

The Thicket By Joe R. Lansdale **EBook The thicket** Jack picks up a local whore who decides she is done with whoring and she causes him to start thinking that life may not be as black and white as he was brought up to believe. **The big thicket book** A coming of age tale with lots of cussing and a shit ton of violence and it made me almost pee myself laughing? What else could I do but five star it? Warning: This book is totally not politically correct. **The thicket book** Jack wants to be able to get back the sister that was taken by the bad men and no matter how many times his companions point out that he may not be getting the same sister back he stills wants to believe in a higher power and that good will win over bad. **The Thicket Mystery thrillers in order** I had decided I had no choice but to go on with things but I will tell you quite sincerely that my guts ached and I felt as if Jesus had laid a disapproving hand on my shoulder. **The Thicket Literature fictionmanai** 9780316188449 another great opening to a book: I didn't suspect the day Grandfather came out and got me and my sister Lula and hauled us off toward the ferry that I'd soon end up with worse things happening than had already come upon us or that I'd take up with a gun-shooting dwarf the son of a slave and a big angry hog let alone find true love and kill someone but that's exactly how it was. **Literature Fiction The thicket crossword** a great opening but one that worried me nonetheless seeming as it did to suffer from some of the qualities of folksiness and plucky teen-narrator that I wasn't enamored with in Edge of Dark Water. **The Thicket Mystery thrillers in order** but while there were certainly some fun with similes attempts that strained my patience a bit: -She was so damn ugly she would have to sneak up on a biscuit and force it to be eaten with the point of a gun. **The big thicket book** finding himself suddenly orphaned in east texas after smallpox kills his parents 16-year-old jack parker and his younger sister lula are on their way to live in kansas with their aunt whom they have never met. **The ram in the thicket book** On the way to hunt down the criminals jack repeatedly states that he does not want the men killed; he just wants his sister back and he knows that this does not have to end in bloodshed. **The ticket radio** he learns from his new friends and hears their life's philosophies in the quiet hours: Life isn't just black or white here or there; it's got some mud in it and we're some of the mud. **Book the ticket** and through all the bloodshed and frustration that things are not turning out as he had planned jack hardens a little with every page adapting his own morality to take in the realities he is discovering at every turn but resentful of the world's cruelty. **Book the ticket** I wished then that I was wasn't a man at all but a hawk something with some kind of integrity about what it killed that did it for food or survival not for sport or revenge or to satisfy something rotten inside. **The ram in the thicket book** The characters Jack meets on his adventure are a colorful bunch from Eustace the man of mixed blood that wields a damn cannon to Shorty the educated little man who is a crack shot the scarred sheriff Winton to Jimmie the whore with a heart of something resembling gold that teaches Jack a few tricks both in and out of the bedroom. **EBook The thickety** Where George Pelecanos and I would probably spent time discussing music I could see myself bullshitting with Uncle Joe on my back porch with a couple beers and some BBQ on the grill. **The thicket st clairsville ohio** Jack tries to hold to his Christian beliefs that the gang should be caught and tried and he is horrified at Shorty and Eustace's willingness to kill and ignore common decency in the name of a greater good namely their own. **The ticketweb** As they meet more victims of the gang along the trail and see how cruel they truly are Jack starts to realize that there's no way to get Lula back without getting blood on his hands and that his traveling companions may have a better understanding of the world than he does. **The thickety** There are elements of this story that will probably sound familiar to anyone who has read or seen one of the two film versions of True Grit with a young person venturing into a hostile wilderness with some salty frontier types but Lansdale also adds some bizarre and violent turns that feel more like Django Unchained at times. **The Thicket Mystery thrillers in order** He's also a misanthrope who came by it honestly after a lifetime of dealing with people who treat him like a freak or a child and he gets most of the best lines in the book. **Book the ticket flight** It's also got all the hallmarks of Joe Lansdale with a profane sense of humor that provides plenty of action but with a sense of responsibility about the damage done by all the violence. **The thickest book** If you've read his Hap & Leonard series then a lot of this will seem somewhat familiar in that you've

