Hadley gets the job offer of a lifetime reporting in war zones, **Book lovers pdf** But where does that leave her and Jack?? I'm not going to lie I wanted to slap Hadley. **Show me how to love you book** Both she and Jack did what they had to do at the time, **Loveshowlyrics** Will Hadley and Jack find their way back to each other??? Of course they do!!! My final thoughts. **Book of love late show** Jack ARC kindly provided by Audrey Bell in exchange for an honest review English I'm a little bit of a disaster Hadley. **Love show mirage las vegas covid** And ya know there's so much more to the story than him but I can't help but say he was my absolute favorite part. **Book love song** I know I tout a lot of men throughout the year-I'm admittedly a little shameless, **Book love story** It's all in fun though you know?? It's fun to imagine these men whether you're married or not come on now actually existing. **Book lover gifts** They are the literal perfect men we seek in the world and to see the finest of the fine emerging from certain stories...yeah it makes me a tad giddy and breathless: **Love Show ebookers** I mean if I were so lucky as to have the chance to sleep with you you would be you know impressed: **Love shower pitch** How am I arrogant? What kind of person gives sex one chance and decides it's not for them? This kind, **Live show director's cut** And this isn't even my real point-I just ended up going off on a tangent because I got lost in Jack fantasy land: **Book lovers pdf** I'm working super hard to build him up a right he wholeheartedly deserves because not many guys really compare. **Love shower 2024** Again my point is that this story had so much more than a beautiful book cover (it's not in print anymore boo what the f) pretty faced college boy and romantic adventure, **Book of love tv show** It's funny how quickly you begin to talk yourself out of your own dreams, **Love Show epubublishing** That's the thing I can't quite put my finger on-Just how deep this story was, **Love show on netflix** I can't tell if it's a stroke of brilliance or a case of shit gone wrong: **Book of love tv show** I'm more than aware I gave this an extremely high rating but at a certain point in this book it stopped being so...: **Love show in las vegas** But when it comes to anger and all that ugly stuff we're expected to control it: **Live show for kids** That's right-2016 is here bitch and it's taking my soul with it. **Live showing vk** I bet most of you that have read this find that hilarious and highly unbelievable-Well I'll tell you this: I was expecting butterflies and rainbows candy and sunshine...: **Book love story** It was kissing in the rain and spontaneous messaging that encouraged a smile that couldn't be stifled, **Love Show epub reader** It was flirting and supporting each other when things became unbearable. **Love show family** It was everything love should be and it was what dreams were made of. **Show me how to love you book** And that my lovely friends is why I'm tearing up becoming emotional and trying to ignore the tightness in my throat even as I type up this review. **Love show family** I mean just look at the previous paragraph!! I obviously adored almost every minute of the story...I just had my issues like the next person: **Book of love late show** You've Got Mail could only be the name of a romantic comedy in the 90s I said. **Show me how to love you book** The only thing I like about my inbox is the delete button. **5 ways to show love book** I can't say the first chapter drew me in like it did everyone else but once the second chapter hit I was completely and utterly obsessed-And I hadn't even met Jack yet: **Love show las vegas** David was the typical clichéd gay best friend...except he wasn't. **Book lovers emily henry** Nigel was slurring

