If she is found then she will be killed. So many twists and turns in this series. Fast paced and action packed. Paperback Originally posted at Tea & Titles3.Earth Angel is a dark fast-paced New Adult read.Cara and Don were definitely my two favourite characters. I wasn't so keen on Sari.The plot moved very quickly too. Ounce I started reading did not want to put it down. You can tell the author is a romantic. I couldn't put it down and read it in one setting. The author called my Lake Erie. Lake Eerie. Seriously.I was very disappointed. The book description sounded good. It fell way short of expectations sadly. I found the book predictable at times. Other times I felt like the story line was fragmented.