got some characters who while being 'the good guys' are perfectly content to dish out punishment if they feel it's been earned while someone provides a softer hearted conscience that urges some compassion. **The ticket radio** In fact this isn't even the first Lansdale book to feature a little person involved in a vicious pistol whipping along with a strange wild animal bonding with people since he worked similar stuff into Rumble Tumble. **Literature Fiction The thicket crossword** But the best he can come up with is a charismatic bounty-hunting dwarf named Shorty a grave-digging son of an ex-slave named Eustace and a street-smart woman-for-hire named Jimmie Sue who's come into some very intimate knowledge about the bandits (and a few members of Jack's extended family to boot). **Book the ticket to richmond** Lansdale lets loose like never before in a rip-roaring adventure equal parts True Grit and Stand by Me - - the perfect introduction to an acclaimed writer whose work has been called as funny and frightening as anything that could have been dreamed up by the Brothers Grimm -- or Mark Twain (New York Times Book Review). **Kindle tickets** The ThicketA month ago I was dutifully slogging through a few more of those 1001 Films You Must Watch Before Brexit Exterminates all Life in Britain and I came upon My Darling Clementine (John Ford 1946) and Shane (George Stevens 1953) and that's when I gave up watching westerns. **Book the ticket to richmond** The Old West especially Texas must have been crisscrossed with thousands of tough guys and some tough women looking for other tough guys and mostly dying horribly whether pursued or pursuing. **Book the ticket to richmond** In a very racist world the good guys are never racists themselves they always have black comrades and in this book the assembled avengers incorporate other minorities too there is a young prostitute a person of restricted growth and a big ole pig named Hog who rushes in and chews off bad guys' feet when required. **The thickety a path begins** In the real Old West the good guys were probably just as racist and dismissive towards persons of restricted growth as the bad guys but you can't have your good guys being racist in a modern novel it would not do. **The thicket book** 5 star novel I could nitpick a little bit as for instance the big shootout man that goes on too long and the long distance rifle shot that finally brings down the villain is blatantly stolen from The Magnificent Seven. **Book the ticket flight** Morally upright kids in a sudden quest for vengeance may seem a familiar theme (Yeah yeah I read True Grit too) but believe me - you've never read it the way Lansdale writes it. **The thicket st clairsville ohio** I felt in that moment as if I had come unstuck from life and that I was somewhere outside of the real world in some insane place where common decency and the laws of men were just silly things like lace pants on a donkey. **The ram in the thicket book** Throw in a pet boar with a mind of his own a hooker with a sense of humor and a few more misfits and you've got yourself a great cast of characters headed for certain doom. **Book the ticket to richmond** 0 assured me this wasn't a real westerny western and Shelby had 5-Starred it I didn't end up requesting this one until I became addicted to the library's Read to Reel Challenge and discovered this fine gentlemen has been cast in a hopefully soon-to-be-made film version . **The Thicket kindle direct** The story here is about Jack Parker an almost grown man who is on his way to live with an aunt in Kansas after his ma and pa die from the pox when his granddaddy is killed and his sister is kidnapped by bad guys. **Book the tickets for lufthansa flights** And while this one was on the cusp of being not too "westerny" it still featured chasing marauders and complaining about crotch chafing from horse riding enough that my attention waned a bit. **The big thicket book** While the subject matter was a tad more serious The Thicket definitely had a bit of a Blazing Saddles vibe to it and I have no option but to give it 4 Stars because Lansdale can write like nobody's business and Shorty will go down as an all-time favorite character. **The thickety** 9780316188449 □□□□□½Around the turn of the 20th century much of America may be on the cusp of civilization but East Texas is still a wild feral and ever dangerous place—which Jack Parker's about to learn the hard way. **The thickety book 3** The story itself isn't all that original; it's essentially a coming of age tale where Jack is confronted with the harsh realities of the real world and put to some tough moral dilemmas. **The ticket shop** Two they built up the actual Thicket itself to be this backwoods death trap but it never quite lived up to the hype—I was expecting at minimum an attempted bushwhack or two. **Mystery Thrillers The thickety** Three Lansdale chose to tack on a mini obit for most of the characters within the last few pages of what up to that point had been a

day in the life type of adventure—I prefer it when my heroes can live on in my imagination.

The Thicket Mystery thrillers in order

Until later in the day I discovered I had been messed on by a bird, **Book the ticket** Jack's entourage continues to grow as they make their way to the bad guys hideout located in the woods called the Big Thicket: **Mystery Thrillers The thicket meaning** Even though I could guess the way this book was going to wrap up it still has that special Lansdale touch as so much that I'm going to give it the full five stars: **Mystery Thrillers The thicket cast** I did think the story was slow in the beginning but then it made me start loving these characters: **The ram in the thicket book** Yes.