his words by noon and David was trying to cut my hair and I was singing Ke\$ha at the top of my lungs. **Book lovers emily henry** What the fuck are you doing? I demanded when he came at me with scissors, **Love Show kindle reader** Their banter was hilarious and much like my favorite duo from The Middle (one of my favorite television shows ever) Sue Heck and Brad. **Book love story** yeah I guess that's my cue to start heading over that way: **Love show mirage las vegas covid** You're scared that our third conversation will devolve? Into what? Silence? That would be awkward but I bet we could survive it, **EPub Love show** I really don't have the time to date anyone right now I said: **EPub Love show me** You shouldn't have kissed me like that if you wanted to be left alone, **Book of love late show** In fact she was quite clear about this such issue because she just knew this problem would arise: **Kindle Love show** What? I think you're fascinating he said the same wry amusement coursing through his voice, **Live show for kids** Which I'm actually pretty good at so I don't foresee any problems. **Book lover gifts** But let's cut to the GD chase-When I met Jack in the rain out of nowhere completely blind-sided...my breath was stolen in the span of less than 10 seconds, **Book of love tv show** I'd venture to say I was beyond completely and utterly obsessed-I was a fucking ravenous madwoman: **Book lovers pdf** He became an instant book boyfriend and I ached to see him even when he couldn't possibly be a part of the story. **Love show family** And then as if by magic he'd appear again-laughing smiling ogling fantasizing and falling in love with Hadley a little bit more each and every time he saw her. **Book lover gifts** I swear to God you could literally literally feeling him falling harder and harder with each passing chapter: **Kindle Love show me** And it's just...it's so much more than that and it's so hard to explain, **Love show at las vegas** But you were all like stay he whispered in a breathy imitation of me: **Book lovers emily henry** It was like when the Titanic was sinking and the redhead was all like oh my god I'm so cold let's hold hands: **Love show in las vegas** I held the book he'd given me in one hand and looked into his brown eyes: **Love show at las vegas** But this felt more serious deeper and longer and we held each other's eyes for a long moment before I cleared my throat and felt a flush rushing to my face: **PDF Love showbox** Jack was the most loyal guy ever and I'm not just saying that, **PDF Love show** Its rare that a guy as attractive kind and popular as Jack would wait for a girl who only wants to play the friends with benefits card. **Book love story** And I really did like Hadley from chapter two on-she is a fucking badass chick who would do anything for the people she loves, **Live show director's cut** And that's when I kind of lost my undying (apparently it's not so undying because hey look it's dead) love for her. **Love show tv** And to clarify because I see a French frown forming-I don't mean she should have given up her job I mean that the bitch should have fucking told him how she FELT, **EBook Love showbox** She adored him even if she didn't realize it was love until she was gone, **Loveshowlyrics** And to also clarify in a non-spoilery manner-He could have done a little more too, **Book lovers pdf** Babe can you stand up? This is supposed to be my section on Hadley...but I am a stubborn ass and don't feel like wasting any more time on her, **Book of love tv show** Anyone who tells you that you should wait for that guy who makes you weak at the knees should be shot, **5 ways to show love book** Lordy Lordy I could keep going on and boy was that a lot but some things just need to be said and Jack deserves every minute of my time. **Love show mirage las vegas covid** I did those things while I typed this out (Why yes I did type a lot of this one-handed and yes it was a fucking treat), **Book lover gifts** Jack deserved so much more than he got at one point in this book and he deserves a long-winded Chelsea review that freaks everyone out as it always does, **Book lovers emily henry** He is my first BBF of the year and I will send him off right-even at the cost of my own sleep: **Love show family** I'd like to say I'll get over it completely-I really mostly have-but it did leave a sour taste in my mouth and I think the HEA could have been more epic, **Live show director's cut** Now I'll go on my merry way and try to forget the boy (Jack! Don't let go.... **Book lovers emily henry** Don't let go Jack) who gave me instant butterflies the moment I met him (this NEVER happens...SO RARE!!!!!!) and became an instant win. **Love Show kindle store** 5 stars! I really enjoyed this one! It definitely made me laugh with quotes such as You look like a troll doll except for Ben: **Love Show kindle paperwhite** Ben Should you read this book?? ARC provided by author in exchange for an honest review. **Love show family** English Edit 01/20 : You know what?

I'm bumping this rating to the full 5. **PDF Love shower** Perfect this book isn't: it is in a great need of editing and the writing is awkward (cheesy ? Stereotypical?) at times, **Love show beatles** The characters are far from free of stereotypes especially David Hadley's gay best-friend: **PDF Love showingtime** When we take an unflinching look at the plot what we see screams typical NA romance: **Book of love late show** As far as peeves are concerned I have several that I know I can't overlook: **Book lovers pdf** □ There's no asshole as a hero but an ADORABLE male lead with whom I fell hopelessly in love almost instantly. **Love showroom** I mean Jack is funny considerate loyal and really I couldn't get enough of him: **Book lover gifts** So yeah I can see how people would say that he's not believable. **PDF Love show me** All men aren't broken/controlling jerk/assholes and many behave in such an adorable way when they're falling in love with someone. **Live showing vk** Not to mention that he has his own flaws - he's just not as intent on showing them that our regular NA jerkface: **Love Show kindle direct** "'I don't believe you" I said even though I totally believed him. **Book lovers emily henry** □ Hadley isn't flawless either and have her annoying (and indecisive) sides but she's in no need of saving: **PDF Love showcase** I'm not doing your laundry making you cookies or coming to your formal, **Love show in las vegas** No Valentine's Day nicknames baby talk chocolate or Taylor Swit concerts: **Book lover gifts** "Yet as much as I wanted to strangle her sometimes I can't deny that I really appreciated the fact that she was driven and independent, **Kindle love inspired books** I'm sure happy that people around me see that being a workalcoholic doesn't begin to define who am I, **Live show director's cut** Hadley and Jack both have their dreams and they're not so ready to abandon them - I love them even more for that. **Toe tagz show no love on kindle** Despite the somewhat cheesy writing at times the situations are real: who never waited to be drunk to send text messages? You're so not allowed to say never. **Live showing vk** ► To sum-up :- The writing feels sometimes repetitive and forced: **Love show sonohra** - The characters and the story are not exempts of stereotypes, **Loveshowlyrics** + The MC doesn't feel the need to bitch about other girls, **Love Show epub.pub** + The MC doesn't forget her dreams as soon as she meets the hero. **Book lovers emily henry** + There's no pointless drama (some families issues and questioning about the future that's all)+ They have FRIENDS: **PDF Love showingtime** In the end reading a book is like making a deal don't you think? I asked Love Show to make me smile and care: **Love show in las vegas** If my 5 am ramblings should tell you something it's that it delivered, **Love show beatles** If you want to spend a couple of hours smiling and start the year surrounded by heart-warming vibes though? Do it, **Loveshowlyrics** For more of my reviews please visit: English AVAILABLE NOW!!!Well, **Love Show ebook3000** She's brilliant beautiful and a real friend! ARC graciously provided by author in exchange for an honest review: **Love show in las vegas** Who doesn't love a good chick flick? I love those feel good movies and books. **PDF Love show** Hadley is a heroine similar to Sandra Bullock in The Proposal: **Love show in las vegas** No time for a boyfriend and determined to do everything in her power to make sure romance is off the plate, **Love Show ebookers** At times he had me aaaaah-ing for how sweet he was in certain situations, **Book of love late show** Not wanting to turn out like her mom going from guy to guy Hadley won't allow herself to be vulnerable: **Love Show ebook** Unlike Jack who laid his heart on the table Hadley just can't let go enough to do that: **Love Show kindle cloud** It isn't until Hadley's dream job becomes a reality that she begins questioning her

