

Effigies (Faye Longchamp, #3) By Mary Anna Evans **Effigie photobooth** Faye and her associates as well as the local Choctaw people rush to defend the mound and the farmer's neighbors line up with him to press his rights as the property's owner. **Effigie photobooth** Was his attempt to destroy the mound a motive for his murder and did an archaeologist do it? Or was the reason for his murder totally unrelated to the current controversy over the mound? Instead of a standoff over property rights and the demands of archaeology.

That night the farmer is found murdered. His throat had been sliced by a stone blade. This was the third entry in this series. It is an interesting and well-written series.D Bernthal. They had motive means and opportunity.but so does almost everyone in Neshoba County. Their personalities and relationship are very believable. Let's all think about that for a moment . no wait. Let's not. Hilarious! I would love to meet Ms. Real life and all that. Yeah there was one spot where wow. I won't give it away. Anyway I'm going to keep going with this series. It's pretty literary too.The writing is ultra-solid. Student novelists: take note. The editing and copy-editing are both impeccable. Again I found no typographical errors in the book. It's

apparently as spotless as the driven snow. Nothing written is ever wasted. It's complicated deep and moving. Conflicted emotions are shown and well thought out. I loved Effigies and give a hearty 5-stars. And their combined knowledge of stone tools is impressive. Another nail biter indeed. And another tiny hint of romance between Faye & Joe. They are good for each other. But a racial mystery from years past was solved. This is not a quick fast-paced read. Stuff like that happened a few other times. As for the denouement pffft! Sure didn't see THAT coming. This series is the bomb. On to number four! English