The thicket book

Jack Parker's parents die during an smallpox epidemic, **Kindle The thicket definition** So his grandfather packs up Jack and his sister Lula and is taking them to an aunt to live, **The thicket wedding venue** Things never turn out that easy though and Grandpa is murdered (not a spoiler) and Lula is taken by a gang of bad guys, **Book the tickets for lufthansa flights** Jack is on a mission to get his sister back and enlists several helpmates for his quest; Eustace a grave-digging black skinned man who must stay away from alcohol: **Kindle The thicket crossword** (Don't laugh Hog kicks some major ass) Shorty an educated little man with a hair trigger temperament, **Mystery Thrillers The thicket cast** It was as if I had gone to visit Lot in Sodom and Gomorrah and had encountered the men who wanted to bugger the angels, **Book the tickets for lufthansa flights** In fact its warm presence was with me for awhile I know it was years ago. **The Thicket ebooks online** He will probably give the book a one star and I will have to send a small person with an attitude to get him to change his rating, **The Thicket Mystery thrillers in order** He will also probably write a thought out review where as I just use pretty pictures. **The big thicket book** -Daddy always said Grandpa was so tight that when he blinked the skin on his pecker rolled back. **Book the ticket to richmond** this time there were more that actually worked for me also involving faces oddly;-that face which was like a hatchet to the soul: **The thickety books** so about half of the time i wasn't wincing at the flourishes: **The thicket st clairsville ohio** our young narrator is as morally rigid as mattie ross in true grit; as naive and stubborn and convinced that morality and decency will win the day, **Kindle The thicketed** before they can make it across the river their grandfather-escort is murdered and lula is taken by a band of bank-robbers and general ne'er do wells: **The thicket st clairsville ohio** jack is determined to get lula back and joins forces with the aforementioned dwarf son-of-slave and hog, **The thicket with mike and josh** his fellow-companions have seen a bit more of the world's workings and treat him like a curiosity begrudgingly respecting his idealism but knowing how this is all going to end. **The ticket radio** along the way encounter after encounter shows jack that the world doesn't play by love thy neighbor rules and might not recognize good intentions and turning of cheek. **The big thicket book** andJust a year ago I kept thinking this ain't fair the way things have turned out for me, **The Thicket horrorhound** and the lessons are hard-

