. Far from it. All thoughts opinions and ratings are my own. I love reading and sharing my opinions with other readers. [eargasmsaudiobookreviews](#). The chirpy heroine was fun. I liked the way she babble when she was nervous. The grumpy hero was fun too. The fated mates thing was OTT in a fun way. She has sold over 2 million books. His interactions with his unit made the book for me. All the men on his team are shifters. Whoops. I just loved reading the guy pick on each other. There are spoilers here if you have not read them. just more born shifters here. Plus these guys have been around much longer. They have a great dynamic and banter as a team. I can not wait to read all of them finding mates. Too bad the first 4 are only in ebook. Fingers crossed audio is on the way soon #1) 3.5 [Style: Paranormal Shifter Military Romance Story: 3. The GoodLove Duke grumpy as hell. Mercy is the ultimate nerd but a sexy nerd. Her corky attitude complimented Dukes grumpiness. The](#)

physical wasn't bad but would have liked more. Overall I was truly entertained. \*\*\*\*I don't equate these stories to real life. Face your fears. Live dangerously. Be a man. Okay be a wolf-man. He's a werewolf shifter. Right there. Big time. Duke wore the label with pride. Sorry girls. He found his mate now and is taken. You won't have the privilege of getting him off. Her I.Q. was off the charts. She'd held on to her virginity for far too long. Too bad she'd only just met him. It was about as romantic as bathroom sex. If you are looking for something great. keep looking. As for me I'm going to go puke now. Act of Mercy (Immortal Ops: PSI-Ops #1) Funny. One of the better books in this series. Much more of a plot as well. Duke realizes immediately that Mercy is his mate. Mercy just knows she is seriously attracted to him. I feel the characters could have been further developed. The plot is well thought out. There is adult language and explicit sex in this novel. Duke is grumpy growly and easy to anger. Mercy is small geeky and cute in her naivety. They make a great pair and are both so interesting. I really liked the story and the romance
