

Felan by Melissa Bell By Melissa Bell **Felan paranormal** I can't wait to read the rest of this series!!!! English Book: Felan (Five Brothers #2) Author: Melissa Bell Publication Date: 9/5/2014 Reviewed by: Tammy Payne- Book Nook Nuts My Rating: 5 Stars REVIEW This is the 2nd book in the Five Brothers Series Felan's story. **Felanpe** Venom is Felan's father he was part of a band that played at a tavern that his mother worked at and when Val let his publicist know about being pregnant she never heard from anyone again. **Felandia** But when he sees Elizabeth Crane celebrating with a group of friends she ignites an uncontrollable fire in his blood and he is left to figure out how he can use his skills to track her down and make her his own. **Felandia oc ideas** Well done again Melissa! English None Spoiler Review: This is the second book in the five brothers series and it doesn't disappoint the main characters are very strong individuals in their own right and not the typical wolf claims woman woman submits. **Fantasy flan** But what is amazing is the story that's flowing seamlessly through from the first in the series it is well written and even without the shifter/ erotic element would keep readers from a suspense thriller aspect hooked and the erotic parts of the book are again very descriptive and none repetitive and tick all the right boxes this book was so captivating iv'e read it in a day and by no means does this mean its a small book its just a page turning not putting down book. **Felan kindle reader** Reading a passage where a character is sleeping only to have another character open the door and the sleeping (?) character grabs them? What the what? So while I loved the overall story I just couldn't enjoy it as much as I wanted to. **Felan paranormal** But when he sees Elizabeth Crane celebrating with a group of friends she ignites an uncontrollable fire in his blood and he is left to figure out how he can use his skills to track her down and make her his own.

She's about to find out that her life is to about to take unexpected turn that won't ever be the same: **Felanpe** \* \* \* \* \* New to me author and series (though this is the second installment in the series). **Felan kindle reader** This has the flavor of Lexie Blake's Masters & Mercenaries series but with a paranormal shapeifter slant: **Felanitx** Generally I appreciated and enjoyed the substance of this book including the core romance between the two central characters. **Book feeling good** The cast of secondary characters did add additional interest and a glimpse into the future installments to come: **Felandia book** Totally on board with wanting to read Tate's book (next in series) as he is the dangerously dangerous brother of this family pack of shapeshifters and I'm a sucker for danger, **Kindle fans** That being said I did had issues with multiple aspects of this book, **Felan schwangerschaftstest** Felan was a tall and lanky kid growing up and in high school he got into many fights due to what his mothers' job description was: **Felanpe** Felan had never met any of his mother's family due them disowning her, **EPub felan** Felan was bullied daily by Johnny the grandson of a man who hates Felan's mom. **Book freelance makeup artists** Felan always loved working with computers and thanks to his mother he was given the best of schooling, **Felon friendly apartments** He also learned he has brothers and one Houston was trying to get in touch with him. **Flankspeed email** Did his mother know? Houston fills Felan in on everything and why what is happening to him came to be: **Felandia book** I like how the story begins with Felan as a young boy and takes us into adulthood that allows a lot of getting to know the character, **Falanjizm** The book could use a little more editing in some spots but aside from that it was a nice read and I enjoyed to getting to know Felan. **Fantasy flan** I was gifted a copy of this book for my honest review Melissa Bell English Wow another great book that kept me hooked from the start English 4: **Felan paranormal** 5 \*s First off I want to thank Melissa Bell for providing me with a copy of Felan to read in exchange for an honest review: **Felanitx** Hacker extraordinaire that he is is what keeps the boys of Five Brothers Security in check and on task: **Felandaris** In this installment you get to see his past.

Abused and scared for her own well being is not making Liz a very stable girl, **Falanjizm** Felan will have to convince her to stay with him and out of trouble: **Book felon** He has sat with her the entire time she was in the hospital, **Felan schwangerschaftstest** And to say he has his hands full with this one is sayin' something: **Fantasy felon mugshot** To say they hit it off and sparks fly is not doing it justice. **Fell and fair** But with the search of a serial killer Felan is a bit distracted Liz decides it's time to run, **Falanjizm** Her past will now catch up with her.

