Why haven't more of my friends one clicked this one and/or actually read it yet? This was the best . This perfect little magnificent novella carried more love more emotion Manhattan whose father is a mobster and the boy that has stolen her heart is the son of the big man in charge. "Cody and Grace were wonderful together and the few well written scenes were all this author needed to give a reader for me to love Cody and Grace's young bond and connection. " - Cody Kindle Edition Cody Moran and Gracie Callaghan wanted nothing more than to escape the life they'd been born into but it's the kind of life that doesn't like to let go. A pesar de ser una historia de poco más de 100 páginas es tan increíble lo mucho que me enamoro la historia es melancólica triste por lo que los destellos de amor se aprecian más. Darhower habia leido tantas cosas buenas que al final me pico la curiosidad y que mejor forma de empezar que con Snowflakes & Fire Escapes una novela corta ( unas 140 paginas ) con una portada hermosa y una sinopsis muy atrayente. Me encuentre con un libro agil de leer entretenido y ligero lo unico que no me termino de convencer es que en muchas ocasiones me senti un poco perdida con lo que relataba me daba la sensacion de que la autora daba por echo demasiadas cosas no se si porque esta novela esta relacionada con alguna de sus otras historias o si es simplemente su forma de escribir. Darhower ¿Qué más puedo pedir?A pesar de que es muy corto me encantó logró enamorarme y me volví a encontrar con la escritura mágica de Darhower que tanto me enamoró en Sempre y que hasta me dieron ganas de hacer una relectura. Soy tuyo siempre y cuando me quieras si me deseas yo que sé no sé porque lo harías pero si lo haces... Esta es una historia sobre el amor de dos jóvenes que han sido amigos desde niños que lo único que tienen es el uno al otro se encuentran envueltos en un ambiente de negocios de la mafia irlandesa en New YorkGrace es una chica solitaria no tiene amigos y su papá que trabaja y mano derecha del jefe de la mafia irlandesa la tiene aislada de todo y de todos lo único real y bonito que tiene es a Cody que siempre está con ella y le da el amor que le hace falta. Cody es el hijo del boss por fuera es un chico rudo problemático pero oculta su dulzura y amabilidad de todos excepto de su Gracie cuando mostraba esas parte me derretía toda por dentro realmente es hermoso y muchos aspectos me recordó a mi Carmine Este libro es bastante bonito al igual que la relación de los protagonistas y yo quiero más de ellos se fue como un suspiro,

5 Stars!Loved this quick one! It was awesome!Cody and Grace are two teenagers living in Hells Kitchen: They both want nothing more than to get out of the life they've been given, Cody's dad rules the streets of Hells Kitchen and Grace's dad is his right hand man. He doesn't let her have any electronics or any friends over: He was the sun that shined on this shit show of a life I'd been given: The only person Grace has contact with is the US Marshal that keeps tabs on her. My only complaint is that I wish it had been longer! Hope you grab this up and enjoy! Well worth , 99 on Amazon:)) Kindle Edition I may not have seen any stars that night.

And more feelings in it than some full length novels I have read. This right here is why JM Darhower is my favorite author! Everything she writes is brilliant and this was no exception. My only complaint? I WANTED MOREEEE!!! Snowflakes & Fire Escapes is the perfect snowy day read [http://amzn: 99 cents](#) I have spent and I can only hope that the author returns to these characters or gifts Holden with his own book in the future: Darhower delivered a short story about young Grace living in Hell's Kitchen.

As long as you want me if you want me. Fuck knows I don't know why you would but this couldn't really be Hell I thought... not when I looked at him and swore I could see Heaven: I kind of want to

