

The Karpathian Paradox: A Time-Travel Parable By Sean Flynn Is one of the instances of Karpathian driven by his killer instinct? Has Fielding created a paradox making Karpathian responsible for the original murders? and why does Brother Dougal's ascendancy spell doom for the entire world? Chasing the Tiger's Tail is an adventure suitable for everyone who has ever thought I wish I could go back and change that.... Be careful what you wish for... The Karpathian Paradox: A Time-Travel Parable Librarian note:There is than one author in the GoodReads database with this nameThis profile may contain books from multiple authors of this name.

Time travel with a twist a cleverly written thriller. Can they find the solution without destroying the future or will the future destroy itself before they can save the past? 227 "Michael I have been given the gift of time-travel""That's nice! I only get given socks. " Professor Jason Fielding has finally built the time-machine he hopes will enable him to prevent the murder of his parents thirty years earlier but the prototype has some interesting quirks... While escaping the clutches of sinister new Prime Minister Brother Dougal government secret agent Michael Karpathian is unwittingly drawn into the device and propelled back to the day before the murders where the machine's idiosyncrasies become apparent: several versions of him appear.

. This is a real action adventure time travel thriller with a dose of B movie style horror thrown in for good effect. Determined to investigate and possibly prevent his parents' deaths 30 years earlier professor Fielding has completed his time machine along with a couple of other genius inventions. Set in a London of the future an increasingly influential and mysterious prime minister Brother Dougal is causing concern within the security services, Special agent and friend of the professor Karpathian is sent to investigate and determine the source of his power: Karpathian along with the professor's sentient android Alvin become entangled with past events[1]

Each dominated by a different part of his personality