won and all the plucky little folksyisms are worn down to hard little nubs by the end of Jack's moral awakening. **Book the ticket to richmond** i really liked this book and it has re-ignited my interest in lansdale: **Mystery Thrillers The thicket cast** come to my blog! 9780316188449 There are some great characters here! An eclectic True Grit: **The ticket radio** 9780316188449 When his grandfather is murdered and his sister kidnapped by outlaws young Jack Parker goes looking for vengeance. **The Thicket Literature fictionmanai** With a four gauge wielding man named Eustace a midget sharpshooter named Shorty and a hog named Hog he goes hunting for Cutthroat Bill and his gang: **EPub The thickety** Will he survive long enough to find his sister? I got this ARC from Netgalley. **The thickety books** Thank you Netgalley! Although it only took two damn months for my request to get approved: **The thicket noelle ihli** The Thicket is part True Grit part coming of age tale and all Joe Lansdale: **The thicket noelle ihli** It's a tale of a young man's coming of age and quest for vengeance: **EBook The thicket meaning** In the wake of his parents' death from the pox Jack and his sister Lula are traveling with their grandfather until they run afoul of some outlaws, **Book the ticket flight** Jack survives and meets up with Shorty and Eustace and the tale kicks into high gear, **Book the ticket** The dialogue is a kind of redneck poetry of profanity and clever similes, **Literature Fiction The thicket crossword** I could easily hear the same dialogue coming out of people down at the local Wal-Mart. **The big thicket book** There's a steady stream of violence dolled out like appetizers until the main course the bloody shootout at the end: **Horror The thicket crossword** The gunfights didn't feel like Hollywood gunfights at all more chaos than anything else: **Get a book on spelling from the thicket** The entire cast was changed either by the carnage or by becoming dead. **Lizard's thicket menu pdf** Lansdale is one of the authors I feel like I would get along with based on his writing, **The ram in the thicket book** It's one of the better Lansdale books in recent memory so just read the damn thing! 9780316188449 (I received a free copy of this from NetGalley. **Get a book on spelling from the thicket**)At the tail end of the cowboy days in East Texas sixteen year old Jack Parker and his sister Lula have a helluva bad week. **Book the thicket** After their parents die in a smallpox epidemic their grandfather is murdered by a gang of bank robbers who kidnap Lula: **The ticket dfw** The only help that Jack can find is a grave digging black man named Eustace and the tiny bounty hunter Shorty. **The Thicket Literature fictionmanai** His young puritan ways are also tested when he meets Jimmie Sue a hooker with a heart of gold who takes a liking to him: **The thicket st clairsville ohio** He may be the smallest member of the posse but he's the smartest and hell on wheels with a gun in his hand. **Pdf ticket in wallet speichern** In fact my one complaint about the novel is that it's a little too Joe Lansdale, **The Thicket epub.pub** However if the worst thing I can say about it is that it's a typical Joe Lansdale story then you know you're still getting an entertaining tale. **The big thicket book** 9780316188449 Love and vengeance at the dark dawn of the East Texas oil boom from Joe Lansdale a true American original (Joe Hill author of Heart-Shaped Box): **The big thicket book** Jack Parker thought he'd already seen his fair share of tragedy, **The thickety a path begins** His grandmother was killed in a farm accident when he was barely five years old: **The Thicket ebooks free** His parents have just succumbed to the smallpox epidemic sweeping turn-of-the-century East Texas -- orphaning him and his younger sister Lula: **The thicket noelle ihli** Then catastrophe strikes on the way to their uncle's farm when a traveling group of bank-robbing bandits murder Jack's grandfather and kidnap his sister, **The ram in the thicket book** With no elders left for miles Jack must grow up fast and enlist a band of heroes the likes of which has never been seen if his sister stands any chance at survival, **The ticketweb** In the throes of being civilized East Texas is still a wild feral place, **EBook The thicket** But as Jack's about to find out blood and redemption rule supreme: **The thicket subdivision spring texas** These movies were so stupid it embarrassed you to see grown up people acting in them: **The Thicket Mystery thrillers in order** However strangely in future I will be most happy to read a western because the books never disappoint. **Pdf ticketmaster** Modern westerns that is like True Grit or The Sisters Brothers and now The Thicket. **Get a book on spelling from the thicket** This is the fifth Modern Western I have read and there is a pattern to these things (leaving aside Cormac McCarthy who is a universe unto himself): **The tickets band** They are all comedies that's to say