choices to hold her family and friends at an arms length. **Love Show kindle cloud** ** English I have had my fair share of New Adult novels. **Love show mirage las vegas** It's tackling several other important subjects too as homophobia the relevance/dangers of unbiased journalism and several other equally essential topics but without overwhelming the reader. **Book lovers emily henry** She's actually got good reasons but I'm not saying that I agree with her: **Love show in las vegas** This is a very appropriate read indeed for her birthday hehe!) , **Love show las vegas** In terms of NA this is as perfect as it gets! The banter[1]

Well he is the complete opposite of her. They always tell you to do what you love. And I love not working. and Hadley chooses Jack. Hadley claims that she hasn't time to date. So they decide to be friends with benefits. It wasn't much different in this story. Now more about Jack. Actually he wasn't a man whore at all. I'm pretty sure he had his fair share of women. English 4.5----Stars!!! Favorite thing about this book.... I laughed throughout the whole book. Hadley.

Love show mirage las vegas covid

A fucking demented troll doll. and They always tell you to do what you love. And I love not working. He seems to fall head over heels for her. There is just something about Hadley that draws him in. but of course one is going to fall in love. A LOT. I mean you are in college but damn. He's the boy who made her do something crazy. Love Show Audrey Bell is a writer living in New York.4. "I stepped forward and kissed him. Suddenly and impulsively. Because I wanted to. Because I had nothing to lose. "I like you" he said. He smiled his eyes twinkling. You're the best person I've met all year." "I'm a little bit of a disaster Hadley." "Then you're my favorite disaster Jack." "I cried over Jack Diamond when I got home. Instead of crying at graduation I cried over Jack. I missed him. I would trade this for him. I would trade this for nothing. But I wanted to trade this for him. I would love to put in some quotes. But I would need to quote probably whole pages. Seriously the banter between Hadley and Jack was awesome. Hadley is a real workaholic. You're addicted to work. I am not addicted to anything. I tried to snatch the book back from him. You are. I mean look at this. You learned how to speak a language in college. How to roll a joint. And Jack the heroine is in her senior year at Northwestern. She eats sleeps and shits school and the newspaper. She wants to be a combat journalist. She's pretty much all work and no play. At a tailgate her BFF David dares her to kiss a guy. She picks Jack Diamond. They eventually cross paths again. Jack wants to date Hadley. Hadley has rules. No presents. Definitely no flowers. Don't ask me to. No dates. No romantic comedies. No sleepovers. No saying I love you. No buying me drinks. Let me know how those rules work out for you. I LOVE LOVE LOVED David Hadley's roommate. And OMG did my heart break for him. Hadley whatever you do. but as the story went on--I got it. And I'm glad. Then you're my favorite disaster Jack. Ahhh....now that's how you write a male lead. Sigh. Yes--It's official. My first sentence in this review is about the male lead. He did it just fine I said. No he definitely did it wrong he said. Which is criminal. I could fix that though. Excuse me? He looked at me. You're extremely arrogant. Right back at you. For real...he's that great. Just let me get to him when it's his turn though. light and fluffy. and hearts were broken. Or should I say heart? Shit became real....and I wasn't ready for it. What? It's ridiculous. Control your emotions. We're supposed to handle those emotions without hurting anyone. and there was. It was friendship and unbreakable bonds and lasting laughs. David took a handful of popcorn. You. Need. To. Get. Laid. I need to get a job. I said. And a haircut. And new eyes. Have you seen this? My eyes are different sizes. He looked at my eyes. It's 'cause you're tired. So close them. And stop talking. And go to sleep. Nobody should drink alcohol at eleven in the morning. It's a recipe for disaster. You need a haircut. No. Trust me. No. He pouted. But Hadley I'm dying to cut somebody's hair. Cut your own damn hair. 'What are you laughing at?' he asked. 'Nothing my book' I said. *Giggles* *continued staring at me* 'Nothing. For real. So.... That sounded believable. It was certainly true. Aw I'm not going to give up that easily he smiled. You're the one who started it. I-I'm
