

Black-Out Convention: A Louisa Hallstrom Novel By Ingrid Reinke

Louisa Hallstrom is back! Introduced by author Ingrid Reinke in her award-winning debut novel *Dead-End Job* everyone's favorite slacker Louisa now faces new dangers reconciles with old flames and suffers new indignities at the hands of her clueless boss Elaine. Louisa is undergoing therapy still trying to heal from her physical and mental wounds when Elaine announces that the Merit team is going to Vancouver for a PR convention and Louisa is coming along. Louisa and her co-workers make the best of the situation by having a night on the town but when memories and people start disappearing they realize that something is very very wrong. But is his love enough to keep her safe? *Black-Out Convention: A Louisa Hallstrom Novel* Ingrid is a Seattle area indie writer who harbors a passion for all things wine coffee and reading. What she doesn't mention is that Louisa's personal story will be the star of the show, Louisa is stressed and angry about being used as a pawn in Elaine's grasp for attention so when strange things start happening the convention goes from bad to worse. When Louisa's old flame Rocky shows up to help her solve the mystery their romance is re-ignited, She has a wonderful husband a stinky dog and she frequently spills things, Ingrid left her depressingly boring office job in June of 2012 in the wild and crazy hope of becoming an self employed author who can actually pay her phone bill, *Dead End Job* is her first novel and she is working on her second Louisa Hallstrom story: Ingrid would like to thank you profusely for your support of this independent creative over caffeinated wino. She is still working on it.