extremely deadpan black comedies; they are all first person narratives; they are all very violent; and the story is the same, **Mystery Thrillers The thicket definition** There is a crime the desperadoes get clean away then the pursuit begins, **Literature Fiction The thicket crossword** There is a showdown! Hats and bullets and body parts will be flying of that you are guarandamnteed, **Literature Fiction The thicket crossword** Seems that in the Old West if you made it through the day with only a flesh wound that was a pretty good day. **The Thicket epubs air** It's surprising anyone got to be over 17 years old in Old West: **Book the ticket to tlv** In a modern western it must be admitted there is a pandering to the modern reader. **Book the ticket** And the pig was throughout a little too ridiculous I fully expected it to talk at one point. **Kindle The thicketed** And plus we also have a revival of that well-loved character the Tart with the Heart of Gold, **Kindle tickets** But I am rounding it up because it was such fun! I had nearly forgotten what fun was what with trying to read some literature recently: **The Thicket kindle store** The fact that the first sentence contains the words gun-shooting dwarf, **The big thicket book** Jack Parker is a fine upstanding teenager who dislikes violence yet soon he will be hiring two brutal men to find the villains who've killed his grandfather and stolen his sister. **Lizard's thicket menu pdf** I didn't know if I should move or stay still and was uncertain I could do either, **The Thicket kindle paperwhite** The two hired men are Shorty the aforementioned gun-shooting dwarf and his pal Eustace a tracker. **Book the ticket to richmond** Reminiscent of Lansdale's Hap and Leonard they deliver some great dialogue not to mention righteous beatings to all who require them, **Book the tickets for lufthansa flights** Fatty said the rest of them with your sister are heading over into the main of the Big Thicket: **Ebook ticket** Over there beyond Livingston down in the brambles and the high-ass pines, **The ram in the thicket book** There's lots of colored who have run off there to trap and live and there's lots of outlaws too. **The ticket radio** I know some colored that left here to go there and I ain't never seen them since. **The big thicket book** Law don't like to go in there cause lot of time they do they don't come back: **The thicket trailer** That's where we got to go if you want your sister back and there ain't nothing else for it, **Literature Fiction The thicket crossword** If that paragraph is not warning enough now might be the time to tell anyone unfamiliar with Lansdale's style that the man is not shy about visiting dark places: **The thicket book** One minute you will be laughing at someone's clever quip but the very next sentence may leave you flinching at the nasty violent turn that things have taken: **The thicket subdivision spring texas** There is a high body count and bad things happen to all manner of animals, **Horror The thicket crossword** Eustace smiled he reached out and touched Shorty on his hatted head like he was a little boy. **EBook The thicketed** I get killed you can have any of my dung you find along the way while you're following: **The Thicket horror books** If you like a great adventure plenty of action and don't mind a little blood-shed this is a fantastic read and quite simply one of Lansdale's best, **EBook The thicket crossword** com/My Goodreads' buddies have been trying to get me to read The Thicket since before it even came out (because an ARC was available for request) but I resisted because : **Book the ticket to richmond** Recruiting the help of a gravedigger a dwarf a whore and a hog The Thicket then becomes about . **The ticket radio** "Our job is to rescue her kill the hell out of the man who stole her and collect a reward. **Book the ticket** "If it came to my enjoyment of the story this one would rate fair to middlin'. **The thickety fandom** However there is just something about Joe Lansdale that is impossible not to love, **The ram in the thicket book** Also because if I don't my drinking buddy said he won't be friends with me any longer . **The Thicket ebook3000** Plus this book proved something Mitchell has been telling me for years : **The Thicket horror** And at this point I'm pretty sure he's not just stating it for trivia but as a threat. **Book the ticket** Still reading the Winter Reading Challenge theme because I can . **The Thicket Mystery thrillers in order** 5 stars!This book was wonderful!Granted it had some very nasty language and racial epithets but these rang true for the time period: **Book the ticket to tlv** Other than that and what I felt was a slightly predictable ending this book was just fantastic and I'm sad that it's over. **The big thicket book** You can get a description of the story from every other review and the book description so that's all you'll hear from me about that. **Book the ticket** This book is populated with such a