## Felanitx

Elizabeth Crane would give anything to avoid going out to celebrate a friend's birthday. **Flanders** She's not into the clubbing scene but no-one would have foretold how one night out with the girls would change her life. **Felandia** When his brothers relocate to Queensland Australia from the USA to make a fresh start he decides to go with them, **Felandaris** Give him computer forensics program design research (hacking) and he's got it covered: **Felandia book** Felan by Melissa BellA beautiful love story between the two leading characters surrounded by an amazing family: **Fantasy flan** The plot is great and will keep you on your toes trying to solve the crime before the characters plenty of twists too: **Felandaris** It's hard not to love the characters in these books as they are so loyal loving and protective of each other. **Felon formation** I highly recommend this book! English A great follow on from Houston this book grabbed my attention from the outset and held it throughout. **Felandaris** I loved that Felan is a very different character from his brothers but with his own strengths that just really added to his appeal: **Felony** A great love story with some really steamy scenes that just keep you in grossed and wanting more: **Book felon** The twists and turns kept me trying to figure out the end before I got there just what I want from a good book. **Flankspeed email** The writer is extremely talented imaginative person and I can't wait to start the next book. **Felanpe** First as a child in defending his mother's good name later against bullying and now with Five Brothers Security as a computer/technology/internet guru, **Fantasy flan** Taking a night off for a little R & R at a local club he catches sight of a female who he knows is meant to be his. **Flankspeed email** His first problem is to find out who she is which won't be a problem with his specialized skills: **Felanpe** The bigger concern is sharing his family's deeply guarded secret hoping she'll accept him and his unusual lifestyle as it's her destiny to be his mate. **Ebook folens** Elizabeth Crane is persuaded to join her friends at a local club for a birthday celebration, **Felan kindle reader** It's all fun and giggles until she's hit on one too many times, **Felan kindle reader** Thinking to leave early claiming the onset of illness this was one, **Book flannel pajamas** The world building and disjointed details really took me out of the story, **Felon book** I repeatedly wanted closure in story line scenes only to find out they never came to be. **Felan paranormal** Also in world building details and consistency are important to me. **Felan paranormal** The adult content scenes were on the HAWT kinky side with a hint of D/s dynamics. **Flankspeed email** Love those alpha men who call the shots on bratty rebellious women: **Felan kindle app** I could wish for my own Felan (a computer geek with a build that would make him eligible to compete in a Mr, **Book freelance bookgraphers** Universe competition) except that there are other brothers in the wings and I don't want to commit too early: **Fantasy felon mugshot** TATE!!!!Overall I'm going middle of the road in rating this book mostly because of the glitches and story line inconsistencies, **Fantasy felon mugshot** I'm hopeful for the future of this series and can't wait for Tate: **Felandaris** With the kidnapping of Liz and the murder of Cameron's ex-roommate things will get more interesting. **Flankspeed email** With Felan's specialty in computers will they capture the culprit? Ms, **Fantasy flan** Melissa nailed it! English This book sucked me right in from the start and I loved that we could see the events from before as they made Felan who he is: **Book felon** This was really an amazing story and damn where he came from and what made him the bad ass computer hacking alpha male he is, **Felandia** When we get to present day in Australia Felan has

found his girl, **Felan paranormal** His soul his heart his everything only thing is now he has to hope she'll survive the ordeal she went through. **Flankspeed email** Being kidnapped thanks to her face being all over the news since the kidnapping, **Felan paranormal** Using a trip to the mall to get things she needs as a way to get away: **Felandaris** Since he's not a fan of playing babysitter he is not a happy camper: **Flanders** But with some quick thinking Felan's use of computers they track her down just in time, **Falanjizm** Go figure right? Liz has to help the boys and Cameron bring down the serial killer. **Felanpe** But what they find beside the killer they were after is that Liz's past has finally caught up to her: **Felan book** And her growls back up isn't going to put up with their crap, **Felandia** Needless to say I loved Felan's book and now I'm itching for Tate's book. **Flankspeed email** And running to it now! English Free book for honest review, **Felan paranormal** com Elizabeth Crane would give anything to avoid going out to celebrate a friends birthday. **Feline puberty** She's not into the clubbing scene but no-one would have foretold how one night out with the girls would change her life. **Felanpe** When his brothers relocate to Queensland Australia from the USA to make a fresh start he decides to go with them, **Fell and fair** Give him computer forensics program design research (hacking) and he's got it covered, **Falanjizm** This series just keeps getting better and better the more I learn about this family, **Ebook freelance writer** There's plenty of suspense to keep you reading as well as a passionate love story thrown in: **Felony** This isn't the first book I've read by this author and it definitely won't be the last either. Loved the premise and potential. It can be read as a standalone. If ever a book needed a content editor.

## Felandia book

So hot. Felan learned a lot on his 21st birthday. What Felan learns shocks him to know end. In this book we meet Felan. Once she wakes he takes her home with him. She's a hot little firecracker waiting to pop off. Haha. They are ten shades of hot and a perfect match. Liz challenges Felan in ways he didn't used to. forever. Felan is a shy but handsome computer geek. What he can't do with a computer simply cant be done. Great work from a fabulous writer. Melissa Bell I salute you. English Felan has fought for most of his life. And I really really wanted to. English This book is Felan's story. I love that his past is told in this book. As the story goes Felan will meet Elizabeth or Liz. The female who captured his interest. The One. she gives Tate the slip. Liz has started her track to changing and is in heat. (Laughs) Poor girl. Once she is settled a new threat comes up. Thing is her 'uncles' don't expect her to have back up. juliesbookreview.blogspot.forever. Felan is a shy but handsome computer geek. What he can't do with a computer simply cant be done. Absolutely LOVED this book. This author is amazing. Everyone needs to read her books. I rate this book 5 stars Jennifer English
