The Ultimate Transgender Before and After Transgender Surgery Survival Guide for Transgender People with Transgender Issues about Transgender Equality, Transgender people's appearance behavior body characteristics clothing expression a way of presenting themselves is according to their internal sense of being a male or a female: In the 70's the term 'transgenderist' was used for people who wanted to live a cross-gender life without any surgery, The perception about transgender people has evolved over time with the constant growth in awareness knowledge sharing experiences and being open: Usually a transgender individual believes that the sex they were assigned and the genitals they are born with are an incomplete description of them, Anyone comes to discover themselves with age and later on self-realization helps them to confirm what they are and what they want to be. They are independent of sexual orientation; they can be bisexual homosexual or heterosexual: Every society has 'rules' which define what is expected of women and what is expected of men or how men and women are supposed to act, Transgender; however have a different sense of themselves and their gender, Most of us have seen some men impersonate as girls using dresses makeup and different hairstyles: The best way to explain the term is that the transgender does not impersonate they actually believe they are women and are born to be one called trans-women. Many transgender believe that you need to have a desire for surgery to actually be a transgender, For any transgender undergoing sex reassignment surgery for gender transition can be a big decision, It will give an insight about the issues transgender people face and their rights to equality and laws: If a person does have a desire for sex reassignment surgery what to expect before and after this surgery as transitioning is not easy. 99!
