

Playing House (Dropping Anchor #3) By Bru Baker In the process of marriage counseling and working through their differences Frank discovers his rigid adherence to schedules anxiety attacks and host of personality quirks are actually markers for Asperger Syndrome,

Bru Baker writes sophisticated gay romantic fiction with strong characters real world problems and plenty of humor: Bru spent fifteen years writing for newspapers before making the jump to fiction: She now balances her time between writing and working at a Midwestern library in the reference department. Whether it's creating her own characters or getting caught up in someone else's there's no denying that Bru is happiest when she's engrossed in a story. She and her husband have two children which means a lot of her books get written from the sidelines of various sports practices: College sweethearts Frank and Warner have been together for sixteen years married for eleven. Having grown up in a freewheeling hippie environment Frank thinks their structured life is great although lately he and Warner have fallen into a rut. Frank's blindsided though when he finds Warner looking into adopting and Frank realizes just how not okay things really are: Trying to salvage their relationship Frank and Warner reach out for help: With the help of a psychologist Frank's life gets easier and he realizes a future with children isn't as unfathomable as he once thought: Through it all Frank is stunned by how much making a family with Warner has boosted the intimacy between them: It's taken thirty-five years but he's finally got a handle on life and the future looks even better. Playing House (Dropping Anchor #3)3rd and last in a series of 3: They take place in the islands and Seattle - great MC's not quite what I was expecting some interesting twists that kept the whole series sexy fun and entertaining, Bru Baker I mean the blurb just gave away the whole story, Bru Baker I enjoyed it! I love reading the different layers of a character. I think Bru Baker did a fabulous job with the character building and story arc, Lovely story! The only problem I had was I didn't read the first two books so I get confused with the relationship with their friends from the first two books. Bru Baker Lovely well written story about love anxiety and family: As being plagued with anxiety for half my life I really connected with Frank and I learned things about anxiety related issues I didn't know. . Frank isn't concerned; it's what happens to old marrieds. Frank doesn't want kids. They bring chaos and unpredictability. He had enough of that growing up. I enjoyed them all. The ending beautiful. Bru Baker Very interesting read. I enjoyed it immensely. I like the author's writing style.dreamwid