colorful cast all of whom I can see in my mind clear as day. **Book the thicket** The bad guys were as clearly drawn and hated as the good guys were vivid and loved, **Mystery Thrillers The thicketed** I wanted to hug all the folks on the good side and that includes Hog. **Book the ticket** His voices were wonderful and it was easy to tell which character was which, **The thicket with mike and josh** He gave them character and somehow added a touch of reality to them as well as a level of depth: **The Thicket epub.pub** The audio was wonderful the characters truly memorable and I find myself hoping that I can find another book authored by and narrated by these same guys, **Book the ticket** Our story opens to a smallpox epidemic sweeping through town leaving sixteen-year-old Jack and his sister Lula orphaned: **Book the ticket to richmond** After burying the bodies and torching the house their grandpa packs 'em into the wagon and they all head north to their aunt's farm up in Kansas, **Book the ticket to richmond** It's not long in their travels before they're accosted by some bad men on a ferry and that's when the real story begins, **The Thicket ebooks free** *After an argument grows heated Cut Throat Bill and his gang of outlaws murder Jack's grandpa and kidnap Lula, **Book the ticket to tlv** Fate intervenes to prevent Jack's tale from ending right then and there but he's by no means capable of rescuing Lula from a group of hardened thugs: **The tickets band** He aims to garner the help of the local sheriff only to discover him murdered by the same gang: **Mystery Thrillers The thickett** The cowardly deputy is hightailing it outta town but fortune shines down on the lad once again when he chances upon a large colored man and his big ole hog. **The ticket radio** Eustace ain't just a grave digger; he's also a part-time bounty hunter and tracker. **Mystery Thrillers The thicket meaning** He agrees to assist young Jack as long as his partner a midget named Shorty is willing to tag along for the ride. **The big thicket book** Shorty the real brains of the outfit is more than willing to put in a little work for the steep reward Jack's offering up, **Kindle The thickett** This ain't exactly the type of posse our boy was hoping to round up but time's a wasting, **The Thicket horror** No tellin' what horrors have already been exacted upon his poor sis so beggars can't be too choosy: **Mystery Thrillers The thicket definition** This book was a hoot in some ways it felt like a last adventure to close out those wild times, **EPub The thicket crossword** Unlike the original Dan I haven't read the entirety of Lansdale's work but of the four I have read so far this one is hands down my favorite. **The ram in the thicket book** As the cover blurb mentions it's equal parts True Grit and Stand by Me with a colorful cast of lively characters who play well off of each other: **The thicket noelle ihli** If you've read any Hap and Leonard then you know what you're in for with Shorty and Eustace: **The thicket trailer** His virtuous nature is stretched thin by his world weary companions, **The thickety a path begins** But it's those comedic flourishes that really elevate the story and add a great deal to the overall adventure, **Literature Fiction The thicket crossword** Even the gunfights instead of being an intense life and death affair are usually more a comedy of errors. **Mystery Thrillers The thicket meaning** While I greatly enjoyed myself I'm still hesitant to hand out a full 5 stars: **Book the ticket to richmond** Not only because I'm a bastard but for three minor quibbles: **The thicket noelle ihli** One the writing felt a bit clunky at times but that may have been intentional due to the fact that Jack is the one telling the tale. **Pdf ticket in wallet speichern** I could forgive one maybe two of those transgressions but not all three, **The thickest book in the world** Falls just short of GR's "it was amazing" rating but well within that goldilocks zone™ and I reserve the right to round up. **The big thicket book** Lansdale is the author of over forty novels and numerous short stories. **The Thicket Mystery thrillers in order** His work has appeared in national anthologies magazines and collections as well as numerous foreign publications, **The thickety** He has written for comics television film newspapers and Internet sites: **The Thicket kindle store** His work has been collected in than two dozen short story collections and he has edited or co edited over a dozen anthologies: **Ticket horodateur** Lansdale is the author of over forty novels and numerous short stories. **The Thicket kindle paperwhite** His work has appeared in national anthologies magazines and collections as well as numerous foreign publications: **Get a book on spelling from the thicket** He has written for comics television film newspapers and Internet sites: **The Thicket epub reader** His work has been collected in than two dozen short story collections and he has edited or co edited over a dozen anthologies: **Literature**

I won a copy of this book from First reads. Eustace's somewhat pet Hog. I lost the damn thing and found it recently. It does not effect my review at all. I became Lansdale fangirl after I won it. I participated in a buddy read with Dan 2.0 on this one. Go check out his review when he ever gets it up.etc etc.and:-he had a face that was like a sack full of burdens. which is a better percentage than before. and as about to learn a hard lesson. they will later be joined by a sheriff and a whore.You are so definite kid. Seldom right but always certain. Then it come to me clean as spring rain. Life is just what it is and it ain't fair at all.it is a very bloody book. and also a very funny book. and it earns all of it. a definite should-read for most of you. Reminded me of Maverick for some reason but with a hog.Here we are the 36th Joe Lansdale book I've read.The plot of The Thicket is simple enough.The usual Lansdale mojo is in full effect. Lansdale's ear for dialogue always surprises me. And the violence oh the violence.Since it's a Lansdale book no one gets out unscathed.That's about all I have to say. Along with a giant hog they set out to rescue Lula.My favorite part was the character of Shorty.Also posted at Kemper's Book Blog. Oil wells spurt liquid money from the ground. In The Thicket award-winning novelist Joe R. The same! It's always the tale of a manhunt. This is really a 3. 9780316188449 The fact that this is written by Joe R. Lansdale pretty much guarantees a good time.that's just icing on the cake. My eyes turned wet. My bowels went loose. It's a bad lands there down in them deep dark woods.That's not to say there is no humor in this book. I particularly enjoyed the banter between Shorty and Eustace. I wanted you to know that.You may proceed to diddle yourself Shorty said. 9780316188449 Find all of my reviews at: <http://52bookminimum.blogspot>. Well partially. Also because I really am not a fan of westerns. Even though Ron 2. . . I wasn't lying when I said I don't like westerns. Mainly the fact that he demonstrates that he believes 9780316188449 4. On to the good stuff-the characters. The narrator Will Collyer was absolutely fantastic. Or maybe that was Mr. Lansdale that did that. Or maybe it was the combination of them both. Either way this book was great. Because if I can I'm in. You should be in too! Seriously you should. Recommended to all adults that love westerns. *Minor spoilers below.