punch myself for not reading this sooner, Like anything this woman writes this story was freaking incredible! NO ONE and I mean NO ONE can cause such angst and pull so much emotion from the stories she creates: You can break people apart but you can't rob them of what's them. You'll never be without me because I'll always be part of you just like you're in me Gracie, Grace's father is very protective over her but Cody Cormac has his ways as these two fall in love on her apartment's fire escape, "He always seemed to know when I was feeling lonely when I could use his company, You think I'd do this with somebody else Gracie? Circumstances land Grace in the Witness Protection Program with Brian Holden as her handler. Being in hiding has taken a toll on Grace and she goes back to Hell's Kitchen where the story takes a crazy turn has a few twists: Why would I think Cody wouldn't be too?" Overall a great short read that will have readers joining me in asking the author for more! Kindle Edition 4: Why isn't this a complete novel?!?!? I really enjoyed this short story about a girl who grows up in Hells Kitchen with mob ties and the boy who steals her heart, 5 STARS It had just always been us in a way, What a wonderful story! I really wish it was a full length novel: "Snowflakes and Fire Escapes" is a sweet and emotional story about Gracie and Cody two teenagers who want out of the lives that they were practically being forced to live, Cody is the only son of Cormac Moran the leader of the largest Irish gang to ever run the streets of Manhattan and Gracie is the daughter of Cormac's right hand man, Even if Cody's father is a mobster Gracie knows Cody is good and has a big heart: They knows since they were kids and Cody is the only one who's there for Gracie no matter what who makes her smile and feel special. "He always seemed to know when I was feeling lonely when I could use his company, " Even if their fathers don't want them to be together they find a way to see each other on Gracie's apartment fire escape: Their lives change when Gracie is 17 and she's forced to leave their town and to live in Witness Protection, They are such endearing characters and I adored their beautiful relationship, I loved Cody for being there for Gracie when she needed someone and for looking out for her. the plot is solid for a novella their characterization is well done despite the short length and the twist in the end intriguing. A story of love and heartache spanning the streets of Hell's Kitchen to far far away where it doesn't snow. \*Previously available in the All I Want Anthology\* Snowflakes Fire Escapes

It was a great short read that I wish was a full-length novel: The plot was really good and the author did a great job by telling the story in 139 pages, Normally it is really difficult for me to feel a connection with the characters in novellas but the way the story was told made it possible: Codie and Gracie were such a beautiful couple that made the best out of their situation. My heart broke for them and I even cried towards the end: I wanted to know more about them and see their relationship develop. Hopefully the author will decide to write a full-length novel for these awesome characters. Kindle Edition Kindle Edition 5 Amor en la Cocina del Infierno STARSJ: YEA PLISS!!!!!! Siguiendo en mi racha de lecturas cortas toco el turno de una de mis autoras favoritas, Esta historia es tan perfecta y maravillosa que no sé por dónde empezar. Así es la historia se desarrolla en el barrio más peligroso de New York, Y nuestros protagonistas están en medio de los negocios de la mafia irlandesa: La historia es contada desde la perspectiva de la protagonista: Gracie una joven solitaria que lo único que tiene en el mundo es el apoyo de su mejor amigo y novio Coby: Vive bajo las reglas y exigencias de su padre que trabaja para la mafia. When you're laughing when you're crying and every moment in between. Coby el protagonista es hijo del líder de la mafia Irlandesa y como tal se

espera que siga los pasos de su padre: Me enamore por completo de él su cabello oscuro sus ojos azules sus cicatrices todo él es perfecto, Me derretía cada que mostraba ese lado humano que tanto trataba de ocultar: I may not have seen any stars that night but this couldn't really be Hell I thought, not when I looked at him and swore I could see Heaven, Por supuesto me hubiera gustado que fuera una novela más larga en la que se desarrollara más la historia de cada personaje: Ruego a la autora que por favor se apiade de mí y nos muestre más de estos personajes, Coby ya es uno de mis bookboyfriens justo al lado de Carmine DeMarco, Gracias por mostrarnos como el amor puede triunfar en el peor de los ambientes y teniendo todo en contra. Kindle Edition Desde hace un tiempo he querido leer algo de J. No sabia que esperar de esta historia en parte porque no sabia cual era el estilo de la autora y por otra parte porque la sinopsis no revelaba demasiado de la trama: 5 Diez segundos STARSEs Friends to lovers es de mafia y es de J. Su voz un suspiro serio como si estuviera soltando un secreto muerte que era demasiado grande para que el mundo lo oyera- A nadie más A nadie más, Quizás no haya visto ninguna estrella esa noche pero realmente este no podría ser el infierno pensé... no cuando lo miraba a él y juraba que podía ver el cielo. Grace's dad is very over protective of her. They don't even own a television. No one allowed in the house unless they have a warrant. Grace is alone all the time. But Cody is always around.
