

The South Beach Search (The Florida Files, #1) By Sharon Hartley **EPub The South Beach searcher** When Taki's special Tibetan bowl and Reese's briefcase with key details he needs in his court case are stolen from their respective cars their lives collide and with it their hearts. **The South Beach searchbook** Is Take really a wacko who believes in Tarot readings? Will he ever NOT be a workaholic lawyer too like her hated father for her to take a chance on love with him? When Take is kidnapped and SHE finds her bowl and Reese's briefcase the plot thickens even more. **The South Beach Search books** The South Beach Search (The Florida Files #1) I have to admit I didn't go much on this one as I found it just too far-fetched and the characters so divergent I just couldn't believe what I was reading. **The South Beach searchbook** Reese and Taki are opposite ends of several scales and although Hartley tries hard (as do the hero and heroine) I just couldn't believe that they could actually work together. **The South Beach searchbook** I don't want to be a hater and I avoid the term atheist but as a secular humanist with my mother intensely involved in paganism wicca/spiritualism buddhism and other systems I feel I can relate. **The South Beach Search kindle cloud** I also don't buy his enthusiastic acceptance of her diet usually there's a lot of whining and conflict involved in giving up meat not that vegetarian or vegan meals are boring or tasteless (I love Thai vegetarian om nom!) but for carnists it's a big step. **The South Beach searchbook** The South Beach Search (The Florida Files #1) The South Beach Search by Sharon Hartley explores the relationship that springs up when two people get thrown together by a freak event. **The South Beach searchbook** She has recently returned from a grueling quest to obtain a blessed bowl and she needed to gift that bowl to a local ashram in order to free herself from the bad karma piled up by her family. **Book The South Beach searchers** It would keep my attention and then I'd get bored and then repeat again and again The South Beach Search (The Florida Files #1) Not the treasure they expected to find Trading the past for a simpler life in Miami is part of yoga teacher Taki's path to better karma. **The South Beach searchbook** But when a devastating theft brings federal prosecutor Reese Beauchamps into her life things are suddenly a lot more complicated! She's drawn to gorgeous Reese in ways she can't explain, She does an excellent job depicting Taki's and Reese's personality traits and in highlighting the differences between them, **Book The South Beach searchers** Even Taki's unsure reaction to their attraction is nicely done (RT Book Reviews 4 stars): **The South Beach Search books** The South Beach Search (The Florida Files #1) Yoga teacher Taki is happy with her tranquil life until a valuable artifact is stolen. **PDF The South Beach searchtempest** Now she has to contend with this loss along with Reese Beauchamps who's in charge of the investigation: **Kindle The South Beach searchtempest** Running from her past Taki doesn't want him digging too deeply into her identity: **Book The South Beach searchers** But drawn to the man she can't help herself from trying to dig past his barriers. **The South Beach Search kindle paperwhite** Can a free spirit and a pragmatist forge a lasting bond? As they work together to expose the thief Taki fears losing her heart more than her ancient relic, **Book The South Beach searchers** Memorable characters a trendy setting and a heartwarming romance make for a delightful read: **Book The South Beach searchtempest** The South Beach Search (The Florida Files #1) Taki isn't her real name even though she is a yoga teacher, **Book The South Beach searching** Reese is a real life Assistant US Attorney in Miami intent on putting a major bad guy away: **EBook The South Beach search** The South Beach Search (The Florida Files #1)

This was an interesting story in 2014 when I first read it and it is still a good read. **Book The South Beach searchers** It's far too great a gap of beliefs and values to bridge, **Book The South Beach search and rescue** I've seen friends crash and burn in similar relationship conflicts so this setup just didn't seem a winner. **Book The South Beach searchers** Similarly Reese impresses Taki with his memory of her and what she's said but then he flubs and presents the Unicorn as a vegetarian not a vegan restaurant: **Book The South Beach searchers** While this sounds like simple error there's as much difference between a vegan restaurant and vegetarian one as between a vegetarian one and normal one: **The South Beach Search books** Failing to realise this distinction is usually a red flag to this crowd, **Book The South Beach searchers** Taki's not a vegan but I never met a vegetarian so casual about their diet: **Book The South Beach searchers** Quibbles aside the way the two interacted was a lot of fun and the back story about Taki's mysterious history was interesting with a good ending, **PDF The South Beach search and rescue** A nice light read as long as you don't read it too critically: **Book The South Beach search people** In this case both the hero and heroine have items stolen from their cars while parked at the gym, **Book The South Beach searchers** For federal prosecutor Reese Beauchamps stakes are high because his briefcase containing sensitive notes on a volatile upcoming case have gone missing, **Book The South Beach searchers** However yoga teacher Taki feels a sense of urgency over her theft as well, **The South Beach Search kindle cloud** It's actually an interesting and very promising start to a story, **Book The South Beach searchers** In many ways I felt as though I was reading an inspirational novel featuring a religion other than Christianity. **Book The South Beach searchers** Taki deeply believes and tries to live by yogic principles and this shows through quite genuinely in her character. **Book The South Beach searchers** Reese not surprisingly has a very different outlook and so both the chemistry and the clash of belief systems between these two make for compelling reading. **The South Beach searchbook** Unfortunately I can't quite recommend this book because while it starts off well the fantastical events that lead up to the Big Reveal of the culprits are just a trainwreck. **The South Beach Search book pdf** I enjoyed reading a book with a well-drawn character whose beliefs differed so much from anything I normally encounter but oh that crazy pants ending! Grade: C, **Book The South Beach searchers** Reviewed this as Midweek Mini over at All About Romance: <http://www.com/blog/?p=15985> The South Beach Search (The Florida Files #1) Not to sure about this one, **Book The South Beach searchers** His analytical mind prevents him from understanding why spiritual intuition guides her...and he reminds her of what she'd rather forget: **The South Beach Search pdf reader** But chasing a criminal they can't dodge the sizzle of attraction, **Book The South Beach search people** Now unless Taki trusts Reese's determination to protect her she might run again...and leave love behind[1]

Hartley's characterization is particularly good. Read and be thrilled at how it all turns out. The South Beach Search (The Florida Files #1) Good story. It's doesn't seem very realistic at all.likesbooks. The South Beach Search (The Florida Files #1).
